(SMOTH) appreciated the KGB document forwarded with Reference and have submitted the following comments and questions:

1. "We have a number of questions about this document on which we should be grateful for your comments, and as background to some of these we think it will be useful for you to have an account of (WYNNE-ELLIS) dealings with AELADLE:

a. "They date from June 1961 when he was considering a visit to the U.S.S.R. He mentioned this to the Soviet Ambassador, whom he met at the Queen's Brthday Celebration in Helsinki, (he did not realise at first that it was the Ambassador to whom he was talking). The Ambassador suggested that he should get in touch with Ivan Efimovich SERGEEV, an identified R.I.S. officer.

b. "Between 5th and 15th July 1961 (WYNNE-ELLIS) went to the Consular Section of the Soviet Embassy to see about the visa. Apparently he did not see SERGEEV but met AELADLE who showed a good deal of curiosity about him and asked whether he had ever been to the U.S.S.R. before, whether he had applied in London for a visa, what he was doing in Helsinki etc. The possibility of AELADLE taking English lessons from (WYNNE-ELLIS) was mentioned and AELADLE said he would get in touch with (WYNNE-ELLIS) about this. He asked for a short biogrphy of (WYNNE-ELLIS).

c. "He brought the visa application forms and his biography to AELADLE two days later and although AELADLE was apparently very busy he asked (WYNNE-ELLIS) for clarification of various details. AELADLE did not take English lessons from (WYNNE-ELLIS).

d. "At the end of September, or beginning of October 1961, (WYNNE-ELLIS) received a letter from AELADLE asking for the address of his pen friend in Russia, Stanislav GALKIN, who had been concerned in (WYNNE-ELLIS) recruitment by the R.I.S. (WYNNE-ELLIS) telephoned AELADLE to say that he did not have the new address. AELADLE told him that if he wanted it, he could have a visa 'tomorrow' to visit Stalingrad (now Volgograd) and in the course of conversation said 'sometimes it is better to visit places but not old friends'. We wondered at the time, and ever more after AELADLE's defection, whether this remark had any special significance.

e. "On 16th November AELADLE invited (WYNNE-ELLIS) to attend a Soviet concert. AELADLE told him that he had been granted a tourist visa but that if he wished to visit his pen friend he would require a letter of invitation from him. AELADLE asked about his British friends in Helsinki and said that he would phone (WYNNE-ELLIS) next week to make a further appointment. He did not do this.

CLASSIFICATION

f. "A further development which may be of interest is that in early January 1962 (WYNNE-ELLIS) received a further letter from his Russian pen friend giving him a fairly pressing invitation to visit him. (WYNNE-ELLIS), who was not aware of AELADLE's defection, wrote to AELADLE telling him that he had now received the invitation, and inviting him to coffee at his house!

2. "We thought that the arrival of this letter (it was dated 25.12.61) so shortly after AELADLE's defection, and after a long gap in the correspondence between (WYNNE-ELLIS) and his pen friend, might indicate that the R.I.S. suspected that (WYNNE-ELLIS) had had a hand in AELADLE's defection. (WYNNE-ELLIS) was never aware that AELADLE was an R.I.S. officer.

3. "As you know from an earlier conversation about this case (WYNNE-ELLIS) is a most unsatisfactory character to deal with, and we believe that the R.I.S. have found him equally unsatisfactory! We have no reason to suppose that (he has double-crossed us since he was turned) but we would not exclude this as a possibility - or at least would not exclude the possibility that he might have considered this.

4. "Our questions on the (WYNNE-ELLIS) document supplied by AELADLE are as follows:

a. "What is the manuscript word at the top of the first page, and what is its significance?

b. "The two typed words, one immediately below the manuscript word on page 1 and the other to the left, are not legible on our copy.

c. "Is there any significance in the date 11th November being in inverted commas, thus "11"?

d. "We are puzzled by what at first sight appeared to be a date, 22.XII.1961, in the heading immediately above the text on page 1. In fact the Roman numerals 'XII' are the cyrillic letter XП, but we do not understand their meaning. Can AELADLE explain this?

e. "What is the name in which the document is signed, and does AELADLE know the true identity of this person?

f. "We are a little surprised at the cyrillic transliteration of (WYNNE-ELLIS)'s name. We should have expected the KGB to have a system which would enable them to get back to the correct English spelling. Admittedly (WYNNE-ELLIS)'s name is an awkward one to deal with.

g. "We should have expected that AELADLE would have sent a trace request to his Headquarters shortly after the first meeting with (WYNNE-ELLIS) in July 1961. Yet the reply was apparently sent only on 11th November. Can AELADLE comment on this?

5. "We do not wish to suggest by these comments that we suspect that this document might be a forgery, but we would be grateful for your confirmation that you do not consider this a possibility.

6. "You will no doubt in due course be questioning 06 AELADLE in detail on his knowledge of the (WYNNE-ELLIS) case. We do not at this stage wish to suggest detailed questions except to remark that we do not know the real names of any of the R.I.S. officers who dealt with him - including the man whom, it is stated in the AELADLE document, he met in the U.K. There is some mystery about this because (WYNNE-ELLIS) 06 denies having met any R.I.S. officer in the U.K., he did however have contact with various Russians here (including an R.I.S. officer) and we suspect that the R.I.S. officer never identified himself as such to (WYNNE-ELLIS.)" 06

MEMORANDUM FOR THE RECORD

SUBJECT: Highlights of Tape-Recorded Conversation in Miami Between Mr. William D. Pawley and an Unidentified Cuban during Period 17-18 October

1. On 20 October the undersigned and Owen Faust of WH/3 listened to the play-back of a tape, brought to Washington from Miami and given to Colonel King by Mr. Pawley on 19 October, which was a recording of Mr. Pawley's conversations with two Cubans during the period 17-18 October. The first conversation was with an unidentified Cuban, believed to be a member of a group of wealthy anti-CASTRO Cubans, members of which have talked to Mr. Pawley recently about their plans for sabotage of the coming sugar harvest as reported in UFWA-32 dated 2 October. The second Cuban was AMPACA-1, a Cuban journalist of operational interest to Station Habana, and a separate memorandum is submitted on that conversation.

2. The unidentified Cuban, who had somewhat of an accent and spoke indistinctly, was difficult to understand. He mentioned a meeting "with some of our people who came up from Cuba" to discuss plans. He said his group had been contacted by a representative of General Jose Eleutorio PEDRAZA, leader of Cuban revolutionary groups in the Dominican Republic, who wanted to know what action their group had taken and was told that they had a plan "to start sabotage". The Cuban said the PEDRAZA representative said their group (the PEDRAZA group) had four provinces organized in Cuba, mentioning Camaguey and Santa Clara, and that they had two provinces yet to be organized -- Habana and Matanzas.

3. The Cuban said his group needed two things -- moral backing and money; he pointed out that Cubans in Cuba are afraid to start an underground movement, and there was no way to raise funds, etc. Mr. Pawley gave him no encouragement on the money angle, saying that even if there were Americans willing to run the risk of becoming involved in Cuban revolutionary activities by furnishing money for such a movement, which he doubted, he felt that at the present time it would be like "putting money down a rat-hole" for the following reasons: (1) there is no unity among the anti-CASTRO groups, and there are at least 10 that he knows of who are working absolutely independently of one another; and (2) CASTRO is in control of the country and has the support of a large number of Cubans, especially the under-privileged. Mr. Pawley said he felt the Cuban economic situation was worsening fast and that if it gets bad enough, a large number of Cubans will turn on CASTRO; but until that time comes it would be dangerous to try to organise a revolutionary movement.

SECRET

201-773??

SECRET

4. Mr. Pawley asked the Cuban if his group felt they had moral support of the U. S. and the Cuban replied that they wanted U. S. moral support but whether they had it or not, they felt they were obliged to carry through with their plans. Mr. Pawley said he didn't know what to tell him -- would have to think about it and see if anything could be done. He said, "having been connected with the U. S. Government, I can't get involved in revolutionary movements". Also said he would hate to see the Dominican Government get involved, which might be difficult to avoid with so many Cuban exiles there, but commented that he understood "the Dominican Government hasn't given them a dime".

SUBJECT: Joyce H. PINEINCH (p) - Tax Assessment

1. A covert Federal income tax percentage of two and eight-tenths (02.8) per cent of PINEINCH's gross, taxable Agency entitlements has been approved by the Covert Tax Committee. This percentage assessment is effective 1 December 1964, the beginning date of tax year 1965.

2. The retroactive application of this assessment to tax year 1965 will result in a dollar assessment of $84.00 (02.8% of $3,000.00). After applying the 1965 covert tax withholding of $540.00, a refund of $456.00 will be due PINEINCH for 1965. This eliminates the requirement for a covert tax return for 1965.

SUBJECT: ISOLOG/LICOOKY -- Termination of Contact with LICOOKY/1

ACTION REQUIRED - REFERENCES

Action required: retire file, again.
References: A. UNDA 3502, 22 January 1968
B. UNDA 3650, 13 March 1968

1. During a meeting with LICOOKY/1 on 5 April 1968 agreement was reached that the WOFIRM relationship with her would be terminated. A memorandum of contact (NYM-2689) concerning the meeting is attached herewith, and indicates the reasons for this termination. No administrative action is required of either the Base or Headquarters in this instance, as LICOOKY/1 was not being paid by us here, and was formally terminated once before (1966). Her file can be retired, again, and this time presumably will be the last time.

2. Termination was very amicable, and LICOOKY/1 holds no ill-will for WOFIRM: she just does not wish to have any relationship with WOFIRM anymore.

3. The writer fully expects to hear from LICOOKY/1 from time to time by phone (in fact, she called later the same day of the meeting to wish the writer a pleasant Easter, as she had forgotten to do so during the meeting), but does not plan any further personal contact.

SUBJECT: Meeting with LICOOKY/1, 5 April 1968

1. A meeting with LICOOKY/1 was held at 1100 hours, Friday, 5 April 1968. We breakfasted, and then held the meeting at the BARTHOLOMEW site. As is detailed below, we reached a mutual agreement that the relationship was not worth pursuing; this was thoroughly amicable, and recontact methods are available on both sides.

2. Substantive matters first. LICOOKY/1 said that John GERASSI had been in town on 23 March for the day. He was invited to lunch at the CMUN that day, Sunday. Apparently, GERASSI, is back in the good graces of the Cuban regime. He told LICOOKY/1 that he would be spending this Summer in Arizona.

3. LICOOKY/1 has been commissioned by M. S. ARNONI, editor of The Minority of One, to write a piece on the recent intellectual/political developments in Czechoslovakia.

4. LICOOKY/1 thought up, and is arranging, a Czech film festival to begin 15 April. It is to be sponsored by the St. Clemens Film Association, St. Clemens Church, 423 West 46th Street (this church houses the American Place Theatre -- Robert LOWELL's group). LICOOKY/1 got this idea from the recent Czech travails -- which she hails as evidence of the power of Czech intellocracy -- and from the commission referred to in paragraph 3 above. She contacted the Czech UN Mission which put her in touch with PAVLIC, the Czech Cultural Attache in the Washington Embassy. PAVLIC was all for the idea, and will be here for the opening of the festival. Milos FORMAN (director of the film "Loves of a Blonde") is currently here at the Hotel Ch[illegible] (a "dump on 23rd on the West Side" -- LICOOKY/1's characterization) and will participate in the festival. KADAR (director of the "Shop on Main Street") has been invited to participate. LICOOKY/1 is going to ask PAVLIC whether it would be OK for her to ask DRV[illegible] who teaches film at Columbia and who is a Czech in exile, to participate. LICOOKY/1 is very enthusiastic about this venture.

5. COMMENT: Milos FORMAN is mentioned in the article about Czechoslovakia in the 5 April 1968 issue of Time Magazine.

6. I knew something was bothering LICOOKY/1 and made her drag it out into the open. She started by remarking that WOFIRM and its computer apparently checked the welfare of its old agents every so often, and that this was the nature of our relationship. I explained that this was not the case, that I had found out she was in Manhattan and suggested to Washington that LICOOKY/1 might be of some value to us. This surprised her, and she apologized. She then took off on how when she was in Cuba she had dealt with Fidel and Che and Celia, and when she was involved with Guatemala she was dealing with AREVALO. She said that she didn't want to sound snobbish, but that she was accustomed to dealing with top politicos and intellectuals; she referred to a statement that I had made previously that perhaps she could get Tana de GAMEZ to invite her along to one of Tana's lunches with Cuban Permanent Representative Ricardo ALARCON Quesada. She said that she didn't want WOFIRM to think that she would seek out and cultivate lower level people, that she wasn't built that way. LICOOKY/1 said that even though Tana was a friend and that she liked her, Tana was not her equal, and that Tana wasn't "on her pedestal". That ALARCON was certainly not in LICOOKY/1's intellectual category. LICOOKY/1 said that she considered herself as very flexible, but not that much. LICOOKY/1 is a "special person" and that WOFIRM bureaucracy -- with the exceptions of "Bill" (her Mexico case officer, a friend of the writer), C/WH/1 (with whom LICOOKY/1 is particularly taken), and the writer (LICOOKY/1 repeatedly assured me that she had a very sincere esteem for me) -- probably didn't understand or acknowledge this. LICOOKY/1 said her feelings for certain WOFIRMers were one thing, but her dislike of WOFIRM itself was something else. WOFIRM is a massive card index that shows Miguel Angel ASTURIAS as an old "Nicaraguan war-horse" -- ASTURIAS of course is Guatemalan. LICOOKY/1 couldn't stop liking Communists regardless of WOFIRM desires.

and

7. LICOOKY/1 went on and on in this/similar veins, very impassioned, but very straightforward and without personal rancor for the writer. Summing up, the stated reasons as to why she does not wish to continue regular collaboration with WOFIRM are as follows:

A. fear of compromise -- LICOOKY/1 said that were her relationship with us to become known, it would ruin her standing in and associations with the intellectual community;

B. distaste for WOFIRM -- LICOOKY/1 really believes that WOFIRM is a large card file with all the cards having errors on them;

SECRET

14-00000

C. intellectual honesty -- LICOOKY/1 does not think that her intellectual honesty gains from her WOFIRM relationship;

D. lack of understanding -- WOFIRM, except for the three officers cited above, does not really understand the real LICOOKY/1.

8. Obviously, the unsaid reasons are the ones that really brought about this "confrontation", in the writer's opinion. These are as follows:

A. emotional instability -- LICOOKY/1, as has been known for years by the writer, is not the most stable of individuals;

B. money -- LICOOKY/1 receives no money from us anymore (since her termination in Mexico), and the writer suspects that LICOOKY/1 could have more easily rationalized working for the "Giant Indices in Washington" were she on salary;

C. sex -- in this case, lack of same (LICOOKY/1 comes always to emotional involvement with her male associates, and her Case Officers cannot fulfill this need, thus giving rise to problems; in the past, LICOOKY/1 could easily obtain her physical/emotional fulfillment in Cuba and Mexico without relying on the Case Officer, but now she is getting older and quite shop-worn and cannot compete for attention from men in the environment of a place such as Manhattan);

D. discipline -- again, in this case, lack of same; LICOOKY/1 tell us what she does, we don't tell her what she should do.

9. LICOOKY/1 exhibited some anguish over this whole affair. She has been upset for the past month, over this as well as over the confused outlook for her in general. It was made very clear at one point what aid and comfort could have been extended to LICOOKY/1 to alleviate her anguish, and the writer beat a hasty retreat to the kitchenette for a tactical drink of water.

10. Not elaborated above were the writer's answers to LICOOKY/1's opinions, but these were effective in countering her logic, if not her attitudes. LICOOKY/1 had to agree that WOFIRM did have grounds for its assessment of her performance - not awfully good.

14-00000

11. At any rate, the entire proceedings were very amicable, and, as mentioned above, LICOOKY/1 stressed that her basic opposition to WOFIRM was not on personal grounds, as she had enjoyed her dealings with her "three favorite contacts". She offered to call the writer anytime she had something tangible to pass on, and that he should do the same. It's just that she would be more comfortable as an ex-agent than as a current one. The writer fully expects to hear from her from time to time.

12. It actually was quite an interesting session.

SUBJECT: ISOLOG/LICOOKY - Tana de GAMEZ

ACTION REQUIRED - REFERENCES

ACTION REQ: Per para 1 & 7

1. During a meeting with LICOOKY/1 on 7 March 1968, the agent passed on the following information which may be of interest to the appropriate Headquarters components. L/1 apologized for the lack of details, but the agent was not in a position to pump for further information beyond that which was volunteered.

2. On 7 March Tana de GAMEZ, a naturalized U.S. citizen of Spanish origin, said that she had been telephoned the night before by the son of her half-sister Mercedes (last name unknown to L/1), her nephew Roy. The latter is a college student somewhere in Connecticut (possibly the University of Connecticut), and his home is somewhere in Westchester County. Roy said that he was calling his Aunt Tana because he knew that she had worked for OSS during WWII; Tana rejoined that she had never had anything to do with OSS, that she had worked for the Office of War Information (OWI). At any rate, Roy said that he wanted to tell his Aunt Tana that he had been "recruited" by the CIA, and that he was only going to work for the CIA so as to evade the draft. Upon being questioned on this, Roy maintained that he had been "recruited" by the CIA on campus.

3. The nephew's statements rather rattled Tana de GAMEZ, to the point where she had to take her heart medicine for palpitations (she has a heart history). Among other things, Tana was upset by the thought of a family member being affiliated with the CIA, even though the nephew is disliked by her as an individual.

4. Tana de GAMEZ was a member of the U.S. delegation to the Havana Cultural Congress in January 1968. She is a well-known figure in the intellectual leftist set in New York, and is outspokenly pro-Castro. She is a member of the editorial board of Grove Press; is a published author herself; and is a close friend and associate of John GERASSI, formerly of Ramparts Magazine.

CS COPY FILED IN 201-829165

5. Tana de GAMEZ is the subject of a voluminous ~~file at the~~ LNERGO office here. LNERGO information, which agrees with Base information obtained from L/1, indicates that de GAMEZ is vocal but

harmless. She considers herself a loyal American, but does not find this to be incompatible with being a vigorous "New Left" type. She recently became the Latin American editor of Manhattan FM radio station WBAI, an interesting melange of bourgeois/avant-garde programming slanted toward the left, according to L/1.

6. Tana de GAMEZ is in frequent contact with Ambassador Ricardo ALARCON Quesada, Permanent Representative of Cuba to the United Nations; she also is in contact with Jose Raul VIERA Linares, DGI officer within the CMUN.

7. Tana de GAMEZ probably is the subject of a 201 file at Headquarters; if so, this dispatch should be cross-referenced to that file. If not, the Base suggests that de GAMEZ be indexed.

8. Re paragraph 2 above, L/1 agreed that what the nephew probably meant was that he had been interviewed on campus, and that this to him meant that he had been accepted for employment.

1. The following summaries indicate no derogatory information on Subject.

2. New York report dated 12/29/59 captioned "June COBB - Registration Act-Cuba" furnished CIA 1/8/60. This report stated that June Cobb translated pamphlets as part of her job for Fidel Castro with the idea of familiarizing the American people with Castro's writing. June Cobb believes Castro is doing a tremendous job in reconstructing the economy of Cuba. However, she stated that in her opinion it is unthinkable that Communism would ever be embraced by Castro or the people of Cuba. There seems to be no particular significance to this report as this information was previously known by the Agency.

3. Letter to Director, FBI, from CIA dated 11/7/60 captioned "June COBB - Internal Security - Cuba". Bernie Brennan asked June Cobb to deliver some information to Juan Orta who stated that Brennan was not needed anymore. Cobb thought Brennan might have been attempting to obtain a position with the Cuban Tourist Commission. The Agency has no further interest in Brennan. Therefore, there is no significance attached to the report.

4. Washington report dated 4/26/62 captioned "Lyle Stuart - IS - Cuba; SM-C; RA-Cuba", furnished to CIA 5/4/62 was merely interview with Stuart. There is no significance attached to this report.

SECRET

5. Letter from CIA to Director, FBI, dated 8/19/64 captioned "Lyle Stuart" (CSI 316/00789-64). June Cobb interviewed re Lyle Stuart. Lyle Stuart attempted to get close to Fidel Castro for the purpose of exploiting the journalistic advantages of an interview. Therefore, there is no significance attached to this report considering that it was merely an interview.

REMARKS:

CI/OA has received, through the Office of Security, a new and rather lengthly list of references to the Subject from the FBI. It appears that some of these references have previously been available to us and some have not. The CI/OA file on Subject also contains a long list of previous references to the Subject.

It is requested that someone from DO/I/WH discuss this case with an officer of CI/OA so that the course of required action can be determined.

This discussed in NYC between Kaufman & Brane. Latter told Dummer or Pavin that an occasional contact would be OK but not to put her up on a regular contact basis. Could do an occasional job but no more.

SECRET Att. No. 17 to UFGA 19939

SUBJECT: COBB, June

1. BIOGRAPHIC DATA

a. DPOB: c. 1930, Somewhere in US. US citizen.

b. OCCUPATION: Helping a fnu PELLICER, write a book on Anti-Communism.

c. ADDRESS: Somewhere in Mexico City, DF.

2. BACKGROUND

a. Around June or July of 1959, AMDOFF/1 was ordered by Celia SANCHEZ to pay the Habana hospital bill of an American named June COBB. The bill, which A/1 recalls, [illegible] $2,000.00 plus Habana Hilton Hotel expenses, were paid out of the PM's office account. A/1 believes that Miss COBB became acquainted with Fidel and Sanchez on their US trip of April-May 1959, but ignores the details. Sanchez instructed A/1 to employ Miss COBB in the press section of the PM's office: She was responsible with seeing all American and English speaking newsmen who desired to interview Castro or requested permits to visit the interior of the island. She also helped to translate Fidel's important speeches into English. It is A/1's understanding that she had no other duties or responsibilities. She never dealt with Castro directly, but through Maria WITOSKA, who was Sanchez's laison with the PM's office. A/1 states that their relationship was limited to her official function. She appeared to have a newspaper background, but A/1 ignores the details.

b. About late 1959 Miss COBB, together with Jose PUENTE Blanco, then FEU (Federacion Estudiantil Universitaria) president of the University of Habana, in conjunction with the INIT (Instituto Nacional de Industrias Turisticas), took over a finca (formerly owned by Batista) near Ceiba del Agua, Habana, and set up a boarding house to be used by American students visiting Cuba as guests of the government. A/1 ignores the details of this operation.

c. By mid 1960 A/1 learned that Miss COBB had left for New York City. She never returned. A/1 claims he does not know why she made this decision.

d. When A/1 arrived in Mexico in late October 1964, he came to know an American writer, Daniel JAMES (address: Vicente Gomez #145, Mexico City, DF. tel 40-19-71). James told A/1 that Miss COBB had recently been deported from Guatemala and was living in Mexico City. Later, A/1 met Miss COBB accidently at the Mexican Ministerio de Gobernacion offices. She was very friendly and said she was helping a fnu PELLICAR (believed by A/1 to be a Guatemalan) to write a book describing his defection from Communism. She wanted A/1 to help Pellicer with reference material on the Marcos RODRIGUEZ trial. She gave A/1 her address, but for various reasons he said he tore up the slip

A/1 claims he did not want to be associated with her while his political position is still under investigation and further, he did not want his wife to find any feminine references on his person when she arrived. He has not seen Miss COBB again.

e. (It should be pointed out that A/1 did not include her name on the original roster of the personnel of the PM's office. He remembered her participation when directed a special series of questions (requested by Dave in Mexico City in late Nov 64) on the activities of US news and public relations media.

3. JMWAVE traces:

a. COBB, June: Soviet officials informed the Cubans that Subject who acted as an interpreter for Fidel Castro was an FBI agent (201-287019, HVCA-08569; 01 Sept 61)

b. COBB, June: Since sept, 59, she has been employed in the office of Fidel Castro, Prime Minister of Cuba. Miss Cobb was in New York City for Medical treatment intended to return to Cuba on December 3, 1959 (053-003-008; DBA 15994; 11 Jul 62; P2)

c. COBB, June: Expected leave Hava on afternoon 3 June 60 by National airlines for NY. Requesting FBI not impede her activities (OUT 81006 to FBI; 31 May 60)

d. COBB, June: DPOB Jun 1927, Ponca, Calif., USA. Former Add" 1192 Park Ave, New York City; 220 E. 52nd St., New York City. A great admirer of CASTRO (Additional info to the DBF of the same date (DBF 40107; 8 Jan 60)

e. COBB, June: Subj, who translated AREVALO's "The Fable of the Shark and Sardines" was deported on 9 Nov 61 by Guatemalan police, according to news broadcasts (Also see DBF 95411, 1 Dec 61, File 100-9-14) (HAVA, FBIS; 9 Nov 61)

April 18, June Cobb called the New York DODS office about what to do about her CIA salary on her income tax return.

After discussions with OF/CAAS and George Powell of the Tax Committee, I phoned Mr. Museliz x2268 DODS to telll Cobb the following:

> Since she was supposedly a student in Mexico, ~~xkx~~ and she had paid tax on her CIA salary, she was not to list her salary anywhere on her 1966 tax return. However, she should send us a copy of her overt 1966 tax return.

MEMORANDUM FOR: Domestic Operations/WH

: Director, Domestic Contacts Service

SUBJECT : Miss Viola June Cobb, born 24 August 1927, Ponca, Oklahoma

Background:

1. On 22 or 23 September 1965 Miss June Cobb contacted the New York Domestic Contacts Office through Igor Gordevitch of the Vision Magazine, trying to establish contact in New York with CIA to pass along some information. WH/1 chose not to establish contact with Miss Cobb at that time, even though she was cleared CIA agent in contact with the Mexico City Station.

Recent Developments:

2. Miss Cobb was terminated effective 1 July 1966 and was paid her salary through 30 June and given money for one-way air fare to New York City. She was completely satisfied with the financial terms of the settlement and signed a Termination Secrecy Oath. Although she was terminated for lack of access and production, there was also considerable newspaper publicity in May 1966 in the Mexico City newspapers wherein Subject was attacked because of her connection with an anti-Communist meeting, the Latin American Conference to Study the Situation of the Jewish Minority in the Soviet Union. In this publicity Subject was labeled as being closely connected with U. S. Government Police, and also as an agent of the FBI and INTERPOL. She was also accused of working for a newspaperman Daniel James who was described as being responsible to CIA.

3. Miss Cobb planned to return to New York in July where she was to look for a job. Subject had been told previously by the Mexico City Station that the telephone number of the New York CIA office is listed in the directory and she could call that office if contact were necessary while she was in the United States, but that she should only establish contact for an important or urgent matter. Since Miss Cobb tends to

liberally apply importance to a wide variety of events and subjects, and since she is likely to be short of money shortly after arriving, WH Division believes there is a possibility she may try to establish contact.

Suggested Action:

4. WH Division suggests that you may wish to forward a copy of this memorandum to your New York office. If Miss Cobb does establish contact, we would appreciate your office interviewing her to accept whatever information she might wish to contribute, but that no financial commitments be made on our behalf. WH Division plans to have no direct contact unless the information provided would appear to merit a special interview.

1. Attached herewith is the LILINK report on the termination of LICOOKY-1. This report was received from LILINK on 24 June 1966.

2. Forwarded under separate cover are two copies of the Secrecy and Termination agreement signed by LICOOKY-1, in true name, on 23 June 1966.

3. At the time of termination, LICOOKY-1 was given (1) salary for [illegible], (2) [illegible] from Mexico City to New York, and (3) Federal Tax refund amounting to 9,005.00 MN. The household items in her possession at the time of termination, which belonged to the Station, were sold to her for US $300.00.

4. It should be noted that although LICOOKY-1 claims she intends to remain in the United States, she retained her apartment, which was turned over to a rental agency for sub-renting. The Station believes that she intends to return within the next several months or so should it develop that she cannot find suitable work in the New York area. Should she do so on her own it may be that the Station would want to make occasional use of her, and for that purpose a post office box to which she can write to initiate contact was given her prior to departure.

2. I have been invited to submit in writing any monetary claims I may have against the Organization or our government which may in any way necessitate the disclosure of information described herein. I have been advised that any such claims will receive full legal consideration. In the event, however, that I am not satisfied with the decisions of the Organization concerning any present or future claims I may submit, I will not take any other action to obtain satisfaction without prior written notice to the Organization, and then only in accordance with such legal and security advice as the Organization will promptly furnish me.

Draft of Dispatch

1. LICOOKY-1 has been terminated effective 1 July 1966. The last meeting with her was held on 23 June. She was paid her salary through 30 June, her income tax refund for the period 1 January 1965 - 30 June 1966 and given money for one-way air fare to New York City. She was completely satisfied with the financial terms of the settlement. A Termination Secrecy Oath, signed in true name, was obtained.

2. L-1 plans to return to New York on or about 1 July. She said she will look for a job there, and is confident she will have no difficulty obtaining one. She does not yet know where she will be living.

3. L-1 is subletting the apartment she occupies here. She has purchased the KUBARK-owned household effects which had been loaned to her for that apartment. For this reason, in addition to the fact that she has acquired many close friends and interests here as a result of five years residence, the Station expects that she will return to Mexico, although she insists she has no plans to do so.

14 July 66

201-278841

4. She was given a post office box address to use to contact the Station in the event that she does return to Mexico and feels it necessary to do so. But no committment was made to her regarding any future contact or payment for information.

5. She was previously told that the telephone number of the New York KUBARK office is listed in the directory and she could call that office if contact were necessary while she was in the United States. She asked if that would still be the case and was told that it was but only to attempt such contact for an important or urgent matter. But since she tends to liberally apply importance to a wide variety of events and subjects, and since she is likely to be short of money shortly after arriving, it would not be surprising if she did try to establish such contact.

21 June 1966

MEMORANDUM FOR: Chief, WH Division

SUBJECT : Request for Termination of Project LICOOKY

The LICOOKY Project was last approved for the period 1 January 1965 through 31 December 1965 for $5,140--$2,530 for FY 1965 and $2,610 for FY 1966. It is requested that the LICOOKY Project be terminated effective 1 January 1966, based on the following information geared to the outline in CSI-F NO. 230-60.

(1) Project Name: LICOOKY

(2) Original Project Objectives: Identify and report on plans, activities and associates of Central American Communists resident in or visiting Mexico City.

(3) Reason for Termination: LICOOKY-1 lost her access to the hard core group of CA communists partly because of her close association with LINLUCK who publicly renounced his break with the Guatemalan CP in 1962. The loss of access was also partly due to L-1's own apparent indiscretion vis-a-vis some of her close friends in Mexico City. This can be attributed both to her own growing distaste for the grubby and blindly unreasoning members of this group with whom she was asked to consort, and her reaction in her social group which took the form increasingly of anti-Communist remarks, and to the concomitant (or possibly resultant) rumors of increasing currency, that she was in the pay of PBSWING. Attempts were made to take advantage of her connections with literary circles in Mexico, but her inability to budget her time, sufficiently to satisfy station requirements led to the decision to terminate her. A contributing cause was also her inability to regularize her status in Mexico so she could accept a paying position which would give her reason to remain there, with the resultant strain of the thin legend that her father was providing her support.

(4) Effectiveness of Project: Project supplied a certain amount of miscellaneous detail on the Central American Communist group in its early stages. Detail and continuity have always been lacking. During the post-project period of association, after termination notice was already given, she began to be more attentive to Station requirements and supplied several rather detailed profiles of controversial persons in the intellectual world who could be of operational interest to the Station.

(5) Date of Termination: 1 January 1966

(6) Status of commitments:

a. LICOOKY-1: This Contract Agent is being carried under LIRANCH (OOA) from 1 January through June 1966 to prepare special [illegible] against non-LICOOKY Project objectives. Termination costs will be borne by Project LIRANCH.

b. LICOOKY-2: LICOOKY-2 was terminated on 31 December 1965 for lack of continuous production. He was very understanding when told of the termination and recognized that his limited and occasional access made a regular salary illogical. Contact is maintained with him via a letter box through which he can indicate his need for case officer contact. He is then paid small sums for travel information supplied.

(7) Disposition of funds, material and personnel: There are no funds or material to be disposed of. LICOOKY-1 is being terminated effective 30 June 1966. At this time she will be supplied with air fare from Mexico City to New York and paid the income tax refund due her. Station owns some of the furnishings in her apartment and she has expressed a wish to purchase some of these. The normal three-bid process will be complied with in this case, through her advertising the sale and then offering slightly higher prices for the items. She plans to retain the apartment in Mexico and sublet it furnished so she will have a pied-a-terre whenever she returns there. Her specific plans for leaving the city are not known. The Station has no objections to her remaining in Mexico and

SECRET

is quite willing to maintain contact with her on an occasional basis. She would be reimbursed out of LIRANCH on a piecework basis.

(8) Request for funds: No extra funds are required.

(9) Progress made toward attainment of project objectives: See paragraph 4 above.

(10) Review of Project: No review is contemplated of Project LICOOKY.

SUBJECT: LICOOKY-1/ Forwarding of Clippings and Comments Concerning Conference on Jewish Minority in the Soviet Union.

ACTION REQUIRED - REFERENCES

Action Required: None; FYI.

1. As Headquarters is already aware, a Latin American Conference to Study the Situation of the Jewish Minority in the Soviet Union (Conferencia Latinoamericana de Estudios sobre la Situación de la Minoría Judía en la URSS) was held in Mexico City during the period 13 - 15 May 1966. Judging by numerous articles in the press, Política, La Voz de México, Sucesos Para Todos (see attachments under separate cover) and excerpts from conversations between numerous persons on LIENVOY and LIFEAT, the Soviet Embassy, the Mexican Communist Party (PCM - Partido Comunista Mexicano) and other groups and individual Communists were determined, if possible, to prevent the Conference from being held and, failing that, to discredit it completely and pin the ODIOKE/ODACID label on it. Despite their efforts and the voluminous adverse propaganda, both before and after the Conference, the Conference was held and was probably mildly successful.

2. Política, 1 May 1966, carried an article attacking the proposed Conference and ridiculing some of the Mexican participants (Attachment A). It contains, among other things, a partial reprint of the text of an interview or statement by Nicolas S. Leonov, Press Attaché of the Soviet Embassy in which he states that Mexico should not be drawn into the cold war propaganda battle, and he maintains that Jews in the Soviet Union are not mistreated or discriminated against. In addition to the attacks and counterattacks in the press, efforts were made (based on LIFEAT on Enrique SEMO Calev, Gerard PIERRE-CHARLES, and LIENVOY) to prevent Carlos Pellicer, a darling of the Mexican left but not a formal PCM member, from taking part; Pellicer is an official of the Mexican Committee for the Defense of the Jews in the USSR (Comité Mexicano Pro Defensa de los Judíos en la Unión Soviética). (Attachment B) continued the attack on the Conference and its participants, claiming in effect that it is a clear anti-Soviet move backed by ODACID. As of 18 May, according to the article, numerous signatures had been collected on a "progressive manifesto" protesting the Conference. The list includes many well known Mexican Communists and pro-Communists. Attached also (Attachment C) is a copy of the "progressive manifesto", which was published in El Día on 19 May 1966, and a copy of a manifesto (Attachment D) published in El Heraldo, 22 April 1966, by the Mexican Committee for the Defense of the Jews in the USSR, in which a number of demands are made on the Soviet Government with respect to the Jews and their rights.

3. La Voz de Mexico, 15 May 1966 (Attachment E) carried an article bitterly attacking the Conference, which it charges is being organized and held by groups and persons in the service of ODACID. It specifically names LICOOKY-1, although the latter's name is incorrectly spelled, as one of those responsible for the Conference and says she is "well connected" with ODYOKE police. Sucesos, 21 May 1966, carried an article (Attachment F) attacking the Conference and its organizers and charging that there are sinister forces behind the Conference. This article carries a picture of LICOOKY-1.

4. Sucesos, 4 June 1966, included an inserted sheet (not found in all copies of this edition) entitled "An Agent of the FBI and INTERPOL in the Association of Mexican Writers," which deals almost exclusively with LICOOKY-1, her expulsion from Cuba, work in Mexico, and contacts and activities in Mexico. It charges that in Mexico she is working for Daniel James, who is responsible to KUBARK (Attachment G).

5. LICOOKY-1's name appeared in a notice (Attachment H) appearing in El Excelsior, 28 May 1966 by Vicente Echeverría del Prado, treasurer of the Mexican Association of Writers (AEM - Asociación de Escritores de México, A.C.), which simply stated that LICOOKY-1 is not authorized to accept dues or handle other business of the AEM within the province of the treasurer's duties and obligations. However, in view of the adverse publicity previously, the announcement had the effect or implied that the AEMAC or members of that group believed the charges that LICOOKY-1 had a part in organizing the Conference and/or is an agent of KUBARK. The notice, as it appears, also implies that LICOOKY-1 was mishandling AEMAC funds. Echeverría offered to publish the clarification on the sheet on which the AEMAC announcement appears; however, LICOOKY-1 asked him not to do so and said she would take up the notice and any clarification with the AEMAC Justice and Honor Commission.

6. On 9 June 1966 while conversing with SEMO (Attachment I), Leonov said that LICOOKY-1 had called him to say that she had had nothing to do with the Conference, and does not want the Soviets to catalogue her as an enemy. Leonov commented that LICOOKY-1 had left him her phone number and had asked him to help her (presumably refute the charges that she was involved with the Conference). The LILINK case officer who currently handles LICOOKY-1 said on the morning of 14 June 1966 that LICOOKY-1 told him she had called the Soviet Press Attaché to deny that she had had anything to do with the Conference "because it is what she would normally do." She did not, however, mention beforehand that she intended to call the Soviet Embassy. (Tape of conversation is forwarded as Attachment J.)

7. The Station believes that most or all articles attacking the Conference, and particularly those attacking LICOOKY-1, were Soviet inspired, and it is further believed that SEMO wrote most if not all articles attacking the Conference which appeared in La Voz, Política and Sucesos. The Soviets, who are probably aware of previous Cuban charges that LICOOKY-1 is an ODYOKE agent, probably felt that as an American closely associated with the AEMAC LICOOKY-1 would be vulnerable to such an attack.

8. As a result of the Sucesos article of 4 June 1966 an official from the Ministry of Government did visit LICOOKY-1 to check on her documentation. The official said that he did not believe the charges made in the Sucesos article, but since her tourist visa had expired he advised her to immediately leave the country in order to renew it, and he provided her with a letter to show to Mexican border authorities permitting her exit. She is currently in PBPRIME but is expected to return to Mexico in a few days.

9. As Headquarters is aware, LICOOKY-1 will be terminated effective 30 June 1966; the decision to terminate her was made some time ago, prior to the occurrence of the Conference and the resulting adverse propaganda. While she may be of some occasional use should she return to and remain in Mexico, it is believed that the recent adverse propaganda has impaired her future usefulness in Mexico, although many Mexicans undoubtedly do not believe the charges and others offered to "come to her defense."

10. A dispatch will be prepared and forwarded when the termination has been completed, and any new developments with respect to her alleged participation in the above Conference will be included in that dispatch.

CONGRESOS

¿Les Darán Permiso?

En 1961 un Comité Hindú pro Defensa de los Derechos de los Judíos en la Unión Soviética solicitó al gobierno de la India permiso para realizar un congreso al que asistirían intelectuales de varios países asiáticos. El permiso fue negado porque el primer ministro Nehru entendió que esa reunión afectaría las buenas relaciones de indo-soviéticas.

Trámites similares se hicieron al año siguiente en Ceilán y correspondió a la señora Sirimavo Bandaranaike, jefa del gobierno cuya política nacionalista fue saludada por las fuerzas progresistas de todo el mundo, negar el permiso, pues vio que se trataba de una más o menos sutil intromisión en la política exterior de su país.

Instituido el gobierno *gorila* en el Brasil, un Comité Latinoamericano pro Defensa de los Derechos de los Judíos en la Unión Soviética no tuvo problemas para llevar a cabo en 1965 un congreso; éste se celebró poco después de uno similar que se reunió en mayo del año pasado en Washington y sobre el que un conocido poeta judío-norteamericano de ideas derechistas, Jacob Glatstein, hizo este comentario: "Todos gritaban en inglés que hacía falta la lengua judía... en Rusia". Esta expresión fue comentada por Aarón Vergelis, poeta y director de la revista en yidish *Sovietish Heimland* que se publica en la URSS, con esta frase:

Politica, 1 May 1966

APPROVED FOR RELEASE 1994
CIA HISTORICAL REVIEW PROGRAM

"Nadie [illegible] en ruso que hace falta la lengua judía... en los EU".

A otro mitin antisoviético celebrado el tres de junio pasado en Nueva York, dos prominentes sabios judíos de la URSS, el economista Evsei Liberman, profesor de la Universidad de Jarkov, y el físico Lev Landau, Premio Nobel, enviaron un mensaje que decía: "Los ciudadanos de la URSS de nacionalidad judía expresamos nuestra profunda indignación por el hecho de que algunos círculos de Occidente hagan cundir incesantemente toda clase de infundios sobre la situación de los judíos en la Unión Soviética. Los judíos soviéticos consideramos como una provocación el mitin del tres de junio en artículo *Los judíos en la URSS*, publicado por la revista *Marcha* de Montevideo el 16 de octubre de 1965, y del que es autor Julio Adin, miembro del Partido Obrero Unificado de Israel. Julio Adin estuvo en México a mediados de abril y declaró a POLÍTICA: "Yo escribí ese artículo a pedido del Dr. Carlos Quijano, director de *Marcha*, revista cuya orientación progresista todos conocemos. Al remitírselo desde Jerusalén le expresaba en una carta adjunta que me disgustaría sobremanera que fuese utilizado para cualquier actividad, disimulada o no, de tipo antisoviético. Estoy enterado de los congresos que se han venido celebrando en muchos países para «defender» los dere- [illegible] Humanos. [illegible] que consiste en [illegible] tan las [illegible] nes civiles en Vietnam. [illegible] Luna repetía una y otra vez [illegible] la URSS y los países [illegible] para afirmar luego mentiras tales [illegible] URSS se editan mil[illegible] de libros de franco y [illegible] antisemita, que son vendidos a menor precio que las obras científicas o literarias; y que si bien la Constitución soviética condena el antisemitismo, actualmente el gobierno no sólo lo tolera sino que propicia su expansión.

Jacobo Mondlak, después de afirmar

MARTÍN LUIS GUZMÁN, CARLOS PELLICER, LUIS GÓMEZ Z. Y JAWAHARLAL NEHRU

"...que se pretende con toda esta propaganda contrarrestar la discriminación racial que sí se practica en otros países?..."

el *Madison Square Garden* donde sin nosotros, sin representantes nuestros, se pretende discutir una cuestión que, para colmo, ni siquiera existe".

Al congreso de Río de Janeiro concurrieron por México dos personajes de prestigio: Martín Luis Guzmán y Carlos Pellicer. Poco después quedó constituido el Comité Mexicano pro Defensa de los Derechos de los Judíos en la Unión Soviética, presidido ejecutivamente por un judío-mexicano de ideas ultraderechistas, Jacobo Mondlac, y honorariamente por el poeta Carlos Pellicer. Como secretario actúa el locutor de Radio Universidad, actor aficionado y empleado de la sucursal mexicana de una empresa financiera israelí Sergio Guzik. Para colaborar con ellos llegó a México a principios de este año Dov Yosefi, funcionario del ministerio de Relaciones Exteriores de Israel, experto de darle un barniz "liberal" y hasta "progresista" a ciertos eslabones de esta cadena echada a tejer por el Departamento de Estado de los EU.

Dov Yosefi trajo consigo abundante "literatura", entre la que se contaba el chos de los judíos en la URSS, y no tengo dudas sobre su carácter antisoviético propiciado por el Departamento de Estado de los EU".

Firmas mexicanas. La consecuencia para México de la reunión de Río de Janeiro fue un *Llamado de conciencia*, a cuyo pie se puso la respetable firma de Carlos Pellicer. El hábil trabajo de Dov Yosefi y Sergio Guzik logró que a la de Pellicer se sumaran 50 firmas, algunas tan honorables como las de León Felipe, Héctor Cruz, Rosario Castellanos, Alí Chumacero, Dagoberto Guillaumin, Héctor Mendoza, José Emilio Pacheco y últimamente otras como la de José Revueltas, Luis Gómez Z. o Carlos Monsiváis.

Para dar a conocer ese *Llamado de conciencia* fue ofrecida una conferencia de prensa el 21 de abril en el edificio central de la comunidad israelita de México. En las invitaciones se decía que la iba a presidir Carlos Pellicer, pero su lugar fue ocupado por una personalidad mucho menos importante, como lo es el Lic. Benjamín Laureano Luna, del Frente de modo irresponsable que todos los sectores de la comunidad judía de México lo habían elegido presidente del mencionado comité, sufrió un ataque de confusión geográfica y afirmó que en la URSS se producen frecuentes profanaciones de cementerios judíos. La verdad es que el único país donde se ha sabido que se produzcan tan abominables salvajismos es en la República Federal Alemana, donde florece el neonazismo y, en consecuencia, el antisemitismo; pero sobre esto ni una palabra dijeron los apurados "defensores": Mondlak, Laureano Luna y Guzik.

El 22 de abril, en todos los periódicos matutinos, incluido *El Nacional*, apareció el *Llamado de conciencia* con las 50 firmas. Esto sorprendió de manera desagradable a los sectores progresistas de México, no repuestos todavía de las intempestivas cuan amenazantes visitas de Johnson y Goldwater. La primera reacción de esos sectores fue el envío de cartas que diversas instituciones y personas hicieron llegar al poeta Carlos Pellicer, lamentando que hubiera aceptado presidir un comité inspirado y movido

por el Departamento de Estado yanqui.

Comentario soviético. En entrevista con *El Día*, Nicolás S. Leonov, agregado de prensa de la embajada de la URSS en nuestro país, afirmó: "México no es campo propicio para hacer propaganda de guerra fría. El prestigio internacional de que goza y el respeto que le tiene el mundo entero no permiten que florezcan en este país brotes de la guerra fría. En la actualidad no hay ni datos, ni situaciones ni acontecimientos que justifiquen el deseo de algunas personas y elementos de reavivar el cadáver del llamado problema judío en Rusia. A juzgar por los argumentos, la aplastante mayoría de los firmantes usó para sus conclusiones no los datos personales, no los resultados de una investigación objetiva, sino material [illegible] tomado de segunda mano, superficial, erróneo y muchas veces tergiversado por pura mala voluntad".

En referencia al pedido de control de las publicaciones antisemitas que hacía el llamamiento, Leonov comentó: "Es curioso que pidan esto a la URSS y no a otros países en donde prolifera esta clase de literatura. Es falso afirmar que las publicaciones antisemitas aparecen en forma regular en la URSS; al contrario, la Unión Soviética es uno de los pocos países en donde la revelación de prejuicios raciales se castiga por la ley y se condena por la opinión pública. Es una pena —concluyó— que tantos intelectuales en tan poco espacio hayan cometido tantos errores. ¿No se pretende con toda esta propaganda contrarrestar la discriminación racial, que sí se practica en otros países?"

El congreso. Muy en silencio se ha venido preparando un congreso que habrá de celebrarse en la ciudad de México del 13 al 15 de mayo, al que concurrirán intelectuales de los países centroamericanos para "defender" los derechos de los judíos sovié[illegible] [illegible] cadena, [illegible] Mundial, durante la [illegible], se reunirá después otro [illegible] en Santiago de Chile, al [illegible] intelectuales de Argentina, [illegible] y otros países del "cono sur". Como dice un lector de *Siempre!* en la sección de *Cartas* del Nº 671, los resultados de esta campaña antisoviética "no pueden ser otros que los de favorecer la propaganda imperialista y, a la postre, el antisemitismo". Considera además que "muchos de quienes aparecen suscribiendo ese llamado parecen no darse cuenta de que son empujados como [illegible] o apoyo para la celebración de un congreso [illegible] antisoviético con sede en México; es decir, en un país que tiene buenas relaciones con la URSS y que sufre en carne propia las falacias del anticomunismo manejado desde Washington".

TRABAJO

Primero de Mayo

La celebración del Primero de Mayo, no ha dejado nunca de ser representativa de las aspiraciones de la clase trabajadora y de sus condiciones de vida y de lucha, por un lado, y de la actitud de la clase capitalista y su dominio frente a aquella, por el otro.

Así, por deformado y desvirtuado que esté el sentido esté el sentido auténtico de la conmemoración, a través de toda la historia de los 1os de Mayo en el país se ha visto una CROM callista, haciéndole el juego al régimen con el propósito de instituir el día de lucha del proletariado universal en una "fiesta del trabajo" organizada por el gobierno. Bajo el cardenismo, en pleno ascenso revolucionario, las manifestaciones obreras volvieron a ser en este día una presencia combativa de la clase trabajadora. Durante Alemán, al tiempo que se llegaba a asesinar trabajadores en el desfile, la sumisión de los *charros* del movimiento obrero llegaba a su máxima expresión cuando Fidel Velázquez lo calificaba de "primer obrero de la República".

En este 1965, lo que una vez fue en México lucha a favor de mejores condiciones de vida ha devenido en una "fiesta de unidad nacional a la que son invitados los empresarios", lo que da una panorámica general de la situación de la lucha de clases en el país.

[illegible] controlar las aspiraciones crecientes a la unidad por parte de los trabajadores (el Congreso Nacional del Trabajo) el Primero de Mayo, días antes de su celebración se hizo público el criterio que el gobierno y los líderes reaccionarios deseaban imbuir a esa fecha. Circulares y declaraciones de Fidel Velázquez y Antonio Bernal coincidieron con los conceptos que más tarde externaría el presidente Gustavo Díaz Ordaz.

El deseo del régimen de dar apariencia de unidad al intento de fusión burocrática que ha sido el Congreso del Trabajo, así como su empeño en presentarse como impulsor de la unidad obrera; se evidencia en su discurso de este Primero de Mayo: "Hoy empieza a ser una promisoria realidad la unificación de los trabajadores no en una sola central propiamente dicha, sino en ideales, en principios, en metas y en ayuda recíproca para poder alcanzarlos".

VOL. VII, Nº 146 — POLÍTICA — 15 DE MAYO DE 1966

Quince días de México y del Mundo

PANORAMA NACIONAL

CONGRESOS

Antisovietismo en México

Del 13 al 15 de mayo se celebró en el Hotel del Prado de la ciudad de México la silenciosamente organizada Conferencia Latinoamericana de Estudios sobre la Situación de la Minoría Judía en la URSS. Convocada por el Comité Mexicano Pro Defensa de los Judíos en la Unión Soviética y con asistencia de algunos delegados extranjeros, especialmente centroamericanos, esta reunión fue el remate de una campaña internacional antisoviética, iniciada desde hace por lo menos cinco años por el Departamento de Estado norteamericano y el sionismo organizado.

A pesar de los densos velos de humanitarismo y eclecticismo con que se ha pretendido cubrirla, esta conferencia fue denunciada en su fase preparatoria por publicaciones como POLÍTICA y *La Voz de México*, órgano del Partido Comunista Mexicano. Nicolás S. Leonov, embajador de la Unión Soviética en nuestro país, la condenó como parte de la "guerra fría".

Analizando, aun en forma somera, la extracción de los diferentes delegados extranjeros, es fácil inducir sus nexos con el imperialismo norteamericano y la intervención de éste en la conferencia. Los delegados son en su mayoría o han sido funcionarios de gobiernos gorilas de Centro y Sudamérica; entre ellos se cuentan Reynaldo Galindo Pohl, exministro de Cultura de El Salvador; Ricardo J. Bermúdez, exministro de Educación de Panamá; Gerardo Molina, exrector de la Universidad de Colombia; Lic. Gardillo Barios, exministro de Economía y Trabajo de Guatemala; y Dr. René de Sola, exministro de Justicia y de Relaciones Exteriores de Venezuela.

A esta campaña, nada democrática y de calidad intelectual harto dudosa, fueron arrastrados algunos intelectuales mexicanos honestos. Una larga serie de artimañas fueron usadas para ello, desde el ocultamiento de la bien afinada organización y del puntual pago de sus servicios necesarios para la celebración de la conferencia, hasta el uso demagógico y falaz de pronunciamientos hechos, en bien diversas circunstancias, por personalidades y organizaciones de reconocida solvencia progresista.

Además se escamoteó el nombre del escritor Martín Luis Guzmán, que no aparece entre los firmantes del nefasto "Llamado de Conciencia". Sin embargo, el literato había sido designado con anterioridad para presidir la conferencia; así lo prueban tanto el mensaje dirigido a su nombre por el filósofo inglés Bertrand Russell el 26 de abril, como el discurso de inauguración de la conferencia, que debía dirigir Martín Luis Guzmán y que fue impreso y repartido por la oficina de prensa aun antes de que comenzara la reunión.

La conferencia. En la sesión de apertura se escenificó una farsa en la que se intentó despojar a la conferencia "pro judía" de toda implicación política, ubicándola dentro de una esfera exclusivamente "humana". Al mismo tiempo, se pretendió dar a las delegaciones extranjeras —algunas de las cuales sólo constaban de una sola persona— una representatividad "democrática" en las dos comisiones que se formaron: la de estudio y la de resoluciones.

La realización de la primera tarea se encargó de iniciarla, por medio de una carta a la conferencia, el que ha figurado como presidente del Comité Mexicano Pro Defensa de los Derechos de los Judíos en la Unión Soviética, Carlos Pellicer. Después de disculpar su ausencia de la reunión, pues acompañaba al presidente Díaz Ordaz, en una gira de trabajo, Pellicer enarboló el nombre de Bertrand Russell para "demostrar" que "...no, detrás de nosotros no hay ninguna fuerza que nos mueva a actuar como lo estamos haciendo". Y finalizó su carta con estas palabras: "Nunca como hoy se habla tan universalmente de Derechos Humanos. El gobierno soviético los proclama todos los días. ¿Qué ocurre entonces con los dirigentes de tan grande nación? ...Estaré lejos de ustedes en persona. Pero mi corazón está aquí y mi voluntad entera para seguir luchando por la justicia y la libertad donde quiera que la necesidad tan honrosamente nos obligue".

UNA SESIÓN DE LA CONFERENCIA "PRO JUDÍA"

...sus nexos con el imperialismo norteamericano y la intervención de éste...

A continuación, el presidente de la conferencia, Martín Luis Guzmán, y el que actuó como maestro de ceremonias, Benjamín Laureano Luna, hicieron sendos discursos en los que, cada uno a su manera, trató de justificar los objetivos de la conferencia.

Martín Luis Guzmán afirmó: "Pese a la revisión de aquellos factores negativos de la vida soviética y a los frecuentes cambios que en ellos se introdujeron, el gobierno de la URSS no ha restituido a los judíos sus indiscutibles derechos al goce de su cultura ancestral, a la conservación de sus instituciones, a la continuidad de su tradición milenaria". Después de algunas vaguedades añadidas a la primera, el escritor finalizó con ésta: "Así, enterados de las persecuciones que hoy sufre un gran grupo del pueblo judío, cuyo milenario legado cultural forma parte de la civilización de Occidente, hemos considerado deber ineludible el acudir aquí para que esta conferencia manifieste su decisión de protestar, como lo haría

ATT B-TO HMMA 29207

en cualquier otro caso de discriminaciones raciales, culturales o religiosas, contra el régimen que pesa sobre la minoría israelita de la URSS".

Benjamín Laureano Luna, presidente del Frente Mexicano Pro Defensa de los Derechos Humanos, cubrió su anticomunismo con reiteradas y demagógicas protestas en contra de las agresiones norteamericanas a Santo Domingo y Vietnam. Luego lanzó las más graves calumnias contra la Unión Soviética, y poco le faltó para poner en el mismo nivel del genocidio hitleriano al régimen de la primera nación donde se han sentado las bases para realizar el comunismo.

La jornada del 14 de mayo se cerró con un banquete al que asistieron, además de los delegados extranjeros, numerosos miembros de nuestra versátil y desaprensiva intelectualidad. Allí habló Jacobo Mondlak, gerente ejecutivo de la conferencia. De este seudoescritor, *La Voz de México* (en su edición 1829) denunció su filiación de extrema derecha y lo presentó como "dirigente del JEIRUT (partido israelita de ultraderecha y fascista), bien conocido en la comunidad judía de México por su ideología chovinista y reaccionaria".

Mondlak sólo dirigió ditirambos a la "gloriosa y hospitalaria patria mexicana" y a sus "monumentos toltecas de piedra". Después de barajar demagógicamente citas de Morelos, Hidalgo, Bolívar y Sandino pretendió curarse en salud: "No es preciso ser agente del Departamento de Estado para denunciar brotes antisemitas en la Unión Soviética, como tampoco es preciso ser agente comunista ni criticar algunas facetas de la política norteamericana".

A los informes sobre la filiación política de Mondlak se añade que su insistencia en colocarse al lado de quienes luchan por la libertad y contra la esclavitud es [illegible] por la posición de clase que ocupa dentro de la sociedad mexicana. Es miembro del grupo Mondlak, que posee tal y en el interior del país. La familia Mondlak acaba de invertir $20 millones en maquinaria textil, mediante operaciones realizadas con una empresa imperialista germanoccidental de rancio abolengo nazi.

"Demandas". La conferencia se clausuró el domingo 15 de mayo, luego de adoptarse el acuerdo de pedir a la Unión Soviética que:

- Devuelva a la minoría judía la posibilidad de llevar una vida cultural integral.
- Extirpe de raíz toda manifestación antisemita.
- Dé a los judíos la posibilidad de profesar su religión, al igual que los creyentes de otras religiones.
- Otorgue a los judíos el derecho a la autodeterminación y el derecho a unirse a sus hermanos cuando así lo deseen.

Estos puntos fueron propuestos por el escritor costarricense Samuel Gevinsky quien, no pudiendo ocultar los intereses a los que sirve, dedicó su exposición a calumniar en todas las formas posibles a la Unión Soviética. Y acabó por hacer una ardiente defensa del sionismo internacional, movimiento al que la URSS, [illegible] la asamblea general de las Naciones Unidas en 1965, propuso que se le condenara junto al nazismo, al neonazismo y a todas las otras formas de colonialismo y de [illegible] hacia razas y nacionalidades.

Respuesta. De inmediato, grupo de personas progresistas redactó un manifiesto donde respondió a los organizadores del movimiento antisoviético y de la conferencia que:

"En relación al «Llamado de Conciencia» del Comité en Defensa de los Derechos de los Judíos en la URSS y la Conferencia organizada por el mismo comité, que se celebró los días 14 y 15 de mayo, declaramos:

UN LLAMADO DE CONCIENCIA DEL COMITE MEXICANO PRO DEFENSA DE LOS DERECHOS DE LOS JUDIOS EN LA UNION SOVIETICA

Al termino de un examen, libre de todo espiritu partidario, hemos comprobado ciertos hechos que nos llevan a abrigar el temor de que aún existe una brecha entre la situación de igualdad que la Constitucion de la URSS confiere a los judios, y su situacion real, en el plano religioso, cultural, económico y humano. Estamos convencidos que dicha situacion se halla en contradiccion con los fines que persigue la sociedad sovietica, y su evolucion desde 1956. Estamos asimismo convencidos que la misma constituye un obstaculo para aminorar la tension internacional. Es por esta razon que estamos igualmente persuadidos que el Gobierno de la Union Sovietica se mostrara sensible al llamamiento que hoy le dirigimos:

SOLICITAMOS DEL GOBIERNO DE LA URSS

1.—Que confiera a los judios soviéticos el derecho de desarrollar libremente su cultura especifica, con medios identicos a aquellos de que disponen las demás culturas nacionales: textos, periodicos, bibliotecas, teatros, enseñanza, etc.

2.—Que permita a los judios soviéticos practicar su religion y disponer libremente de los textos, contar con oficiantes y con los objetos necesarios a la observancia del culto;

3.—Que autorice a los judios sovieticos para que a semejanza de las demas religiones, puedan organizarse en comunidades religiosas en todo el territorio, y a establecer intercambios culturales y de culto, con sus correligionarios;

4.—Que, a fin de evitar en el futuro toda publicacion antisemita del tipo de: "El Judaismo al Descubierto" y "El Judaismo y el Sionismo Contemporaneo", asi como ciertos folletines y caricaturas que aparecen en forma regular en la prensa sovietica, se ejerza un severo control sobre dicho tipo de propaganda racial. Dicho control seria sumamente viable toda vez que existen en la URSS los organismos adecuados para llevarlo a cabo;

5.—Que una legislacion especial sancione los delitos de indole racista, velando especialmente porque dichas tendencias antisemitas no lleguen a poner en peligro ante la justicia, la igualdad de los derechos de los ciudadanos sovieticos, considerando que los recientes procesos por delitos economicos y las condenas a muerte que les siguieron, dan lugar al temor de que dicha igualdad no es enteramente aplicada en el caso de los judios;

6.—Que considere con benevolencia el caso de los judios que deseen reunirse con sus parientes y conyuges que viven en Israel y en otros paises, despues de haber sido separados por diversas circunstancias.

Tenemos la plena conviccion que la atención que otorgue el Gobierno de la URSS a estas peticiones, habra de satisfacer la aspiracion de justicia de los pueblos y su adhesion a la Declaracion Universal de los Derechos del Hombre. La misma contribuira, además, debido a la renovacion y fortalecimiento de las simpatias y lazos amistosos que dicha actitud aportaria a la URSS, al relajamiento de la tension internacional, meta que todos anhelamos.

Repudio a la farsa antisoviética

La organiza el Dpto. de Estado, denuncia la AMP

La Asociación Mexicana de Periodistas salió al paso a la campaña antisoviética iniciada hace dos semanas por un grupo al servicio del imperialismo norteamericano que se ostenta como "defensor de los judíos". En un documento firmado por el Lic. Xavier Campos Ponce, Antonio Caram y Gerardo D[illegible], presidente, secretario y vocal, respectivamente de la AMP, denuncian el carácter de la campaña difamatoria, presentan un hecho que sirve para corroborar que los hilos de toda [illegible] del imperialismo y demuestran con una serie de datos que en la Unión Soviética no existe discriminación contra los judíos.

Este documento fue emitido días antes del anunciado "Congreso Latinoamericano" que grupos subvencionados por el Departamento de Estado planeaban iniciar en México el sábado 14.

En la declaración de referencia se señala al principio que la persona encargada de recolectar firmas para el llamamiento que apareció en todos los diarios de esta ciudad el 21 de abril en "defensa de los derechos de los judíos en la Unión Soviética", es nada menos que la ciudadana norteamericana June Jacob, persona muy ligada con las policías norteamericanas que actúan en nuestro país y quien inmediatamente después de regresar de un largo viaje por Estados Unidos, Europa y el Medio Oriente, se dedicó a conseguir firmas de intelectuales y personalidades progresistas, para el documento antisoviético, que sirve de base para la convocatoria de un congreso supuestamente dirigido a "defender a los judíos

residentes [illegible] la URSS". Los firmantes del [illegible] fueron sorprendidos hábilmente y muchos de ellos mantienen una actitud de desconfianza hacia los promotores de la campaña.

Respecto de una de las "peticiones" que se hace en el llamamiento antisoviético para "que se conceda a los judíos soviéticos el derecho a desarrollar libremente su cultura específica con medios idénticos a aquellos de que disponen las demás culturas nacionales: textos, periódicos, bibliotecas, teatros, enseñanzas, etc.", la AMP dice: "... los dos millones y tercio de judíos que forman parte del pueblo soviético viven exactamente igual que el resto de las 109 nacionalidades y de los 11 grupos afines a nacionalidades extranjeras. En cuanto a su cultura específica, como todas las del mundo tiende a fusionarse y a unificarse... los judíos en todas partes asisten a las mismas escuelas donde van los rusos, ucranianos, uzbecos, etc. Reciben, como todos los demás, educación gratuita en todos los niveles". Otros datos que demuestran que la discriminación de judíos en la URSS es sólo una invención de los agentes a sueldo del gran capital yanqui, son los siguientes:

En la biblioteca Lenin de Moscú hay 70.000 libros en yidish y 50.000 volúmenes en ese mismo idioma, en la Schedrin de Leningrado. Los judíos en la URSS disponen de publicaciones en su idioma, así por ejemplo la revista mensual "Yidish Hemland" tira 25.000 ejemplares. Se publican ediciones de autores judíos tanto soviéticos como extranjeros que alcanzan tiradas de millones de ejemplares como es el caso de Sholem-Aleijem. Los hebreos disponen también de sus propios teatros.

"Además de ello —se dice en el documento—, disponen de una tierra particular, exclusiva, a la que muchos llaman patria propia y que existe desde mayo de 1934, mucho antes de que los héroes judíos de la postguerra arrancaran Israel al poder inglés... calculamos en medio millón los judíos que habitan en esa región autónoma llamada Birobidjan, la cual forma parte de la URSS y abarca una superficie de 32 mil kilómetros cuadrados", a continuación viene luego una lista detallada de la cantidad de escuelas, institutos, centros médicos, etc. que existen en dicha república autónoma.

"Mucho más podríamos citar —dice finalmente la declaración de la AMP— en contestación a los errores cometidos por ese grupo de personas firmantes del "llamado", pero lo amplio del tema nos obliga a detenernos aquí, por ahora..."

SUCESOS DE ULTIMA HORA

LOS JUDIOS EN LA URSS

EL CAPITULO "MEXICANO" DE UNA INTRIGA INTERNACIONAL

LUBLIN es una ciudad polaca en la que Hitler pensó concentrar a los judíos en un hacinado ghetto de tantos millones de discriminados como habitantes tiene hoy Tokio. En el histórico avance para acabar con la Unión de Repúblicas Socialistas Soviéticas, Hitler consideró que en vez de concentrar a los judíos se creaba menos problemas si los mataba de una buena vez. En los crematorios y fosas de los campos de concentración erigidos por los nazis en su marcha hacia el oriente quedaron las cenizas y los cadáveres de seis millones de judíos. La lucha contra el nacifascismo costó a la URSS 20 millones de vidas humanas.

En la ciudad de Lublín Nació Jacob Glatstein. Joven aún emigró a los Estados Unidos y se convirtió, con el correr de los años, en una de las más brillantes figuras de la poesía y de la crítica literaria en lengua Idish. Tiene ahora 70 años y milita en las filas del partido Poalé Sión (Trabajadores de Sión), que agrupa a los sionistas de tendencia socialdemócrata de derecha. Los poalesionistas editan en Nueva York el semanario Indisher Kempfer (Luchador judío). En septiembre de 1965, y en este periódico, publicó Jacob Glatstein un comentario bibliográfico sobre Horizontes, una antología con la producción más reciente de los poetas judíos de la Unión Soviética que escriben en lengua Idish, de la que se acababan de editar en Moscú 5,000 ejemplares, número que el comentarista señaló como bastante considerable para una antología de poesía nueva en cualquier parte del mundo. Glatstein celebraba haber descubierto en Horizontes a por lo menos una docena de poetas de primer orden a quienes, decía, "elogio sin titubeos porque son maestros del verbo y notables artífices de lo emotivo y lo temático... El Idish en manos de los magistrales poetas de la Unión Soviética es una creación madura que se sustenta más en un sabor popular que en la gran poesía del pasado. Ahí se ha conservado una savia popular que ha ampliado verdaderamente sus horizontes". Ya para terminar su comentario Jacob Glatstein afirmaba: "La antología Horizontes viene a demostrar que la palabra poética Idish vive en la Unión Soviética".

La comunidad judía de habla Idish en México es una de las más jóvenes de la América Latina; tiene unos 60 años de existencia y unos 30 mil miembros que se concentran principalmente en la capital y en las ciudades de Monterrey y Guadalajara. Organizada al estilo tradicional, cuenta con un centro deportivo, varias sinagogas y nueve colegios e institutos de enseñanza, en cinco de los cuales se enseña a los jóvenes la lengua Idish. En estos 60 años, hubo en México tres poetas que crearon en Idish obra digna de consideración: Itzjok Berliner, Moishe Glikowski y Jacobo Glantz. Los dos primeros han muerto y el sobreviviente, Jacobo Glantz, decidió en 1963 a los 61 años de edad, cambiar el Idish por el español, porque su poesía en aquel idioma, a pesar de los colegios e institutos que lo enseñan, no cuenta con lectores en México.

Ahora bien, Jacob Glantz, poeta Idish de México, que nació en Ucrania 15 años antes del estallido de la Revolución de Octubre, y que antes de su emigración a este país, en 1925, había sido profesor de literatura en Odesa no firmó el "Llamado de conciencia" que el 22 de abril publicó en todos los periódicos de la capital el denominado Comité Mexicano Pro Defensa de los Derechos de los Judíos en la Unión Soviética, que preside Carlos Pellicer, eminente poeta mexicano que no sólo no lee el Idish sino que no sabe nada de poesía o de literatura en esa lengua.

Ese llamado, que Pellicer firmó aunque seguramente no redactó, porque los términos que lo com-

ponen son casi idénticos a los ... llamados similares que han venido circulando en el último lustro en muchos países, solicitaba ... que nada al gobierno de la URSS "que confiera a los judíos soviéticos el derecho a desarrollar libremente su cultura específica, con medios idénticos a aquellos de que disponen las demás culturas nacionales: teatros, periódicos, bibliotecas, teatros, enseñanza, etc.".

lengua que él depura y elabora porque la habla su pueblo y hay textos, periódicos, bibliotecas, teatros y escuelas por medio de los cuales la lengua y su correspondiente cultura se desarrollan libremente. Pellicer, que es poeta, ¿puede creer que existan poetas con "luminosa potencia creadora", que las savias populares amplíen sus horizontes, que un idioma sea elaborado con "tanto conocimiento y virtuosismo, con tan original y extraordinaria plasticidad" allí donde la cultura en ese idioma no tiene el derecho a desarrollarse libremente? ¿Lo creen así poetas de la talla de Rosario Castellanos, de José Emilio Pacheco, de Miguel Guardia, de León Felipe, o escritores que conocen los auténticos secretos del difícil y vivo oficio de las letras, como Max Aub, Alí Chumacero, Juan García Ponce, Jorge Ibargüengoitia, Vicente Leñero, Carlos Monsiváis, José Revueltas y Gutierre Tibón, que junto con Pellicer firmaron ese "Llamado de conciencia", que de tal sólo tiene el título, pues el nombre que le correspondería, después de someterlo a un riguroso análisis objetivo, sería el muy ionesquiano de "Llamado de un grupo de mal informados que firmaron porque dicen que les dijeron lo que no les consta porque no saben nada al respecto y la culpa de todo la tiene Bertrand Russel?"

Donde no aparece la firma de don Martín Luis. El ya anciano (79 años) autor de El águila y la serpiente y La sombra del caudillo, el escritor Martín Luis Guzmán, gusta del infantil juego de las escondidillas. En 1965 fue él quien convenció a Carlos Pellicer para que juntos asistieran a la Conferencia Latinoamericana Sobre la Situación de los Judíos en la URSS que se celebró en Río de Janeiro los días 14 y 15 de septiembre de ese año. Pero he aquí que entre las 53 firmas que suscribieron el "Llamado de conciencia", que apareció en cuartos de plana, al día siguiente, en todos los diarios, en inserción ... por la norteamericana June Cob, no aparece el nombre de don Martín. ¿Se había retirado arrepentido? Al contrario, prefirió en ese momento no salir a la liza porque estaba atareadísimo desde hacía mes y medio firmando, como cabeza del Comité Mexicano Pro Derechos de los Judíos de la Unión Soviética, las cartas en las que se invitaba a intelectuales mexicanos y latinoamericanos a concurrir a la conferencia que se efectuaría "en la ciudad de México durante los días 13 a 15 de mayo próximo y que se ocupará, como objetivo único, en examinar detenidamente el problema a que la minoría israelita hace frente en la Unión Soviética".

Según esas cartas, el comité organizador de la conferencia lo integraban, junto con don Luis Martín, el Dr. Luis Garrido y los licenciados André Serra Rojas y Carlos Pellicer. Mas he aquí que ninguna de estas personas se presentó en la conferencia de prensa que el Comité Mexicano Pro Derechos de los Judíos de la Unión Soviética dio en el edificio central de la comunidad israelita de México (Acapulco 70), el 21 de abril. Ahí apareció como presidente uno de los pocos judíos (10 en total) que habían firmado el llamado, un tal Jacobo Mondlak que es comerciante pero se dice escritor por los artículos que publica en un periódico que sale algunas veces al año, Tribuna Sionista, órgano del más ultraderechista de los grupos sionistas que existen en México.

El asistente de Mondlak en la conferencia de prensa era otro de los pocos firmantes judíos del documento, Sergio Guzik, actor aficionado ... que le presentarse en los espectáculos de Juan José Gurrola y que tiene con Walter Rubinstein y F. Mondragón una oficina —Consultores Técnicos de Negocios— donde se conciertan operaciones financieras con empresas israelíes, privadas o estatales. Esa oficina, en el Paseo de la Reforma No. 122, 6o. piso fue la que se ocupó en distribuir libros, folletos y reproducciones fotostáticas y mimeografiadas de documentos sobre la situación de los judíos en la URSS, antes, durante y después de la conferencia de prensa, y de preparar el material que utilizarían los intelectuales que se reunieron en el hotel Del Prado los días 14 y 15 de mayo.

Que el interés de don Martín Luis era muy grande lo prueba el hecho de que fue él quien llevó la voz cantante en la entrevista que el comité tuvo en los primeros días de abril con el secretario de Gobernación, Lic. Luis Echeverría, para solicitarle el permiso de rigor para que la conferencia pudiera celebrarse. Y fue él también quien ocupó desde el primer momento la presidencia de la reunión Del Prado

El santo Bertrand Russell. El gran pacifista Bertrand Russell, tan admirado en el mundo entero por sus protestas contra todo brote belicista, ha sido el consagrado ajonjolí de este mole antisoviético: a él se le atribuye un mensaje cuya autenticidad plena convendría averiguar, pues ni el estilo ni los conceptos corresponden a los de otros documentos que sobre este mismo asunto firmó Russell. Extraño resulta que el comité haya descuidado la presentación de una copia fotostática con la firma del sabio inglés. En lugar de eso se distribuyó una dizque traducción en papel con membrete de la Conferencia Latinoamericana de Estudios Sobre la Situación de la Minoría Judía en la URSS, y pie de página que dice: "organizada por el Comité Pro Defensa de los Derechos de los Judíos en la Unión Soviética". El "mensaje" de Lord Russell está redactado en un estilo burdo, digno de la pequeñez espiritual del señor Mondlak.

Con todo y su orientación humanitaria burguesa, los mensajes de Russell que se conocen estaban

21 de Mayo de 1966

expresados con dignidad y con un respeto esencial por los grandes logros de los países socialistas. Hace apenas un año, Russell comenzaba así su mensaje a una conferencia similar celebrada en abril de 1965 en Estocolmo: "Es de gran importancia que la situación de los judíos en la Unión Soviética no sea utilizada como arma en la guerra fría. Hay muchos en Occidente que buscan cualquier oportunidad para continuar e intensificar la división del mundo entre el Este y el Oeste...

La autoridad democrática de Bertrand Russell está avalada por su decidida posición antimperialista, y para muestra basta un párrafo de su mensaje a la Conferencia Tricontinental efectuada en enero de 1966 en La Habana, Cuba. "Por toda la América Latina —dice—, regímenes corrompidos y tiránicos asesinan al pueblo y lo mantienen en un estado de inanición y enfermedad debido al apoyo militar y económico de la camarilla gobernante norteamericana para los tiranos locales. Tan pronto como el pueblo se alza contra la opresión, el poderío militar norteamericano entra directamente en acción. ¿Por qué, entonces, los pueblos del mundo han de confiar su destino a aquellos que colaboran con los regímenes títeres o tratan de encubrir a los notorios verdugos? Los frutos de tal política pueden verse dondequiera que ha sido aplicada: en Iraq o Indonesia, en Guatemala o en Brasil".

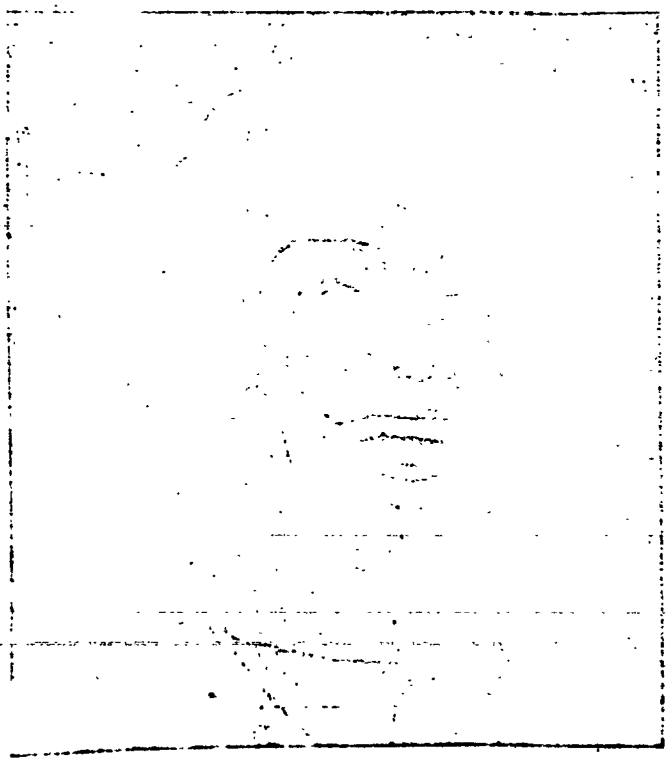
¿Cuántos de los conspicuos representantes de gorilas que don Martín Luis logró reunir en el Prado los días 14 y ... se atreverían a firmar junto con Russell este mensaje? ¿Y qué experto en política puede creer en la autenticidad plena de ese mensaje que fue mostrado como de Russell, enviado a un bananero ramillete de "intelectuales" procedentes de Costa Rica, El Salvador, Honduras, Panamá, Nicaragua, Colombia, Guatemala y Venezuela, que jamás han hecho declaración alguna en contra de sus gobiernos serviles, traidores a sus pueblos, ni han puesto el grito en el cielo porque los neonazis revanchistas de la República Federal Alemana le dan al Estado de Israel un crédito de 100 millones de marcos para "promover una colaboración continua entre ambos países", a pesar de las cenizas todavía calientes de los seis millones de judíos que fueron víctimas ayer de los generosos acreedores de hoy, ni se han reunido a conferenciar para ver qué se puede hacer contra el agresivo antisemitismo de los grupos ultras de Argentina, Uruguay, Brasil y otros países de la América Latina?

Faltó otra firma. En la fotostática que se distribuyó del mensaje del ausente Carlos Pellicer a los reunidos en el Prado, cualquier James Bond hubiera podido notar que, siendo copia fotostática, no traía la firma autografiada del poeta, y que no habiendo asistido Pellicer por encontrarse en Tabasco, como lo notificaron varios periódicos, la carta dirigida a los delegados estaba fechada en México, D. F.

"Detrás de nosotros —afirmaba en su mensaje Pellicer— no hay ninguna fuerza que nos mueva a actuar como lo estamos haciendo. Sería terrible saber que Bertrand Rusell el gran filósofo inglés, protesta, como lo ha hecho por el asunto que nos reúne, impulsado por algún gobierno. El insigne escritor inglés es uno de los espíritus más altos y limpios de todos los tiempos y nos honra pensar como él en esta cuestión judía".

¿No ha pensado Pellicer, que tan sabiamente maneja el hermetismo de los símbolos de la estatuaria antigua, que muchas veces el más honrado credo antirracista y antidiscriminatorio puede por ingenuidad, coincidir con las determinaciones de los Barry Goldwater y otros campeones del racismo y la discriminación? ¿Cómo puede Pellicer poner en primer plano el problema de los judíos de la URSS, los únicos que hoy en día producen una viva, una renovada cultura en ídish en todo el mundo, a pesar de las grandes concentraciones de judíos en los Estados Unidos y en Argentina, olvidando que es en Alemania Occidental donde sí se profanan con alarmante frecuencia los viejos cementerios judíos y las tantas veces vilipendiadas sinagogas?

El día en que se revele la trama invisible de este asunto, ante el cual los judíos de la URSS han tenido que reaccionar diciendo un "No me ayudes compadre", se verá que todo se origina en la guerra fría y en la necesidad de hacer olvidar la guerra en Vietnam y la discriminación contra los negros.



La dinámica Juno Cob.

Un Agente de la [illegible] y de la [illegible] en la Asociación de Escritores de México

El sábado 28 de mayo, en la página [illegible] del diario Excélsior el tesorero de la Asociación de Escritores de México, Lic. Vicente Echeverría del Pr[illegible], publicó un pequeño aviso advirtiendo a los [illegible] que no se dejen sorprender por la señorita June Cobb, quien por su cuenta y riesgo se había tomado la libertad de cobrar y recibir cuotas de inscripción o mensuales en nombre de la AEM.

El 30 de mayo, Lunes de Excélsior comentaba un "sorprendente ciclo de conferencias imaginado por Wilberto Cantón, June Cobb y Piazza" y que se efectuaría en el Instituto Cultural Israelí, A. C.

¿Quién es June Cobb? Es una ciudadana norteamericana que ha pasado por México muchas veces en la última década y ha fijado aquí su residencia, después de haber sido expulsada de la República de Cuba, acusada de ser agente provocador de la FBI. Antes de eso, y como agente de la Interpol, había colaborado de manera determinante para descubrir una poderosa red de traficantes de drogas en Lima, Perú.

Su centro de actividades en México es justamente la Asociación de Escritores donde ha logrado arraigar como ayudante de confianza del secretario Miguel Guardia y del presidente de la AEM, el poeta Carlos Pellicer, presidente que de hecho ha delegado sus funciones en esta señorita "servicial" y turbulenta, que ha tenido el cuidado de lograr un antecedente que la ligara a los escritores de la América Latina: tradujo al inglés el famoso libro del Dr. Juan José Arévalo, El tiburón y las sardinas, y después el libelo anticomunista del renegado guatemalteco Carlos Manuel Pellicer.

En la secretaría de Gobernación June Cobb figura como corresponsal extranjera, lo que le daría derecho a pertenecer al Club de Corresponsales Extranjeros que tiene su sede en el hotel Hilton, y no a una asociación nacional como la de escritores, que tiene su sede en esa especie de multifamiliar de grupos de periodistas e intelectuales que es el Club de Periodistas de México.

June Cobb conoce muy bien los círculos culturales mexicanos, pues ha buscado amistad con pintores, escritores, actores, músicos y demás especialistas en la creación artística. ¿Qué misión vino a cumplir en nuestro país? Se sabe que trabaja a las órdenes del periodista Daniel James, responsable en la Agencia Central de Inteligencia de una oficina cuya función consiste en penetrar en los círculos intelectuales, tanto de los Estados Unidos como de otros países, usando como fachada supuestos encargos de investigaciones para universidades estadunidenses.

Si en el Perú la señorita Cobb pudo decirle a la Interpol "misión cumplida", según van las cosas, en México el reporte ante su jefe Daniel James y la Agencia Central de Inteligencia no será tan escueto ni tan brillante. En el cálculo de probabilidades que en torno a este extraño personaje hicieron los organismos de penetración y provocación de los Estados Unidos no tuvieron en cuenta que para moverse entre intelectuales no sólo hay que ser singularmente inteligente, como lo es la señorita Cobb, sino que, además y también, hay que ser intelectual, trabajar como intelectual, dormir y pensar como intelectual. Y resulta que la señorita Cobb trabaja, piensa, actúa y hasta duerme como agente secreto, aunque indiscreto.

No deja de llamar la atención el que por segunda vez aparezca [illegible] con el Instituto Cultural Mexicano-Israelí, ahora en el ciclo de conferencias. ¿Qué pasa con el teatro en México?", que "imaginaron" ella y Luis Guillermo Piazza y coordinó Wilberto Cantón, secretario de actividades teatrales de la Asociación de Escritores de México. Antes fue la Conferencia Latinoamericana sobre la Situación de los Judíos en la URSS, en cuya preparación mostróse muy activa la directora cultural del Instituto, Susana Gamboa, quien trató de que algunos grandes periódicos dedicaran sus suplementos culturales al tema de la "discriminación" de los judíos en la Unión Soviética, maniobra provocadora de la cual SUCESOS ha informado ampliamente.

Aunque la cultura siempre adorna y es agradable, da qué pensar el hecho de que a partir del ingreso de Sara Susana [illegible] (verdadero nombre de Susana Gamboa) el Instituto Cultural Mexicano-Israelí haya incrementado una serie de actividades que exceden la función específica de tales institutos, que es el intercambio cultural de México con [illegible] país amigo. El Instituto Cultural Mexicano-Israelí opera como una Dirección de Difusión Cultural o como un Instituto Nacional de Bellas Artes, y no se percibe en sus programas (como ocurre con el Instituto Mexicano-Norteamericano, o con el Anglo-Mexicano, o el Francés para la América Latina, o el de Intercambio Cultural Mexicano-Ruso) el interés o la intención de divulgar en México los valores tradicionales y las conquistas actuales de la muy antigua y a la vez muy joven cultura Israelí.

La bohemia un tanto cuanto camp que ha cundido en cierto sector de la intelectualidad mexicana ha sido buen caldo de cultivo para el planecito Camelot que seguramente trae en cartera la "servicial" June Cobb. Quizá no esté muy lejano el momento en que figuras tan respetadas como Francisco Monterde, Salvador Novo, Héctor Azar, Celestino Gorostiza, Luis Reyes de la Maza, Carlos Solórzano y otros se pregunten alarmados qué intereses culturales pueden compartir con un brillante y dinámico agente femenino de la Interpol, la FBI y la ACI.

Al centro, el escritor alemán Günter Grass; a la derecha, la señorita June Cobb y el escritor Monteforte Toledo.

El aviso publicado en los principales diarios de esta Capital el día 25 de mayo del año en curso, y suscrito por la Tesorería de la A.E.M.A.C., parece atribuir, por un mero error de redacción, el manejo indebido de fondos, a la Srita June Cobb, Secretaria Adjunta de la Asociación y, por lo mismo, nos complace aclarar que sólo se trataba de hacer una delimitación de funciones entre la Secretaría General de la Asociación y la Tesorería de la misma.

7.7 In. Leonov asks maid, who answers, for Enrique (Semo).
ES takes phone. ES has been looking for Leonov. Yes, L. got the message but at noontime, when ES is at home, Leonov has been very busy. (They talk to each other in familiar form.)
The University of Puebla has decided to invite a series of Ambs. to talk about the economic achievements of their countries. At the Economy School. France, USSR, U.S., Czech and other countries are invited. ES has the letter of invitation for Soviet Amb. What does Leonov think about this? Could this arrange this? They can try. Leonov understands that the Amb. is going onx vacations to Moscow at the end of this month, in 2 or 3 weeks. He is only waiting for the Councillor who is in Moscow (now) and Amb. will leave right after his return. Amb. will return in August. Perhaps there is someone else who could represent the Amb. The Councillor could go or some other "high-class" attache. Or First Secretary. ES says perhaps Leonov. No, he is too ignorant (joking). No. Leonov would be very good since he could talk Spanish. No, any person who would go, would speak Spanish. Yes, this is a lecture. It would be a person who speaks Spanish. ES thinks this would be a positive (act), a good opportunity. Leonov agrees. ES leaves Mexico today for 2 days. Perhaps they could see about this on Monday. ES could xxx send Leonov the letter meanwhile and then on Monday they can get together. Yes, they can set the time and place and will really meet. Leonov has no engagement on Monday so they could see each other at any time ES wants. ES asks if it wouldn't be good to talk to Amb. or someone on Monday. Leonov will take this up. ES will send Leonov the letter and perhaps he could arrange an interview for Monday. Leonov thinks it is not worthwhile for ES to talk to him. Leonov will talk to him (Amb.) and he (Amb) will tell Leonov frankly how things are and Leonov will give ES the message.. Then, they can have lunch together on Monday. Fine. ES wil go by for Leonov at 1400 on Monday.
ES asks how Leonov liked all the things and articles on the Jewish matter. They (Soviets) have sent everything there (to USSR). L. liked all of it. ES says that Leonov know that ....fell immediately and there is absolutely nothing on this. Leonov comments that - Besides, the people who participated lost prestige. Yes, they suffer...ES laughs. No, Leonov can tell him about the name of some people who call Leonov at times and they ....ES says - The people who signed the document. No, Leonov says, including persons like June Cobb. She called Leonov. ES has no idea of the repentance. JC gave Leonov her phone, asking him to help her - so doors are not closed to her. ES is surprised. She - did not want them to catalog her among their enemies (of Soviets), that she had nothing to do...This is a matter of fear. Leonov will tell ES all about it on Monday.

Traitor or Idealist?

William Morgan, deprived of U.S. citizenship in 1959 and executed in Cuba for treason in 1961, was described in secret Senate testimony as a loyal American "with ideals" who fought with Fidel Castro to overthrow the Batista dictatorship and [illegible] Castro "to blow the whistle" when he "finally realized that the Communists were taking over."

Viola June Cobb, who worked in Havana in 1959 and 1960 and knew Morgan well, appeared before the Senate Internal Security Subcommittee in 1962. Her testimony was released yesterday at her request for unexplained reasons.

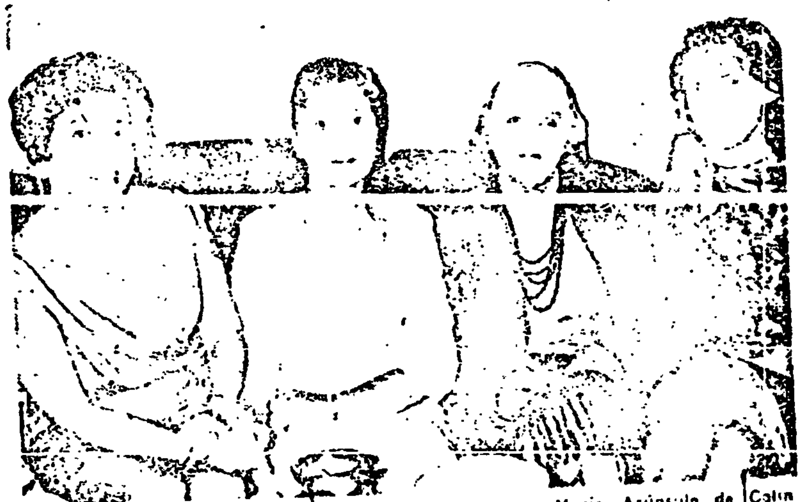
Fiesta de María José Chopitea



CONCEPCION de López Belloso, María José Chopitea, María Asúnsulo de Colín y June Cobb

Con motivo de su día onomástico, la escritora María José Chopitea ofreció la noche del sábado en su departamento de la calle Río Po, una alegre reunión.

Acudió un numeroso grupo de escritores, pintores, poetas, periodistas, quienes felicitaron a la anfitriona y disfrutaron de una velada muy alegre.

Los cocteles y bocadillos circularon al gusto de los presentes quienes cantaron y declamaron, en un derroche de inspiración.

"La Llorona" fue interpretada por un rato largo casi interminable, porque los versos se sucedían unos a otros en diferentes bocas.

Estanislao Rodríguez Ibarra, intérprete del salterio, deleitó a los concurrentes entre los que estaban, licenciado Benigno R. Jiménez y señora, Cecilia viuda de Espinosa Altamirano, Horacio Espinosa Altamirano, Helia D'Acosta, Marina Krauss, Juan García Jiménez, Eduardo Sierralta, Cristina Torres, Ivonne Garrido, Nicte Ha, María Asúnsolo de Colín, licenciado Mario Colín, Filiberto Aguilar, María del Carmen Aguilar, Manuel Vélez Ladrón de Guevara, Juan Fanhausser y señora, Cecilia Cárdenas, Fernando Gaytán, Angel Cañas y señora, Angelina Ibarra, María del Carmen Fuentes, y muchas más.

1. Station regrets the delay in keeping Headquarters informed of the progress of our association with LICOOKY-1. When the proposed amendment to the LIREAM Project involving LICOOKY was turned down, we informed her on her return to Mexico that we could no longer justify the continued association at the present rate since we were simply not getting enough out of it, but that if she could regularize her status here and obtain working papers, we would be more than happy to conclude a new arrangement with her. She felt there was little chance of this, and we then told her we would conclude our arrangement with her sometime in the summer. As indicated in paragraph 2 of the attachment, the date has now been established as 30 June, at which time all outstanding financial arrangements with her will be terminated and she will be given her air fare to New York.

2. Unfortunately, LICOOKY-1 seems to be incapable of realizing which side her bread is buttered on, at least here in Mexico. She cannot parcel her time out to her various interests, and therefore finds all her time taken up by her unpaid AEMAC duties. The profiles we have been harping on have not materialized except for the one submitted under HMMA-28831. We still hope for one on Francisco VILLAGRAN Kramer and such of the Mexican literary figures as amount in her judgment to "non-pigmies." We are not sanguine. We are still after a copy of Osegueda's paper on university reform.

3. The advance made her at Headquarters is being held over her as an inducement to give us the balance of her time before departure and finish in a blaze of activity. If she does this, we will write off the advance here. If she does not, $195 of the advance will be counted as her February salary, $48 as travel expenses from New York to Washington and the remainder will be written off.

4. Rather than go through the formality of a project amendment as per HMMW-14517, Station would prefer merely to consider the project as terminated as of 31 December 1956 and pick up subsequent costs in LIRANCH. A formal project termination will be submitted in the near [illegible].

LICOOKY Project Progress Report
1 October 1965 - 30 April 1966

1. Production

a. LICOOKY-1 has continued to devote the bulk of her time to the Mexican Writers' Association (AEM). She continues to handle most of its administrative work. She also organizes and does most of the work on the majority of the projects or activities which the AEM sponsors.

b. L-1 continued to report on efforts to establish the Latin American Writers' Community (CLE), including the results of the Organizing Congress in Arica, Chile. She reported on the steps taken by Mario Monteforte Toledo in beginning preparations for an early 1967 Congress in Mexico and on the AEM's probable role in helping organize that Congress.

c. L-1 supplied information on reactions among the Central American community in Mexico to the Guatemalan election campaign and results.

d. She maintained contact with and reported on individuals of interest to the Station, including Monteforte Toledo, Carlos Pellicer Cámara, Manuel Germán Parra, Francisco Villagran Kramer, and Raúl Osegueda Pelala.

SECRET

14-00000

e. LICOOKY-2 continued to report travel of Communists or leftists from Central America to Eastern Europe. During this period he reported on eight such travelers.

2. Operations

a. L-1 has been notified that she will be terminated effective 30 June. She has been given the following requirements to be fulfilled before that date.

Provide profiles on the personality and politics of significant Mexican and Central American intellectuals with whom she is acquainted.

Obtain information on the newly-formed Latin American Writers' Community, its probable political development, and progress toward the holding of its scheduled meeting in Mexico City in January 1967.

Obtain a copy of the analysis written by Raúl Osegueda Pelala of the problems of autonomous universities.

Special tasks such as reporting on the activity of Stasia Madrigal and on the UNAM student strike.

b. In order to accomplish the above tasks in the short time remaining, L-1 will be forced to curtail her ac-

SECRET

tivities at the AEM. There are enough jobs that need doing at AEM to occupy her full-time and therefore the immediate partial withdrawal from AEM work is a prerequisite to the accomplishment of these assignments.

c. Because L-1 has played such a key role in all AEM activities, and therefore in determining the direction and scope of these activities, her sudden withdrawal could result in important changes within AEM. Any major change in direction by AEM would probably become predictable once the identity of the person or persons who will move in to fill the vacancy left by L-1 become known. By having L-1 step aside now, rather than waiting until she is ready to leave Mexico, she may then be able to provide Station with an accurate account of any change resulting from her withdrawal.

d. L-2 has not been met regularly since 25 January. On that date he was given a mailing address which he uses to request a meeting only if he has information to report. L-2 is paid on a piece-rate basis for information supplied and does not receive a regular salary.

3. **Security**

No change.

4. **Personnel**

Handling of LICOOKY-1 was taken over by Gary H. Reymander, from Howard T. Etsinger, on 12 January 1966.

5. **Plans**

a. See paragraph 2a above.

b. It is possible that L-2 will, in the very near future, lose access to the travel information which he has been reporting, because he is being given new responsibilities in the office where he works. L-2 is intelligent, conscientious, and well-motivated. If he does lose his present access, the Station will consider him for other assignments in which he could be useful.

1. Attached, at long last, is LICOOKY-1's profile on Subject. While it is not as penetrating as it might be, it is better than we had expected. It is unfortunate that "Janet" is not available to query about the material allegedly turned in following L-1's return from Venezuela, since she is so insistent that she gave Janet quite a bundle of information.

2. This is the first of a series of profiles we hope L-1 can get around to preparing before she leaves Mexico.

3. L-1 has been instructed to do her best to obtain Subject's manuscript on university reform, which is now in the hands of someone at the UNAM press. This could be a highly popular subject in the train of the current trouble at the UNAM.

4. ~~No indexing is requested~~ here since nothing of substance is said about anyone except subject.

Fiesta de María José Chopitea

CONCEPCION de López Bellosо, María José Chopitea, María Asúnsulo de Colín y June Cobb

Con motivo de su día onomástico, la escritora María José Chopitea ofreció la noche del sábado en su departamento de la calle Río Po, una alegre reunión.

Acudió un numeroso grupo de escritores, pintores, poetas, periodistas, quienes felicitaron a la anfitriona y disfrutaron de una velada muy alegre.

Los cócteles y bocadillos circularon al gusto de los presentes quienes cantaron y declamaron, en un derroche de inspiración.

"La Llorona" fue interpretada por un rato largo casi interminable, porque los versos se sucedían unos a otros en diferentes bocas.

Estanislao Rodríguez Ibarra, intérprete del salterio, deleitó a los concurrentes entre los que estaban, licenciado Benigno B. Jiménez y señora, Cecilia viuda de Espinosa Altamirano, Horacio Espinosa Altamirano, Helia D'Acosta, Marina Krauss, Juan García Jiménez, Eduardo Sierralta, Cristina Torres, Ivonne Garrido, Nicte Ha, María Asúnsolo de Colín, licenciado Mario Colín, Filiberto Aguilar, María del Carmen Aguilar, Manuel Vélez Ladrón de Guevara, Juan Fanhausser y señora, Cecilia Cárdenas, Fernando Gaytán, Angel Cañas y señora, Angelina Ibarra, Mara del Carmen Fuentes, y muchas más.

MEMORANDUM FOR: CI Staff

SUBJECT : Alleged Planned Travel to Cuba of Estel Sakolowska

1. On 7 February LICOOKY-1 told the writer that Estel Sakolowska, a long-time acquaintance, had told her that she is planning a trip to Cuba. Sakolowska is now married to Mario Madrigal, a Costa Rican medical doctor who is now in Cuba. Sakolowska told LICOOKY-1 that she is now in the process of obtaining a (U.S.) passport for her child so that they can travel together to Cuba. This is her child's first passport. Her explanation for requesting the passport is for making a trip to Costa Rica. Sakolowska claims that the passport application is now in the State Department "Security Section".

2. Sakolowska also told LICOOKY-1 that the "Prensa Latina Bureau Chief" had proposed to her an apparent intelligence mission to accomplish enroute to Cuba. She believes this mission is to take place in Miami. LICOOKY-1 reported that on 7 February Sakolowska had a luncheon engagement with "someone" at the United Nations and speculates it may be to pick up a package to take to someone in Cuba. LICOOKY-1 further speculates that this may only be a gift to someone in Cuba.

3. LICOOKY stated that she had no additional information. It should be noted, however, that this item was given in a last minute rush just prior to her departure from the writer. LICOOKY-1 expects to be in New York until the end of February.

4. LICOOKY-1 states that Sakolowska has been a long-time "left winger". LICOOKY-1 reported earlier on Sakolowska and her connections with revolutionaries in Central America and Havana in dispatch HMMA 27924 dated 21 September 1965 pages 4 and 6. This office is planning no further action on this matter and in line with the writer's telephone conversation with Frank Hughes of the CI Staff today, we understand your office will be coordinating the Subject with the FBI and State Department.

MEMORANDUM FOR: CI Staff att Mr. Hughes

INFO : WH/C Attention: Mr. Castoro

SUBJECT : Alleged Planned Travel to Cuba of Estelle Sokolowska

REFERENCE : Memo, Same Subject, Dated 8 February 1966

1. On 22 February LICOOKY-1 told me that the referenced Prensa Latina correspondent, according to Sokolowska, had just advised her she would receive $500 operational expenses for the alleged intelligence assignment in the Miami area and $450 for travel presumably to Cuba. This information was passed orally to your office 23 February.

2. On 28 February LICOOKY-1 told me that while visiting with Sokolowska in New York on 23 February two FBI agents called at the Sokolowska apartment and interviewed Sokolowska about her intended travel to Cuba. According to L-1 the agents warned Sokolowska that she would be in serious trouble if she attempted such trip. The interview went on about three hours during which time L-1 remained in Sokolowska's apartment, sometimes in the living room and sometimes in the kitchen where the interview reportedly was taking place. L-1 stated that as a result of the warning by the FBI agents Sokolowska later told L-1 she would not make the trip.

3. Presumably the FBI, if the above story is accurate, had reason for this reported action even though from the limited information available, from L-1, there would seem a possibility of other more profitable courses of action.

4. L-1 states that Sokolowska had heard that her husband, now in Cuba, was living in Sokolowska's house and with a nurse to whom he was (engaged). It was partially for this reason Sokolowska wished to visit Cuba at this time.

5. This office is taking no further action on this matter unless so requested and suggests that addressees coordinate any planned ~~advice~~ action on this matter ~~to~~ with the Bureau.

SUBJECT : Rose and George SIMINOW Plans for Vietnam Conscientious Objector Demonstration

1. Confirming telephone conversation with your office March 1st the following information was obtained from LICOOKY-1 in Washington on February 28th:

Rose SIMINOW, 382 Central Park West, New York City, long-time communist and contact of LICOOKY-1, told L-1 at several meetings during February that she was making plans for a demonstration against the U.S. role in Vietnam. Rose's son, George, discharged about September 65 from the military after active duty in Panama, expected to be recalled for active duty in Vietnam as a member of a military reserve unit. It is planned that if recalled George will refuse induction as a conscientious objector and mass demonstrations will be promoted in New York. Rose has had discussions with a "constitutionalist lawyer", one Boudion, to handle the expected court trial. Boudien's secretary, Teresa, is a friend of Rose. Rose plans to pay the initial attorney fees after which she will launch a national drive to raise funds. According to Rose, Boudine is "swamped" with similar cases. Rose is employed by Wolf Popper Jones Ross and Wolf. She has been a secretary for ten to fifteen years.

2. This office is taking no further action on this report unless so requested. Please advise if this matter is turned over to the FBI or any other action taken.

MEMORANDUM FOR: CI/Staff

ATTENTION: Mr. Frank Hughes

INFORMATION: WH/C, Mr. John Castoro
CWH/FI

SUBJECT: Alleged Planned Travel to Cuba of Estelle SOKOLOWSKA

SOURCE: LICOOKY-1

REFERENCE: Memoranda, same subject, dated 8 February and 1 March 1966.

1. Further to references, the writer again saw LICOOKY-1 in New York on 8 March. In that this new information clarifies and elaborates on Subject's alleged espionage intentions, it is believed best to recapitulate the whole story obtained during the course of the past month.

2. SOKOLOWSKA's husband, a Costa Rican medical doctor, by the name of Mario MADRIGAL, is now in Cuba with a profitable job and living in a house assigned to him with a Cuban nurse with whom he is "engaged." Subject is desirous of returning to Cuba in that she admires CASTRO and what she believes he is doing for Cuba, and wishes to assist in the "cause." She gained this impression during her stay in Cuba in the early 60's, at which time she personally met CASTRO and was befriended by him. Her desire to return is also influenced by the need to care for her two children and she plans to move in with her husband from whom she expects support. She no longer has any love for her husband, In New York Subject stays with her mother, a not too well informed Polish peasant immigrant.

3. An as yet unidentified Cuban UN representative in NY visited Cuba during the 1965 XMas holidays. While there he had one meeting with Subject's husband and upon returning to NY delivered a letter from the husband to Subject. From this first meeting, Subject was gradually drafted by the Cuban UN representative (hereafter referred to as CUIS rep) for intelligence purposes.

4. This culminated in Subject's departure from New York on the Atlantic Seaboard "Champion" train on 7 March for Miami. On 5 or 6 March, before her departure, the CUIS rep gave Subject a written list of questions to be used for cultivating and gaining the confidence of Cuban exiles in the Miami area to learn more about their organizational design and plans for work against Cuba.

SECRET

Subject's cover for this assignment is to gather material for a book she plans to write on the Cuban Revolution. The questions themselves are not intelligence requirements and reputedly are along the lines of "what was your role in the invasion attempt? Why did your particular sortie fail? etc." Pertinent here, however, is that the CUIS rep told Subject that he is very interested in the "Municipalidades" organizational development by the Cuban exiles. He said this was the smartest thing the exiles have done. Source stated that she understands the exile community has regrouped into cell organizations so that exiles from the same community from their homes in Cuba now form the individual cells. In this fashion they can better protect themselves from penetration and will be a better informed and cohesive group. Subject was given $550. for the Miami trip expenses. Source saw the money. Subject plans to spend two or three weeks on this mission and then return to NY to report to the CUIS rep.

5. Subject is taking her two children with her to Miami and is taking along a "babysitter." Subject had wanted to take a Puerto Rican girl [illegible] in NY, but as the PR girl could not obtain a leave of absence from her job, the PR girl's brother is serving as babysitter. He is described as being in his early twenties and is a supporter of CASTRO. Subject's immediate problem is to obtain entre to the Cuban exiles and a cheap way to live in the Miami area. To accomplish this she has re-established contact with a former acquaintance and ally, one Jerry HEMING. HEMING is described as being an American member of the William Morgan group in the invasion attempt. Subject met HEMING in the Frente Sandino in Nicaragua. She re-established this contact by finding an old Miami telephone number for HEMING and spoke to a person at this number who identified himself as "Little Joe." Little Joe said that HEMING moved but that he could put her in touch with him.

6. Subject told source she was delighted at having received a passport for herself and her children and permission from the State Department to travel to Cuba with them. Permission was granted on compassionate grounds. She was so excited at this development she immediately telephoned the CUIS rep despite an earlier admonition to never again call him at his office. He said his business is strictly compartmented from other members of the Cuban UN group. Subject stated that with her passport she now will be able to travel to Europe after returning to Cuba. Source understands that European travel will be for Cuban intelligence purposes but has no details. Source speculates that because Subject is fluent in Polish and French, with some knowledge of German, coupled with her American citizenship and Polish background, she will be able to gain entre into European Bloc circles to glean what she can of their true feelings and intent to the CASTRO government. Upon completion of her Miami mission and her return to NY, Subject then plans to depart to Cuba via Mexico. She plans only about two days in Mexico. She will be provided travel funds by the CUIS rep.

7. Source explained that Subject promised to advise source where she will be staying in the Miami area. Source has been requested to remain in NY until the morning of 10 March in the hope that this information will be forthcoming. Source was also requested to consider the feasibility of visiting the Miami area to determine Subject's whereabouts. Source stated that an excuse for this visit could be to visit Dr. SHAPPER and his wife in Miami in that they are leaving NY 9 March for a long-planned 10 day holiday there. Both Subject and Source are close friends of SHAPPER so this arrangement would be plausible. In this regard, Source stated that to save all concerned from embarrassment, she advised SHAPPER not to question Subject too closely as to Subject's plans upon Subject's departure from NY in that SHAPPER was under the impression that Subject was travelling directly to Cuba. Source implied to SHAPPER that Subject has to "earn her way" to Cuba. SHAPPER was described as being in no way connected with Subject's assignment nor to be in sympathy with such business. The SHAPPERS plan to stay in the Nichols Hotel, Miami Beach, Collins Avenue.

8. [illegible] Source's [illegible] of Subject being naive as to the happenings in Cuba. Source said that when discussing some aspects of the true situation there, Che GUEVARRA's name came up. When Source suggested that Che may have been done in, Subject responded that this certainly was not the case. Subject stated that about 3 March one of Che's "close aides" arrived in NY. Source understands this aide came to NY for contact with the Cuban UN group. Subject learned this from the CUIS rep.

9. The CUIS rep is described as being 5'3" to 5'4" tall, slight build, small features, tiny moustache, a "latin type" but not dark. He looks like Harold MARTINEZ, the father of Subject's first baby. Source now states that the CUIS rep is probably not a Prensa Latina rep as Subject stated this assignment is furthering his diplomatic career. The CUIS rep had meetings with Subject at least three times at Subject's home.

10. Depending upon developments by the morning of 10 March, Source may be asked to transit Washington for another meeting while enroute to Mexico. It is understood that Your Office will undertake the necessary coordination with other components and other Agencies and that this Office will take no further action pending your advice and request.

Jack,

I briefed Gaines for 30 minutes on LICOOKY giving him the full background on her bio, education, CIA relationship---from recruitment through current use in Mexico. My suggestion was that she be told to go to NY and find a job which would give her a means of livelihood as well as cover for any future CIA income. After 6 months (or some other specific period of time) it would be arranged that either we contact her or she contact us to determine what her personal situation was and whether she would then be in a position to target against selected persons of interest to CIA in the NY area. She could then be paid on a spot basis for herCIA work. Mr. Gaines wanted to think about it but thought that this would be the best approach. He will talk to you before Friday.

His only question was whether we had any indication whether she was under development by the opposition---Soviet, Cuban, etc. I told him that as far as I knew there was no such indication. If I am wrong (per your and Bill Johnson's recent activity) you better correct this.

PRIORITY

Action Required: As Noted

1. Electronic data processing methods of the Internal Revenue Service have made it necessary to effect a procedure by which Social Security self-employment taxes and credits may be securely transferred for those Contract Agents (Independent Contractors) who do not have an attributable cover source for income earned under their contracts. Such individuals will be taxed under the Social Security ... provisions applicable to Contract Employees. Deductions at the employee rate will begin 1 December 1964 (beginning of the 1965 tax year) on contract compensation.

2. The attached amendment is for your retention and includes the Contract Agents who should participate in the new procedure. Acceptance by the individual is presumed since his Social Security tax is at a lesser rate for the same credits.

a. It is suggested the individual under written contract be asked to sign the amendment.

XXX Miss Joyce H. Piseinch

Dear XXX Miss Piseinch :

Reference is made to your current ~~contract~~ Memorandum of Oral Commitment with the United States Government, as represented by the Contracting Officer.

Arrangements have been recently completed allowing certain independent contractors of this organization to obtain social security credits by covering such individuals under the social security tax provisions applicable to employees. These arrangements also include a provision for retroactive applicability to the beginning of the 1965 tax year. This can be done only for reasons of security since the procedure results in reducing the social security tax from the self-employed rate to the employee rate. For example, in January of 1965 the tax rates were 5.4% and 3-5/8% respectively.

As a consequence thereof, said contract is amended by deleting all reference to social security and by adding the following paragraph:

"Effective 1 December 1964, social security taxes will be covertly deducted by this organization from your compensation in the same manner and to the same extent as would be done if you were a Government employee. Security reasons make this procedure necessary. Its implementation does not imply in any manner the actual creation of an employee-employer relationship. Your legal status under this agreement continues to be that of an independent contractor.

If you receive or expect to receive full or partial social security credits from overt sources you will so notify this organization and an ~~adjustment will be made or covert deductions discontinued, depending~~ upon the circumstances. Further, if you should subsequently receive overt social security credits, evidence thereof will be submitted to this organization. In such event your covert credits will be erased and your covert deductions returned.

All other terms and conditions of said contract remain in full force and effect.

1. LICOOKY-1's efforts as described in reference have substantial merit and some potential particularly if the Station can find a way to tie them in with the LIREAM effort in the intellectual field.

2. LICOOKY-1 certainly is to be commended for her effort in getting writers both of the right and left such as Carlos PELLICER Camara to join the AEM. From a KUBARK standpoint the most interesting contact is the one with PELLICER because he has been the reported force behind the COMES/CLE effort in Mexico.

3. Although her assigned tasks as reported in para 7 a, b and d of the LILINK memo do not entail making her witting of other Station assets engaged in MHSPAWN Ops among the intellectuals, an amendment to her OA is required, and one has been requested. If her efforts progress to the point where she might be able to influence leftist writers in their efforts to establish the CLE in Mexico (para 7 c of LILINK memo) Headquarters should be forwarded your ideas on why and how LICOOKY-1 should be used as an active MHSPAWN agent, and another ammendment will be required for this role.

4. ANDRIETTE will discuss this operation with the Station during his TDY.

5. In view if the restricted OA which confines KUBARK's association with LICOOKY-1, it is important that Headquarters remain aware of any unusual activity in her personal life which might affect her security or the granting of amendments to her OA for individual operations. Therefore, we would appreciate your keeping us informed on a more timely basis of any undertakings such as the recruitments for membership in the AEM described in reference.

LICOOKY Project Progress Report

March, 1965

1. Production

The LICOOKY Project has not produced any information reports during this reporting period. During this period LICOOKY-1 has been reporting on her activities and working as follows:

a. L-1 learned that the Guatemalan PGT have approached Bartolomé Costa-Amic about printing a "news letter" to be distributed in Guatemala. When this occurs she will be able to obtain copies and identify the authors and other pertinent details.

b. Continuing reports on the activities of Miguel Angel Toralla Burgos, Guatemalan guerrilla now in exile in Mexico. L-1 has established that Toralla meets Victor Manuel Gutiérrez once a week at some undisclosed place and time.

c. L-1 is attempting to identify and obtain the address and telephone of one "Juanita". "Juanita" acts as a courier to Guatemala for Gutierrez and also acts as a cut out between Gutierrez and Dr. Raul Oseguida Pelala. It has been established that Gutierrez always uses "Juanita's" phone to make his telephone calls. "Juanita" also takes telephone calls for Guitiérres.

d. L-1 is attempting to identify one "Jorge Carrarza", posing as an attorney in Cuidad Hidalgo. It has been established that "Jorge Carranza" is a psuedonym for a woman who is

SECRET

GROUP 1 Excluded from automatic downgrading and declassification

in contact with Miguel Toralla and apparently a Guatemalan living in Ciudad Hidalgo who is a part of the commo system between the Guatemalan Communist exiles in Mexico and Party Members in Guatemala.

e. L-1 continues reporting target study data on Margarita Paz Paredes and Djuka Julius.

f. L-1 completed basic target studies on Amelia Castillo Ledon, new Mexican ambassador to Austria, and Alejandro Gomez Maganda, new Mexican ambassador to Panama.

g. L-1 is preparing a target study on Victor Urquidi, an advisor to the Secretary of Treasury.

h. L-1 has been instructed to report as fully as possible on Ernesto Madero, former chargé d' affaires in Moscow and who now has a responsible position in the Foreign Office.

i. L-1 is attempting to identify 11 Nicaraguan guerrillas now living in Mexico and being assisted by Edelberto Torres Espinosa and to get a line on their activities.

j. L-1 is also attempting to identify a group of Central Americans, Salvadoreans, Nicaraguans and Guatemalans, who are meeting with Luis Manuel Zuñiga.

k. L-1 has been instructed to try and locate one Victor Rico Galan and discover his present activities.

l. L-1 has been the source of information which provided the foundation for an CA operation against the PCM. L-1 has been seeing Maria Teresa Retes de Revueltas, wife of

14-00000

Jose Revueltas, Communist landmark personality in Mexico for the past several years, on a regular basis. Jose Revueltas has become an alcoholic and for the last several weeks has been living with an Indian girl. Mrs. Revueltas blames this situation of her husbands relationship with two brothers Arturo and Jorge Filio and on Jaime Navarro. According to Mrs. Revueltas these three are engaged in smuggling contraband goods into Mexico and are also engaged in ~~smuggling~~ drug activities. Mrs. Revueltas claims that they use their smuggling channels to help the PCM pass items and bodies in and out of the country. Jose Revueltas was the contact man between this group and ~~Alfredo~~ David ALFARO Siqueiros and Luis Arenal who were interested in smuggling Guillermo Rousset Banda accused of murdering Carlos Farias Jimenez, both known Communists, out of the country. There has been speculation that this murder was the result of differences between the Pro-Soviet and Pro-Communist China groups of PCM. Mrs. Revueltas believes that if she could cause the arrest of the Filios and Navarro she could rescue her husband from their influence. At L-1's suggestion, she wrote an anonymous letter denouncing the Filios and Navarro, describing their activities, types of contraband the addresses where the contraband was located. Mrs. Revueltas was told by L-1 she would give it to a friend of hers on the Narcotics Board in Mexico.

14-00000

The letter was passed to the Station where it will reach the proper Mexican authorities. This may not work, but if the information provided by Mrs. Revueltós is true and the group is arrested, publicity plus additional help from the stations publicity can create a damaging scandal against the PCM.

L-1 has been additionally instructed of the requirements outlined in para 2 of Ref. B.

LICOOKY-2 reported on 15 March that Judith Ferreto called him to send a ticket to San Jose, Costa Rica for Manuel Mora or to the person to whom he assigns it. The ticket was for travel from San Jose to Mexico City. On March 18 Ferreto called saying Mora was in the city and had not used the ticket but had given it to Señora Carmen Lopez de Ferreto who travelled to Mexico on 21 March. Ferreto called again on 26 March making a reservation for Carmen de Ferreto's return to San Jose on 1 April.

L-2 took advantage of this phone call to remark to Ferreto that there had been little travel lately. She told him there was no explanation other than people were just not travelling. She said she expected there would be some movement of students this summer.

2. Operations

I In order to better control and guide L-1's work, two steps have been taken. Discussions with L-1 have been directed toward blocking out and defining the goals she should achieve during the

14-00000

next three months period. For each meeting she prepares an "activities report". In this report she outlines her activities for the preceeding week, the tasks she was working on, the people she was in contact with and the results. She also lists the tasks she will work on during the coming week, the people she will see, etc.

L-1 is handicapped in this work since she has no control over her contacts and has to be extremely discreet in her eliciting of the facts. Many times her plans go awry since during a given conversation there is no opening to bring up the subject she wished to discuss.

3. Security

Both LICOOKY-1 and-2 appear to recognize the security implications of their work. Neither are curious about their case officers. They follow their instructions concerning the security of their meetings and commo with their case officers. During the reporting period their has been no evidence of any unusual security problems.

4. Personnel

LICOOKY-1 has regained her good health and her morale is high. Now that she has a permanent base of operations, in that she has her apartment furnished and a telephone, she is resuming her regular contacts that were broken when she was ill and living in a series of different locations.

During the present case officer's contact with L-1, she has not presented the personality described in Para 3 of Ref B. She

is an intelligent woman, and in all our meetings she has appeared mature and attentive. She has been prompt and reliable in her meetings. She discusses her problems calmly and accepts instruction and criticism without argument. She has responded well to instructions and has worked hard in trying to improve her reporting. She appears to be well adjusted to her environment which is most extremely trying at times.

In discussions concerning the Communist and leftist movements, she admitted that at one time she was influenced by their ideology, but as she had grown older and had observed more of their activities and personalities, she had lost all respect for them. She said that she had been fooled by Fidel Castro in his early days and had thought he would be good for Cuba, but as events have developed she has seen how mistaken she had been originally. She also commented that in long talks with LINLUCK, he had opened her eyes to the fallacy of the Communist ideology. In all of these conversations she has appeared sincere in her statements. Her liason with LINLUCK appears to be based on deep affection for him and not on promiscuity. The case officer has the impression that if there was not a present Mrs. LINLUCK she would become legally his wife. This is a problem that may have to be faced in the future.

LICOOKY-2 doesn't present any personnel problem. While his niche is a small one and his access is limited, his assignments are carried out conscientiously.

5. Problems

There are no unusual problems presented by this project.

LICOOKY-2 admitted the access to her communist contacts here had been hurt as a result of her known association with LINLUCK at the time he publicly broke with the party. As an example of this, Miguel Toralla told her that Gutierrez had referred to LINLUCK and LICOOKY-1 as "enemies" of the party and that he had been reprimanded for seeing LINLUCK when he first arrived in town. He had been forbidden to see either one of them.

6. Effectiveness

LICOOKY-1's target studies and suggestions on possible recruitment approaches has been helpful. While her reporting for the past month has not produced any Information Reports, it has kept the station aware of the activities in her particular area of access. If she is successful in performing her tasks as outlined in the paragraph under "Production" above, such information will be useful to the station. LICOOKY-2's effectiveness is limited to his narrow target, but such travel information that he does provide does serve a useful purpose.

7. Plans

It is planned to continue the present direction and guidance given to LICOOKY-1 in an effort to increase the quantity and quality of her production.

The same attention will be given to LICOOKY-2.

SUBJECT CUBAN PURCHASE OF MEXICAN COFFEE SEED

ACQ MEXICO, MEXICO CITY (14 DECEMBER 1966) FIELD NO.

SOURCE A MEXICAN INTELLECTUAL WHO IS A NEW UNWITTING REPORTING ASSET. SOURCE IS IN CLOSE CONTACT AND ON FRIENDLY TERMS WITH CUBAN OFFICIALS TRAVELING TO MEXICO CITY.

1. ISMAEL SUAREZ DE LA PAZ HAS SPENT MORE THAN A MONTH IN MEXICO ON A SPECIAL COFFEE SEED BUYING MISSION FOR CUBAN PREMIER FIDEL CASTRO RUZ. (HEADQUARTERS COMMENT: SUAREZ ARRIVED IN MEXICO 23 OCTOBER 1966 ASSIGNED AS AN ATTACHE IN THE COMMERCIAL SECTION OF THE CUBAN EMBASSY). WHEN SUAREZ FINALLY CONCLUDED NEGOTIATIONS FOR THE PURCHASE OF TEN TONS OF SEED, HE FOUND UPON DELIVERY THAT THE MEXICANS HAD WET THE SEED AND THAT MOISTURE ACCOUNTED FOR ONE TON OF THE WEIGHT OF THE SHIPMENT. THIS DECEPTION REPRESENTED A LOSS OF $10,000.00 (U.S. DOLLARS) TO THE CUBANS.

14-00000

2. SUAREZ SAID THAT CUBA WAS TRYING TO INCREASE ITS PRODUCTION OF COFFEE TO OFFSET LOSSES SUFFERED IN RECENT HURRICANES AND GENERALLY TO BUILD UP ITS CROP OF COFFEE FOR EXPORT IN ORDER TO ACQUIRE ADDITIONAL HARD CURRENCY EXCHANGE.

3. DURING THE WEEK OF 18 DECEMBER SUAREZ PLANS TO VISIT COFFEE PLANTATIONS IN CHIAPAS STATE WHERE HE HOPES TO PURCHASE ADDITIONAL SEED.

4. (FIELD COMMENT: AN INDEPENDENT USUALLY RELIABLE SOURCE HAS REPORTED THAT SUAREZ HAS BOUGHT APPROXIMATELY 15 TONS OF MEXICAN COFFEE SEED AND IS TRYING TO BUY MORE. THIS SOURCE ALSO CONFIRMED THAT THE MEXICANS HAD CHEATED THE CUBANS BY WETTING THE SEED TO INCREASE ITS WEIGHT. THE SEED IS BEING FLOWN TO HAVANA BY CUBANA AIRLINES. SUAREZ INSTRUCTED THE CUBANA REPRESENTATIVE IN MEXICO TO ARRANGE TO HAVE THE SEED WELL AIRED AS SOON AS IT REACHES HAVANA.)

ACTION REQUIRED - REFERENCES

MICROFILMED DEC 7 1966 DOC. MICRO. SER.

Reference: HMMA 30540 of 10 November 1966

1. A PRQ Part II for LIRING-3 is being forwarded under separate cover. It is to be noted that LIRING-3 has not been recruited in the name of WOFACT, but instead is engaged in clandestine activities for Wallace B. ROWTON, who LIRING-3 believes is a Greek businessman with international connections who requires economic, political and personality information in order to conduct his business.

2. The fact that LIRING-3 is not aware of his WOFACT connection, at the present time, outweights the value which would accrue were an attempt made to make him knowledgeable. He performs clandestinely for ROWTON and he is actually attacking priority targets. In this way he works against the target with a clear conscience and his left-wing sentiments are not threatened.

3. The operation is moving, however, toward the eventual full recruitment of LIRING-3, but it is moving slowly in that direction because of the political and social beliefs of Subject. One advantage of this false flag recruitment of this individual, at the present time, is the fact that he is able to enter the target area without fear of capture and exposure as an enemy agent. Under the present plan of operation he believes his work actually is aiding the revolution which he believes in from an idealistic standpoint.

Subject: Review and Assessment of LIRING Operation.

I. Background, Character and Assessment of LIRING/3:

1. Liring/3 (Subject) is a 36-year-old Mexican artist of the Diego Rivera School and an atheisitic existentialist oriented toward the philosophy of Jean Paul Sartre, with relatively strong leftist political convictions. He has produced a fair amount of painting and had relatively good success in murals both in Cuba and Mexico, but has not succeeded in selling many of his works, despite numerous expositions, sponsored by the Mexican Government plastic arts organization (Bellas Artes). Because of his family, educational and environmental background, Subject feels that his work has not been appreciated for its intrinsic worth by the Mexican Government and tends to blame his political convictions for this lack of acceptance. Subject, however, has, as he himself asserts, no feelings of bitterness or resentment, although he frequently experiences the "anguish, forelornness and lonliness" of the existentialist, but he has not permitted himself to degenerate into a beatnik either in his personal or artistic life. Subject has confided to Rowton that he has no real friends and that he has withdrawn from society, the dictates of which he cannot accept. He enjoys the prospect of travel, especially abroad, "to develop his art" but also as an escape from the pressures and obligations of the social life he has been forced to lead in Mexico.

2. Shortly after he met Rowton, in April, 1966, Subject confessed that he felt himself at a critical point in his personal and artistic life. He indicated that he felt the paradoxes inherent in his philosophy were overwhelming and depressing him and that he welcomed friendship with Rowton, an experienced foreigner whom he felt he could trust implicitly. At one critical point, Subject quit his rather tedious job with the Ministry of Education (teaching art in a public school) with the comment that "everyone must make personal decisions and take risks, and I have decided to throw my lot in with you (Rowton) for better or worse, and so have quit the job since it was interfering with my availability". This he did without knowing any more about Rowton than his name, which technical surveillance revealed he did not accept as a true name, and with no guarantees of future financial support from Rowton. Rowton, in his conversations with Subject, has been careful not to reveal any data concerning his personal life and background, including his permanent or local address, providing Subject only with the number of a telephone answering service, and using the safehouse rented by Subject as a principal point of contact. Subject has accepted money from Rowton, at first only for previously approved expenses, and subsequently for his personal use, but has accepted Rowton's initiative in this matter, and made no demands on Rowton for remuneration for services rendered. He has been meticulous in accounting for funds and shown no reluctance to sign receipts presented to him by Rowton (with his true-name signature). Subject has confessed (and shown) an almost complete lack of experience in business and intelligence work, but has accepted Rowton's guidance, where required, without hesitation.

3. Subject, in his political outlook, is left of center, with a history of revolutionary activity in Cuba from 1961 until his return to Mexico in 1964. Subject has insisted to Rowton that, because of his (existentialist) philosophy, he has never permitted himself to join any organization, including the communist party, although he has given moral and material suport to revolutionary movements both in Cuba and thus Mexico. Subject has confessed his disillusionment with many of the revolutionary leaders in Cuba and with all of the Mexican leaders, remarking that sooner or later "the real" revolution will come to Mexico to eliminate the corruption and injustice that prevails throughout the country. Subject, however feels that in the meantime he must live under a more practical philosophy of daily life and is willing to make the necessary compromises to assist Rowton in his busines affairs. Subject has shown no reluctance to exploit his friends, and even his wife, to be of specific service to Rowton, and has, on numerous occasions, volunteered to do so with Rowton's approval. This appears to Rowton to be a reflection of the existentialist conviction that his philosophy gives him freedom to choose without dependency, obligation or justification.

4. Rowton is aware that Subject is currently undergoing a decisive climacteric, the future direction of which is not as yet certain. Rowton has succeeded in making Subject compromise a great deal with his past ideals particularly concerning deep involvement with other people and acceptance of financial support for purely business transactions, and for this reason has hesitated to uncover for Subject any of the mystery surrounding his own life and activities. Subject dislikes "northamericans" and considers life in the U.S., with which he is not familiar from experience, as corrupt and decadent. Rowton feels that he can eventually break down Subject's prejudice, if this proves to be necessary and worthwhile, but it would be fatal at this time for Rowton to reveal his [ ] and [ ] connections. Subject is, in his own words, completely confident of Rowton's good will toward him and is, at least for the moment, totally dependent upon him for guidance as well as financial support. Any attempt at direct recruitment for [ ] at this point would, in Rowton's opinion be counterproductive. In his various contacts with the Cubans thus far, particularly his current visit to Havana on what appears to be an IS briefing, Subject can in all respects act naturally, without the feeling that he is concealing anything from his Cuban friends, simply because he is unwitting of Rowton's true affiliations and intentions. If he were witting, he would appear to all concerned to be suffering from a severe psychological crisis, and certainly would not be in a good position to produce useful information or inspire confidence. Subject is under some strain as a result of his current relationship with Rowton in his capacity as an international bourgeois businessman, a fact attested to by his wife to Rowton on 7 November when she expressed concern over Subject's recent moodiness and lack of interest in painting. Subject has also become involved in a love affair with one of his rich art students, a Mexican woman who is known to visit Subject at the safehouse.

5. In summation Rowton feels that Subject is excellent potential agent material, both because of his background and experience as well as his direct access to targets of interest. The problems inherent in his philosophical and psychological make-up will continue to be taken into consideration in developing Subject's full potential. The obvious disadvantages of Subject's unwitting status vis-a-vis [ ] can be overcome by careful handling of Subject and increased control over him in the future.

B- Development of LIENVOY/3 by Rowton:

6. Rowton met Subject in April,1966, by cold approach in the art studio where Subject at the time was presenting his latest works under sponsorship of Bellas Artes. Rowton posed as a Greek businessman interested in Subject's style and his immediate objective at the time was to ascertain the address in New York City of Subject's wife's father (a Cuban of Chinese origin who had left Cuba as a refugee). Rowton, feeling that he had to present an above-average prospect to Subject to permit future meetings, alleged that he was anxious to arrange for the painting of a mural to be installed in a New York nightclub owned by a Greek friend of his (Rita Dimitri, owner and performer at the "La Chansonette"). Rowton felt that pin-pointing a "New York nihhgtclub" would have the double advantage of determining Subject's sentiments toward working in New York City and in a bourgeois environment.

7. Subject reacted very favorably to the initial approach and accepted Rowton's invitation to dinner in the company of Subject's wife the next evening. Both Subject and his wife were cautious in revealing any specific data concerning their background and personal history, but neither concealed their mutual approval of Castro's regime and dislike for the corruption in Mexico. As a result of this meeting Rowton realized that any attempt at a direct approach to either Subject or his wife, who was then employed part-time at the Cuban Consulate, would be conterproductive and that a more subtle approach would have to be developed. Rowton decided that a strong personal relationship developed bwith Subject would be productive and could eventually lead to useful production on Subject's part.

8. When, therefore, on 2 May,1966, Subject eXpressed gratification at having met Rowton and indicated that he wished to continue his friendly contacts, regardless of whether Rowton purchased his painting or arrganged for the mural, Rowton ~~px~~ moved in with an offer to "hire" Subject as his business associate on an unofficial basis, so that Subject could acquire a degree of indeeence financially and perhaps do some traveling for Rowton. In order to develop as much clandestinity as possible in his future contacts with Subject, Rowton explained that he was simply a tourist in Mexico and as such not permitted to engage in lucrative business activities. He would therefore have to depend on Subject's discretion in any dealings he might have with him. Subject accepted this as quite normal but pointed out to Roton his limitations xas far as business training and experience went. In reply to Rowton's query, he did confess,however, that he had excellent contacts in Havana that could be exploited for business dealings with Cuba. He volunteered to make an exploratory trip to Havana to renew his friendship with the perons concerned. Rowton accepted this offer, not only to test Subject's story but also to seize the occasion to be in a position to provide Subject with money to make the trip and thus compromise him somewhat at the outset.

9. Rowton's next move was to explain to Subject that he had a long-term interest in Cuba and hoped to do a great deal of business in the fu-utre but first felt it was essential that both he and Subject develop the proper contacts inside to ensure success. Subject readily agreed to this and felt relieved that Rowton did not expect him to produce concrete results overnight. When Rowton, therefore suggested that Subject find and rent a safehouse for entertainment and development of prospective contacts, Subject went to work immediately without question. (Althoug Rowton's suggestion was first made on 17 June, Subject did not succeed in finding a suitable place until the end of July.) This project, however, gave Subject something specific and relatively clandestine to do for Rowton without seriously compromising any of his principles. Subject, as it developed later, was intereste in such a hide-away, unknowa even to his wife, for his own purposes.

10. Inasmuch as Subject and his wife had long lived an almost ascetic life in a small sparcely furnished apartment with no apparent luxuries and dressed in the simplest and apparently most inexpensive clothing available, and furthermore apparently did not have any conscious desire to improve their living conditions, Rowton realized that financial control over Subject would be difficult to establish unless Subject and his wife could be made to lift their eyes to see a more comfortable and promising life within their reach. He therefore chose some of the best restaurants for lunch dates with Subject (prior to the renting of the safehouse), brought several relatively expensive dolls and toys for their child, arranged through the COS to have a credit account opened for Subject and his wife at Sears Roebuck Stores and was able to present Subject with a credit card that would enable Subject and his wife to make effortless purchases on credit. Rowton also persuaded Subject to open a checking account at the Banco de Londres y Mexico, ostensibly so that he could keep better track of the rent payments on the safehouse. All these bourgeois trappings were calculated to raise Subject and his family fromthe complacent proletariat standard of living into which they had sunk. Subject expressed to Rowton his appreciation for such gestures and confessed that he now realized the importance of these outward signs of respectability and as a result felt more able to step into the world of higher society. His wife also revealed in her comments of appreciation to Rowton that she welcomed the prospect of a better life for herself and her child and hoped to be able to purchase enough furniture to make her home respectable and permit her to invite guests occasionally.

11. The one adverse effect of this effort on Rowton's part has been that Subject began to use the safehouse apartment for amorous trysts with one of his art students, an apparently wealthy Mexican woman, who has now in effect become his mistress (as revealed by technical surveillance from an LP in the same building set up and run very effectively by Medbury). Subject has revealed the name and address of this woman to Rowton in connection with the establishment of a P.O. Box which could be used as a drop for communication between Subject and Rowton while the former was in Cuba; but he has not to date told Rowton of his illicit relationship with the woman. This development can, of course, serve as a potential control over Subject and can be used in any future [redacted] examination, but, on the other hand may lead to complications in Subject's personal life and create hostility on the part of his wife, should she discover the philandering of Subject. She might likewise tend to blame Rowton for Subject's conduct. For this reason Rowton has made every effort to maintain good relations with Subject's wife (she has already confided to Rowton her concern over Subject's recent moodiness, as stated above) in the hope that she will turn to Rowton for help in the event she feels her marraige in jeopardy. Consideration is also being given to the possibility of breaking up as discreetly as possible Subject's affair with the Mexican woman in the event that it becomes more serious. Technical surveillance of the trysts will continue to provide useful information in this direction.

12. With regard to the use of Subject unwittingly to elicit operational information from his Cuban friends in Mexico City as well as Havana, Rowton gradually impressed on Subject the need to acquire all possible information both political and economic on Cuban developments as a prelude to engaging in serious and lucrative business with the Castro regime. Subject accepted this line without question and did produce some useful inside information of value. The turning point, however, came in connection with the disappearance of Julian López, the Press Attaché of the Embassy in Mexico City in late September, 1966. Subject reported the disappearance to Rowton with some glee, commenting that he and his wife were convinced that López had gone

off on a binge with some friends. Subject then repeated to Rowton his criticism of López' childishness and inexperience and recalled that when he himself had pointed out to López his negligence in handling his Embassy functions(in the Press and Cultural Field) López had shrugged off his admonitions with the comment that there were more important things to do for the revolution. The disregard, bordering on distain, with which López as well as apparently other Cuban officials, had greeted Subject's friendly advice in the past, obviously cut Subject to the quick and fostered in him the resentment of a peasant toward his master. Taking this into consideration and in the hope of stirring up as much trouble for López and the Embassy as possible, the Station permitted Rowton to pass to Subject the highly restricted information that López had actually been arrested by the Mexican police for complicity in the arms smuggling ring that had recently been uncovered in their operations from Mexico into Gatemala. Rowton gave Subject enough details to make the story convincing and asked Subject to attribute the information to "Central American friends" and to stress that it was already inthe hands of the press. In addition Rowton suggested that Subject pass this information personally to López as a hot tip so that López could discreetly disappear before the reporters managed to question him. When Subject did as requested by Rowton, López was apparently so overwhelmed with gratitude for Subject's good intentions that he informed the Ambassador the following morning (just before his sudden departure for Havana). Events then moved swiftly. The Ambassador called in Subject and expressed his personal appreciation for Subject's interest and help in this delicate matter and agreed with Subject that the involvement of Embassy personnel in arms smuggling was placing Cuban-Mexican relations in jeopardy. Overnight this raised Subject's status in the eyes of the Ambassador and his closest advisors (Curbelo and Cepeda) to that of a valued confident rather than simply a friend of the revolution. This obviously pleased Subject and made him all the more anxious to conceal the role of Rowton in the affair so that all the credit would continue to fall to him.

13. As a result Subject was subsequently called in by Curbelo and Cepeda and asked to offer his services to help the Tricontinental in its work in Central America. On Rowton's advice (which Subject sollicited) the offer was accepted on condition that the work to be done would be serious (i.e. worth the personal risks Subject would have to run) and that Subject would be permitted to work without the overt involvement of the local Embassy, These conditions were promptly accepted and Subject was invited to visit Havana again so that he could be briefed on the spot by Osmani Ciefuego and his staff.

14. Subject was thus catapulted into the level of IS activites,with Rowton maneuvered into a position of éminence grise. It remains to be seen following Subject's return from Havana (estimated at 21 November,1966) whethe Subject will be entrusted with secret requirements by the Tricontinental, but it appears certain at this point that Rowton will be able to provide full guidance to Subject and to steer the operations he might be engaged in toward targets of interest to [ ] WOFACT.

C- Biographical Data Elicited from LIRING/3:

15. Subject was born in Mexico City in 1930 of a middle class family. Subject's grandfather was a well-known textile merchantwho served some 12 years as president of the Chamber of Commerce. At least one of Subject's aunts is currently well-to-do and the owner of several apartment houses in Mexico City. Subject has at present little or no contact with his family.

16. At the age of 15 Subject left home to join the Mexican Navy. Subject has commented to Rowton that his childhood was not particularly happy and that his mother and father separated, apparently when he was in his teens. It appears likely that Subject left home as a result of family dissension. Subject states that his desire to travel and see the world wasvery strong at the time he joined the navy.

17. Inasmuch as the legal age for enlistment was 18, Subject had to have his birth certificate altered to show that he had been born in 1927 rather than 1930. As a consequence all of Subject's official documents now show his birth-date as 1927, including his passport.

18. Subject served a three-year hitch in the navy and visited nearly all the ports of Mexico and many of Central America. Subject's speciality appears to have been in the quartermaster branch, since he learned the rudiments of navigation and ship-handling. When he left the nval service, Subject entered the University of Mexico and took courses in Archaeology and Anthropology for the next two years. Subject simultaneously developed a strong interest in painting and sculpture and over the next five or so ~~xx~~ years, studied under such masters as Rivera and Siqueiros.

19. Subject was married in 1950 at the age of twenty years to a young Mexican woman from Leon, GTO..and during the next ten years had at at least four children by her. He divorced his wife in about 1960, just prior to his departure for Cuba, but he had not been on good terms with her for several years prior to the divorce. From about 1954 to 1960 Subject worked in the Mexican Government Social Service among the Indians in the southern states of Mexico. Subject attributes some of the tension that arose between him and his wife to this employment venture. He commented to Rowton that his first wife wanted to live a quiet normal life in Mexico City and was unwilling to share with him the hardships of social work in remote areas of tropical Mexico. During this period Subject gradually developed his own style in painting and began to establish close contacts with Mexican art circles.

20. Subject went to Cuba in about 1960 "to join the revolution",apparently as a result of his increasingly leftist political sympathies. He did a relatively large amount of painting and mural work during his four-year residence in Cuba, while at the same time working in the Ministry of Labor and Education. In about 1961 he married a Cuban woman of Chinese origin from Santiago de Cuba and the following year a (girl) child was born to them in Havana. Subject has told Rowton that he has had very little contact with his first wife since his divorce and pays no alimony. He added that his family, however, has continued to take an interest in his first wife and the children of his first marriage and has helped to support them financially. During his stay in Cuba, Subject developed close friendship with many Cuban revolutionaries, particularly Arnol Rodriquez, whose wife worked with Subject in the Ministry of Education at the time when Arnol Rodriquez was serving as Minister of Labor.

21. Subject returned to Mexico City in 1964 with his new wife and child (whom he had naturalized as a Mexican citizen). By this time Subject had become a professional artist but supplemented the rather modest income he acquired from the sale of his painting by teaching art privately and in Mexican public schools. His monthly income during 1965 and early 1966 did not exceed 3,000 pesos.

2. WITHIN FEW DAYS PREVIOUS ABOVE MEETING LIRING-3 HAD GONE TO OLD RESIDENCE AT IDEN A TO CHECK WHETHER ANY MAIL HAD ARRIVED THERE SINCE HE DEPARTED. FOUND TWO LETTERS, ONE OF WHICH ADDRESSED AMKNOB, ADDRESS IDEN B. LETTER HAD LIRING-3 NAME AND ADDRESS FOR RETURN AND LETTER NOT FINDING ADDRESSEE HAD BEEN RETURNED TO LIRING-3.

3. LIRING-3 OPENED LETTER WHICH DATED 17 JANUARY 1966 TYPE-WRITTEN ON HAMMERMILL BOND AND SIGNED QUOTE RAUL UNQUOTE. LIRING-3 TOLD ROWTON HE HAD THOUGHT MUCH OF MYSTERY AND FINALLY REMEMBERED THAT LIRING-1, MANY MONTHS AGO, HAD FOR NO APPARENT REASON ASKED HIM FOR HIS ADDRESS. HE HAD GIVEN LIRING-1 IDEN A ADDRESS. WITH THIS KNOWLEDGE LIRING-3 CONFRONTED LIRING-1 WITH FACT HE HAD RECEIVED LETTER AND HE ASKED LIRING-1 WHAT WAS IDEA USING HIS RETURN. LIRING-1 GAVE NO REASONABLE ANSWER AND ASKED FOR LETTER

LIRING-1 THEN ASKS AMKNOB TO WRITE OR BETTER CABLE HIM QUOTE TO THE HOUSE OF AMADEO UNQUOTE SAYING WHETHER HE CAN MAKE MEETING. LIRING-1 STATED HE WOULD BE A GUEST IN HOTEL FLORA, PRAGUE, AND THAT HE WOULD ADVISE AMKNOB OF DATE HIS ARRIVAL THERE.

MEMORANDUM:

SUBJECT : Handling of LIRING-3 as Hostile Agent

In view of Station Mexico City's statement in paragraph 6 of MEXI 8944 (IN 23093), which presumably comes from LIRING-3's handler Wallace B. ROWTON, to the effect that LIRING-3 "still has strong anti-U.S. feelings", the time probably has come to review the LIRING-3/Ops (briefly.) In the same cable the Station set forth several control elements including true name receipts and taps made in ROWTAN's safehouse of LIRING-3's amourous sessions with a young art student. What appears to be lacking is considering the case as the handling of a double agent, possibly hostile, "is" homework--that is to say, that there are certain actions that should be taken in the case as follows:

a. Placing of a phone tap on L-3's telephone, if it can be determined that he has a telephone.

b. Intercept of all mail going to LIRING-3's home address.

c. Physical and photo surveillance of L-3 to determine any patterns of actions or contacts with suspicious persons, to see if L-3's contacts and actions agree with what L-3 tells ROWTON and to allow ROWTON to be prepared to cover himself in his relations with L-3.

d. To discreetly investigate L-3's sources of income, i.e., to see if his income from teaching art classes (and more recently from his wife's salary from Cubans) are sufficient to account for his scale of living, whatever it is.

Secret

14-00000

There are indications in the file that the "homework" as outlined above has not yet been done. The Station was queried in DIR 39039, DIR 14107 and in DIR- 07441 and 1 as to the above matters. It is noted in MEXICO CITY- 8944 that the Station said that it did not as yet have "independent checks" on this agent, beyond evidence of entry to the Cuban Embassy furnished by LIONION photo surveillance, and in fact had only his word on claimed actions and statements (in previous correspondence), and that LIENVOY and LITAINT-2 confirm that L-4, L-3's wife, is definitely employed as a secretary to LIRING-1 as claimed by L-3. The Station tended to doubt that L-3 is a Cuban plant but said that even if he were, that it was no additional risk (the Station was referring to a proposed trip by L-3 to Cuba) since L-3 would be provided with a suitable uncheckable explanation as to how L-3 obtained info on the LOPEZ case.

e. Check as suggested in DIR 07441 on status of LIRING-4's father, who is presumably a Chinese, reportedly in the United States. This is of interest in view of stringent U.S. entry requirements laid on Chinese.

AGREES WITH ROWTON THAT TO TRADE WITH CUBA, MUST HAVE GOOD INSIGHT IN WHAT IS GOING ON THERE, POLITICALLY AS WELL AS ECONOMICALLY. AT SAME TIME L-3 BELIEVES CUBANS OPERATING IN MEXICO WITH POOR SECURITY AND FEELS THAT WITH ROWTON'S ASSISTANCE COULD DO BETTER JOB AND SERVE BOTH ROWTON AND REVOLUTION. Western Trade With Cuba Down

MIAMI, Sept. 14 (AP)—An exile organization reported today that Western world trade with Communist Cuba declined sharply last month compared with the same month in 1965.

Revolutionary Unity (UR), which claims it keeps track of ship dockings in Cuba, said only 14 ships from non-Communist countries called at Cuban ports last month. This was a drop of 65.8 per cent compared with August, 1965, the group said.

Of the vessels reported docking in Cuba last month, eight belonged to Britain, three to Greece, and one each to Lebanon, France and Italy, the report said.

Interesting, in view LIRING-3 report that Cuba needed 24 bottoms.

1. ACCORDING TO WORD RECEIVED IN MEXICO FROM AN OFFICIAL OF THE CUBAN MINISTRY OF FOREIGN TRADE, CUBA'S MOST URGENT REQUIREMENT AT THE MOMENT IS THE CHARTERING OF 24 SHIPS, VARIOUSLY DESCRIBED AS "OF MEDIUM TONNAGE" AND "OF APPROXIMATELY 10,000 TONS", FOR USE IN 1967. THIS PROJECT IS BEING HELD AS SECRET INFORMATION, AND MANY CUBAN OFFICIALS DO NOT KNOW OF IT, EVEN IF THEY ARE CONCERNED WITH TRADE AND SHIPPING MATTERS. (SOURCE COMMENT: THE SHIPS ARE POSSIBLY TO BE USED TO TRANSPORT THE 1967 SUGAR CROP, WHICH ALLEGEDLY WILL REACH LARGE PROPORTIONS.) (FIELD COMMENT: PERHAPS A REDUCTION IS EXPECTED IN SOVIET ASSISTANCE IN THE MATTER OF SHIPPING.)

1. On 6 September 1966 Station Officer Lawrence F. BARKER attended a meeting of the Consular Association, a loosely knit, rather [illegible] association used in the past [illegible] as a [illegible] by honorary consular officers. With the election of LIRING-2 as president of the group in late 1965, representatives of countries not friendly with PBRUMEN have generally boycotted the meetings. In the belief that the documents were willing to present their resignations so that another slate of officers might be elected, BARKER was selected to attend for LNPURE. As it turned out, the meeting drew only nine persons and no business of any consequence was [illegible] [illegible] previously met. The purpose of this dispatch is to record certain conclusions drawn about LIRING-1 and LIRING-2. The latter "presided" over the meeting.

2. LIRING-1 impressed BARKER as being intelligent, articulate, self confident, affable and attentive. It was clear that, while LIRING-1 holds no office in the association, he intended to speak for himself and LIRING-2. He explained in a straightforward manner that he felt that the sad state of the association was due to politics; namely, that a representative of a "socialist country" (LIRING-2) had been elected president in a sparsely-attended meeting. He felt that because of this most of the other consular officers were avoiding meetings and that no amount of nice diplomatic talk could gloss over this fact. (This impressed BARKER as a good estimate of the situation). LIRING-1 then said that he felt it would be best for LIRING-2 to step down so that the association could once again draw people to its meetings. He further promised that the PBRUMEN representatives would stick with the association as ordinary members and give their full support to the next slate of officers.

3. Dressed in a rather lumpy and shabby suit that appeared to have been made from old army blankets dyed dark blue, LIRING-1 made up for his appearance and slight stature by flashing a warm smile and being pleasant throughout the meeting which consisted of a sojourn at the bar followed by dinner. BARKER

attempted, apparently with success to exorcise all [illegible] slang and accent from his own speech, and LIRING-1 never inquired whether BARKER had ever been to [illegible] or had any connection with matters [illegible]. He seemed genuinely interested in a BARKER spiel on Mayan archaeology and anthropology and by the end of the meal was slapping BARKER on the back. While young and perhaps somewhat immature, LIRING-1 appears to be a tough character -- quick witted and thoroughly convinced that he stands for what is right. The overall impression is somewhat at variance with what had been expected from AMPICK-1 and, to some extent, AMMUG-1 reports. LIRING-1 is no "kid" and while he may have plenty to learn in the intelligence trade he appears to be quite capable of learning it given sufficient time. From the opposition viewpoint he should be an effective agent developer.

4. For the record, it should be noted that he has a ruddy complexion and bright blue-green eyes.

5. LIRING-2, on the other hand, appears to be a rather wishy-washy sort [illegible] of weakness. Although superior to LIRING-1 in the association and within LIRING itself, he took a back seat to LIRING-1 in the discussions. He seems to be essentially introverted. He is pleasant but one gets the impression that this is a matter of diplomatic correctness.

6. The above observations are all based on a one-time, two-hour encounter and may well be inaccurate. They are set forth, however, in an effort to assist in arriving at a correct assessment of key opposition personnel, primarily LIRING-1. He has the makings of a good operator and merits respect as well as study with a view to his eventual recruitment.

It was noted that a person by the name of Carlos NAVARRETE had been reported by LICOOKY-1 in 1963 as a Guatemala Communist living in Mexico. It is now noted that the Siempre staff appears recently to have been taking more than usual amount of interest in the Chiapas area (which includes Tehuantepec). AT SAME TIME L-3 BELIEVES CUBANS OPERATING IN MEXICO WITH POOR SECURITY AND FEELS THAT WITH ROWTON'S ASSISTANCE COULD DO BETTER JOB AND SERVE BOTH ROWTON AND REVOLUTION. MEMORANDUM FOR THE RECORD

DATE: 3 JAN 1968

SUBJECT: LIRING-4

FILE NUMBER: 798301

Discussed the POA/CA request with Will Kolbe, WH/1, today. He sees the inconsistency of requesting a POA/CA on L-4 (for which she cannot qualify) and will resubmit request for a CNC.

We agreed that ROUTON has been running [illegible] as an agent (without any approval) since May, 1966.

Kolbe sees ROUTON losing interest in L-3 (her husband, who [illegible] + has a [illegible]) because of poly results, etc.

1. AS RESULT DIFFICULTIES WITH LIRING-3 AGGRAVATED BY HIS AFFAIR WITH CARMEN LOZADA, LIRING-4 DECIDED TO SEPARATE FROM LIRING/3 AT LEAST TEMPORARILY AND GO CUBA FOR THREE MONTHS. THIS IS MAXIMUM LENGTH OF TIME LIRING-4 CAN STAY OUT MEXICO WITHOUT LOSING IMMIGRANT STATUS AND POSSIBILITY BECOMING MEXICAN IN TWO MORE YEARS AFTER FIVE YEARS RESIDENCE.

2. IN COURSE SEVERAL DISCUSSIONS, ROWTON, WITHOUT INFLUENCING HER DECISION GO CUBA, POINTED OUT LIRING-4 COULD HELP HIM COLLECT VALUABLE DATA ON CURRENT POLITICAL, MILITARY AND ECONOMIC SITUATION IN CUBA. THIS WOULD DEPEND ENTIRELY ON HER WILLINGNESS AND ABILITY GAIN ACCESS TO IMPORTANT TARGETS. LIRING-4 ASSURED ROWTON SHE DEEPLY APPRECIATED HIS INTEREST AND HELP IN PAST AND VOLUNTEERED DO WHATEVER SHE COULD UNDER ROWTON DIRECTION TO ACCOMPLISH TASKS ASSIGNED BY HIM. LIRING-4 DID NOT QUERY ROWTON AS TO HIS ULTIMATE OBJECTIVE OR POLITICAL AFFILIATION HIS "FRIENDS" AND EXPRESSED CONFIDENCE IN HER ABILITY MAKE CONTACTS AND DEVELOP FRIENDSHIPS IN HAVANA. HER ONLY RESERVATION WAS PROCUREMENT OF SPECIFIC INFO REQUIRED BY ROWTON AS THIS WOULD DEPEND ON GAINING ACCESS TO RIGHT PERSONS AND MAKING SKILLFUL ELICITATIONS.

3. LIRING-4 PLANS LEAVE MEXICO LATE JAN, SPEND ONE WEEK

SANTIAGO VISITING FAMILY THEN RETURN HAVANA TO TRY FIND WORK INTERIOR MINISTRY, ICAP OR FOREIGN MINISTRY. SHE AWARE GOOD JOBS IN THESE ORGANIZATIONS ARE USUALLY RESERVED FOR COMMUNIST PARTY MEMBERS BUT BELIEVES SHE MAY HAVE CHANCE LAND JOB GIVING HER ACCESS TO INTERESTING INFO THROUGH SUCH FRIENDS AS LIRIH-1, JOSE ANTONIO (PORTUONDO) VALDOR AND OTHERS. LIRING-4 COULD PROBABLY LIVE IN HAVANA AS GUEST ANDREA GOMEZ, MEXICAN MURALIST WHO RESIDES NEAR MINISTRY OF INTERIOR AND IS CLOSE FRIEND MASOLA OF ICAP. GOMEZ IS DAUGHTER ROSENDO (GOMEZ) LORENZO OF MEXICAN MAGAZINE SUCESOS AND NIECE (GOMEZ) WANGUEMER, DIRECTOR OF EL MUNDO IN HAVANA. ANDREA GOMEZ, NOW ON VACATION MEXICO, WILL SEE LIRING-4 PRIOR HER RETURN HAVANA.

4. LIRING-4 PERSONAL RELATIONS WITH LIRING MERMBERS GREATLY IMPROVED SINCE RUMORS SHABBY TREATMENT SHE RECEIVED FROM LIRING-3 AND HER PROBABLE BREAK WITH HIM REACHED LIRING. BOTH LIRING-2 AND LIRING-13 ASSURED HER 29 DEC THEY PREPARED DO WHATEVER THEY CAN FOR HER. SHE ALSO HAD FRIENDLY CHAT WITH CHIEF LIRING. LIRING-4

HAS EQUIVALENT TWO YEARS OF COLLEGE, SPEAKS SOME ENGLISH AND SOME CANTONESE AND PREVIOUSLY WORKED AT LIRING. AT STATION REQUEST ROWTON SOUNDED HER OUT ON POSSIBILITY SHE MIGHT LAND JOB WITH CUBAN EMBASSY ABROAD AND ASKED HER ABOUT HER WILLINGNESS GO COMMUNIST CHINA. LIRING-4 SAID SHE WILLING DO ANYTHING FOR ROWTON INCLUDING LEARN MANDARIN AS POSSIBLE WAY LAND CHINA ASSIGNMENT. SHE AGREEABLE STAY CUBA BEYOND THREE MONTHS PERIOD MENTIONED ABOVE IF OBTAINS JOB JUDGED OF SUFFICIENT IMPORTANCE BY ROWTON. LIRING-4 CAN RETURN MEXICO AS LONG AS SHE STAYS MARRIED TO LIRING-3 WHO MEXICAN CITIZEN. THROUGH BRIBERY THERE GOOD POSSIBILITY SHE MAY BE REINTEGRATED AS IMMIGRANT AFTER MORE THAN THREE MONTHS ABROAD WITHOUT LOSING HER THREE YEARS MEXICO RESIDENCE. LIRING-3 HAS NO PLANS DIVORCE LIRING 4 EVEN IF LATTER REMAINS SEPARATED FROM HIM FOR LONG PERIOD. LIRING-4, WHO STILL IN LOVE WITH LIRING-3, DOES NOT WANT DIVORCE EITHER.

4. IF LIRING-3 UNABLE DAMPEN VALDEZ ARDOR BUT RETAINS ABILITY MONITOR ACTIVITIES, SEE NO HARM IN LIRING-3'S CONTINUED CONTACT, PROVIDED MONITORING CAN BE ACHIEVED WITHOUT CONTRIBUTING IN ANY WAY TO SUCCESS THEIR EFFORTS.

5. FOR CARACAS: REQUEST TRACES ORTEGA AND COMMENTS ON PARA 1, MEXICO 2075.

END OF MESSAGE

WH COMMENTS: *ROWTON (LIRING-3 Case Officer) will return to Mexico without stopping in Caracas to discuss LIRING-3 operation.

**Caracas requested that LIRING-3 not become operationally engaged - principally because assistance most likely being directed to BRAVO guerrilla forces and the MIR and that the tangible advantage to be derived by the extremists would outweigh the value of any intelligence produced.

***LIRING-3 has established contact with VALDEZ and MORENO, young Mexican leftists who wish to go to Caracas and set up some sort of commercial venture in order to provide assistance to Venezuelan subversives. LIRING-3 aggreed to help them as partner in Venezuelan venture.

1. USING REFS ABOVE AS BASIS FOR DISCUSSIONS BETWEEN GUATEMALA CITY COS AND MEXICO CITY STATION OFFICERS ON OPERATIONS WHICH CAN BE INITIATED BY WOFACT TO AID MEXICAN AND GUATEMALAN GOVERNMENTS COUNTER GUERRILLA ARMS SMUGGLING FROM MEXICO INTO GUATEMALA. FOLLOWING POINTS EVOLVED:

A. MEXICAN AND GUATEMALAN GOVERNMENTS APPARENTLY BELIEVE MOST SMUGGLING OCCURS IN SOUTHEASTERN PORTION STATE OF CHIAPAS ON MEXICAN SIDE AND SOUTHWESTERN PORTION GUATEMALA WHERE GOOD ACCESS ROADS EXIST. MOST SMUGGLING DONE VIA TRUCKS, BUSES AND OTHER VEHICLES. BOTH GOVERNMENTS COOPERATING CLOSELY AND HAVE BEEFED UP OR HAVE PLANS TO BEEF UP MILITARY UNITS ..

SECRET

THIS BORDER AREA TO DETECT ARMS TRAFFIC. GUATEMALAN SECOND VICE MINISTER DEFENSE, COLONEL FRANCISCO SOSA AVILA, HAS INITIATED UNILATERAL OPERATION TO PENETRATE GUATEMALAN CUSTOMS HOUSES IN KEY AREAS TO DETERMINE WHO AIDING SMUGGLERS.

B. TREMENDOUS SURGE OF GOODWILL WHICH NOW EXISTS BETWEEN MEXICAN AND GUATEMALAN GOVERNMENTS WILL CERTAINLY AID IN KEEPING JOINT OPERATION OF WIPING OUT SMUGGLERS ON TRACK. TEND BELIEVE MAJOR WOFACT EMPHASIS SHOULD BE ENCOURAGEMENT AND AID TO BOTH GOVERNMENTS WITH ADVICE, TECHNICAL EQUIPMENT, TRANSPORTATION, MONEY AND HARD INFO ON SMUGGLING ACTIVITIES WHEN AVAILABLE. AS CITED IN REFS, GUATEMALA CITY STATION HAS ALREADY INITIATED SUCH MATERIAL SUPPORT TO GUATEMALAN TREASURY GUARD TO BUILD UP ITS COLLECTION CAPABILITIES.

C. REGARDING COLONEL SOSA'S UNILATERAL PENETRATION OF THE CUSTOMS HOUSES ALONG THE BORDER, MEXICO CITY STATION CAN DISCUSS SIMILAR POSSIBILITY WITH LITEMPO-8 (775322) TO SEND PERSONNEL TO PENETRATE MEXICAN CUSTOMS HOUSES. THIS MIGHT REQUIRE FINANCIAL AID FROM MEXICO CITY STATION TO PAY SALARIES OF ADDITIONAL EMPLOYEE/AGENTS.

2. UNILATERALLY, STATIONS PLAN:

A. EXPLOITATION OF WHATEVER POTENTIAL LIRING-3 (798301) AND NORRIS K. UMPHLET (C-16251) MAY HAVE IN PENETRATING GUATEMALAN GUERRILLA MOVEMENT AND ARMS TRAFFIC RING. THESE PLANS DISCUSSED IN SEPARATE CABLES.

9 JAN 1967

B. LIRENO-1, FORMER MEXICAN IMMIGRATION OFFICER, WILL BE QUERIED ON HIS ABILITY RECONTACT FORMER COLLEAGUES ALONG BORDER AREA WHO HAVE ACCESS INFO ON ARMS SMUGGLING FOR POSSIBLE UNILATERAL RECRUITMENT. THIS DIFFICULT OPERATION, HOWEVER, BECAUSE OF COMMO PROBLEMS CREATED BY DISTANCE FROM MEXICO CITY. ALSO, ANYONE WHO NOT FROM BORDER AREA EASILY SPOTTED BY LOCALS AND WOULD CREATE SUSPICION.

C. ON 5 OR 6 JAN 67, MEXICAN AND GUATEMALAN AUTHORITIES PLAN MEET TO DISCUSS SMUGGLING ACTIVITIES AND WHAT THESE GOVERNMENTS CAN DO TO JOINTLY SMASH ARMS TRAFFIC. COS GUATEMALA WILL FIND OUT WHO ATTENDED MEETING AND WHAT WAS AGREED UPON TO GIVE MEXICO CITY STATION CLEARER IDEA OF FOLLOW UP POSSIBILITIES.

D. IN VIEW FACT LIREBEL-1 TRIP TO CUBA HAS NOT PANNED OUT TO DATE AND FACT HE COULD BE OF IMMEDIATE USE TO GUATEMALA CITY STATION IN WORKING WITH GUATEMALAN GOVERNMENT ON GUERRILLAS AND ARMS TRAFFIC, PLAN CANCEL CUBA TRAVEL AND HAVE HIM RE-ENTER SECRET

GUATEMALAN GUERRILLA MOVEMENT AS SOON AS POSSIBLE. SEPARATE DISPATCH TO FOLLOW.

2. DESPITE LINLUCK ASSESSMENT CAPUANO WHICH SHOWED OBVIOUS PREJUDICE, STATION INTENDS REVAMP PLANS FOR CAPUANO RECRUITMENT ATTEMPT. CABLE TO FOLLOW.

3. ONE OF MAIN POINTS IN ENTIRE CASE IS HOW SERIOUS IS SMUGGLING THREAT. THERE ARE THOUSANDS OF ARMS IN GUATEMALA FROM VARIOUS HISTORICAL INCIDENTS (1954 FALL OF ARBENZ REGIME; 13 NOV 1960 UPRISING WHEN LARGE AMOUNTS OF ARMS TAKEN FROM GUATEMALAN MILITARY; 1961 WHEN ARMS LEFT IN GUATEMALA TRAINING SITES AFTER BAY OF PIGS; AND CONTINUOUS INFILTRATION OF ARMS ON SMALL SCALE OVER PAST SEVERAL YEARS). WOFACT GOALS OF JOINT OPERATION ARE TO DETERMINE EXTENT OF ARMS SMUGGLING INTO GUATEMALA FROM MEXICO AND ASSIST GUATEMALAN AND MEXICAN AUTHORITIES IN EFFORT REDUCE ARMS TRAFFIC AND GUERRILLA THREAT AS MUCH AS POSSIBLE.

4. CANNOT ESITMATE COST OR DURATION OF OPERATION YET, BUT EXPECT SOME FINANCIAL ASSISTANCE MAY BE REQUIRED TO HELP BOTH GOVERNMENTS ESTABLISH INTELLIGENCE NETWORKS IN BORDER AREA. THIS, OF COURSE, IS IN ADDITION TO TECHNICAL AND OTHER

1. STATION GUATEMALA MOST OPTIMISTIC DEVELOPMENTS LIRING-3 OPERATION WHICH APPEARS HAVE EXCELLENT POTENTIAL. OPERATIONAL TAKE SHOULD PROVE EXTREMELY USEFUL. STATION AGREES WITH MEXICO CITY THAT LONG RANGE OBJECTIVES THIS OPERATION PRECLUDE PASSAGE TO LIAISON AT THIS STAGE DEVELOPMENT.

2. AS REF B REPORTED THAT TWO MEMBERS OF GUATEMALAN COMMUNIST PARTY (PGT) NOW IN HABANA SEEKING CUBAN AID, BELIEVE LETTER SUGGESTED PARA 1 OF REF A WOULD BE TIMELY AND ALMOST CERTAIN BOOST LIRING-3'S IMAGE WITH THE FAR.

3. BELIEVE PARALLEL OPERATION USING NORIS K. UMPHLET (PARA 3 REF A) ALSO OFFERS EXCELLENT POSSIBILITIES. AS MOST KEY COMMUNISTS IN GUATEMALA NOW UNDERGROUND, INITIAL CONTACTS MIGHT PROVE PROBLEM. MEMORANDUM FOR THE RECORD

DATE: [illegible] 1967

SUBJECT:

FILE NUMBER: 807668 - 798301

Rec'd for my coordination an outgoing cable to MEXI, saying that PREVOHS had been granted a Limited Contact-Assessment POA on 19 Jan '67. The next sentence said that WH/1 was asking for amendment of this contact & assessment POA so that PREVOHS could provide cover for LIRING-3 (201-798301). Jack Stewart, at the outset of our conversation when I mentioned L-3, said "I hope you never got mixed up in the LIRING-3 case. What a mess".

I informed Stewart I had been deeply "mixed up" in the L-3 case since 3 June '66 when Stewart himself requested a POA on L-3. I told him of the three notices over a six months period I had sent to WH/1 asking for resolution of the derog info and my invitation to discuss. CI/OA never heard a word from WH/1 in answer to its notices. Then on 20 Dec. '66, CI/OA closed the LIRING-3 file for failure to comply. Stewart said Station was handling L-3 as a hostile, but appeared dumbfounded that the use of such a person as a directed agent requires that that person qualify & gain a POA/OA.

Re the requested amendment on PREVOHS, the latter has only a limited POA because of items cited in POA granting; moreover, L-3 has never had the proper approval and was technically disapproved by the action of 30 Dec. 1966.

Stewart removed sentence telling MEXI that they ~~were~~ will asking for such an amendment, and I coordinated on simple notification of POA action of 19 Jan '67.

Para 32: "ROWTON is off and running on his development of LIRINGs 3 and 4. He is doing this under false flag as a Greek businessman. Again, the ubiquitous LITAINT-2 is in a position to monitor this operation as he is close to both LIRINGS and has no connection with ROWTON. On 27 May LIRING-3, who is well connected in PBRUMEN, flew to PBRUMEN on a trip to scout out business opportunities for ROWTON. LIRING-4 continues to work at LIRING."

Subject: Wallace B Rowton Contact with Carlos Jurado.

1. At about 1830 on 2 May, 1966, Rowton dropped into the Salon de La Plastica Mexicana in the hope of running into Subject so that he could renew contact more or less casually.

2. Fortunately as soon as he stepped into the door he found Subject engaged in conversation with the receptionist and another person (probably a Mexican employe of the Salon). When Subject spotted Rowton he broke off his conversation and moved away to greet Rowton cordially. He said that he had himself just arrived at the Salon and was very happy to run into Rowton again. After a few brief remarks, he invited Rowton to coffee in a nearby cafe. Rowton accepted and they both left the Salon without further delay.

3. Rowton remained with Subject in conversation over coffee for about 45 minutes. Subject expressed gratification in having met Rowton and several times reassured Rowton that he enjoyed conversing with him regardless of whether he made an sale of his painting or not. Rowton reverted to the theme that he had a genuine interest in Subject's future and hoped in some way to provide Subject with the means of becoming relatively independent so that he could travel and carry on his art work freely. Rowton added that he had given much thought to the idea of using Subject to help him in his economic research, since this would justify Rowton's putting Subj ct on his expense account. He then questioned Subject on his possible connections in Mexico, but Subject confessed that he had only limited contacts that probably wo ld not be useful to Rowton. Rowton then moved into the target question. He stated that most of his clients in England, France and Greece were interested in Cuban requirements and perhaps Subject was in a unique position to prepare a report on what the Cuban economy required at the moment. Subject responded without hestitation that he could do something on Cuba without too much difficulty. He explained that he knew official Cubans in Mexico City, including those in the Commercial Mission, and could travel into Cuba if necessary.

4. Rowton then stressed that he really did not need too many statistics on the Cuban economy nor contact with the Cubans but wanted somehow to justify helping Subject financially. He explained that he could easily assemble some data himself, but wanted Subject to do something concrete so that he would remain in the picture and Rowton could consider him in

att #1 to 4HMMA 28875

ES COPY

a sort of stringer in reporting on economic developments. Subject replied that he understood and did not see that such a task would be too difficult.

5. Rowton then asked Subject how he was coming in locating a new aprtment/studio. Subject replied that he had found a desirable place near Chapultepec, and hoped to be able to move soon. Rowton then commented that he might have to leave for Paris in the next few days and would be away for about two weeks on business. He stated that he might be able to help Subject with the rent on his studio provided it had a phone. Rowton explained that he was at present paying 350 pesos monthly for secretarial service and could just as well pay Subject something for taking telephone messages. Subject replied that he would be glad to be of service to Rowton without compensation ("mi casa es suya") in such a matter.

6. Rowton then turned the conversation to Subject's wife and family. Subject revealed that his wife's maiden name (apellido) was the Chinese translation of "Flor de Durazno". He pronounced it in Chinese for Rowton but Rowton made no attempt to transliterate it and at this point cannot recall the phonetic pronunciation. Subject added that Chi-chay is a Cuban corruption of the Chinese given name. In reply to Rowton's direct query, Subject stated that his wife's father mother is in Cuba but her father is in New York. He added that her father did not agree with the revolution and left but the rest of the family remained. He also stated that her mother has not remarried and lives with her brothers and sisters. Subject added that his wife felt no bitterness toward her father and in fact the father writes regularly - once a week from New York. Rowton did not press for an address at the time, feeling that it would be more discreet to wait for an opening at a subsequent meeting(when he could allege that he was planning to stop over in New York).

7. Rowton took the occasion of his alleged impending departure to ask for Subject's home address so that he could write from Europe. Subject stated that since he might move it would be better for Rowton to write to him care of the Salon rather than to his present address.

8. On leaving Subject Rowton promised to pass by the Salon again before he left so that he could say goodbye to Subject.

Subject: Wallace B. Rowton Contact with Carlos Jurado.

1. When Rowton arrived at the entrance to the Bellas Artes Building at 1100 on 30 April, as planned, he found Subject waiting on the steps. Subject greeted Rowton cordially and suggested that they take a taxi since the Ministry of Education building was a little too far to walk to. He then hailed a taxi and instructed the driver to take them to the Secretaria de Education Publica on Calle Argentina.

2. On arrival he escorted Rowton through the court-yard of the building and explained the murals of Diego Rivera. He commented that he felt the murals were superior to those at the Prado Hotel and Cuernavaca since they had more "social meaning". He stressed the hardship under which Rivera had worked, which included some physical danger from certain elements opposed to his socialist ideas. Rowton picked up this theme in relationship to Subject's own situation in an attempt to elicit as much information as possible concerning Subject's financialstatus and position vis-a-vis the Mexican government.

3. In the course of conversation Subject stated that he had received relatively little understanding and sympathy from the government officials as a whole but did receive some support from the Instituto Nacional de Bellas Artes. He explained that he was able to earn enough money from teaching assignments to be relatively independent, and not depend on sales of his picutres to make a living. In reply to Rowton's comment to the effect that perhaps his wife could find some employment to help Subject, the latter replied that his wife could not work because of her status. He quickly added that he probably would not find it difficult to procure working papers for her, but he preferred not to do so at least at the present time.

4. After completing his tour of the Secretariat of Education Building, Subject invited Rowton to view the murals of the Supreme Court Building on Pino Suarez, which he described as superior even to those of Diego Rivera, especially because of their open defiance of official opinion. On the way Rowton continued to put discreet questions concerning Subject's personal life. Subject replied by revealing that

14-00000

he lived with his wife and three-year-old child in a very small apartment near San Angel and shared a studio with another artist. He added that he was paying 650 pesos monthly rent which he considered very high for what he was getting. He also complained that the artist with whom he was sharing the studio was a dilettante who was more interested in the atmosphere of the Latin Quarter than in art for its own sake. He said he found it difficult to paint with guitars playing and cocktail glasses clinking in the background. Subject then stated that he was looking for a more suitable arrangement, perhaps in a condominio and preferably in the Tacubaya area.

5. In connection with his own future hopes, Subject stated that he wanted very much to travel to gain as much experience as possible so that his style could be crystalized. He commented that he could move easily to Cuba since his wife's family lived there and he could get along with the Cuban authorities, but he felt Mexico was better for him at the moment. He expressed preference for Sweden, North Africa and Greece. In reply to Rowton's queries, he stated that he did not feel that his daughter would present a problem, since he could leave her in the care of his or his wife's relatives. He added that she was currently attending a Jardin de Niños in the mornings and doing very well despite her tender age.

6. Subject commented also that he likedtravel so much that he had joined the Mexican Navy to see the world. He added that he had been able to visit almost all the ports of the east and west coasts of North and Central America but had not succeeded in seeing Europe as he had hoped. Since Rowton was posing as a Greek, Subject expressed great interest in visiting Athens and the Middle East, and at one point asked Rowton how much money he would need to live in Athens for a month as a tourist. Subject also stated that both he and his wife were anxious to learn English and French so that they could absorb as much local culture as possible in their travels.

7. After inviting Rowton to coffee at a nearby restaurant, Subject stated that he had to meet his wife and some friend's for lunch and left Rowton at about 1335 in front of the Cathedral. He promised to telephone Rowton again so that they could get together before Rowton left the country.

27 April, 1966

Subject: Wallace B Rowton Contact with Mr. and Mrs. Carlos Jurado. (from LITAWT-1)

1. Following a Station lead to the effect that Mrs. Chichay Jurado, who is employed by the Cuban Consulate in Mexico City, is the daughter of a Cuban residing in New York City, Rowton visited the Salon de la Plastica Mexicana, Calle Havre 7, where Carlos Jurado's paintings were on exhibit. After several unsuccessful attempts to meet Jurado by chance at the salon, Rowton left his alias and telephone answering service number with the receptionist on 14 April, 1966, and asked that Jurado contact him for a meeting. On 18 April Rowton again visited the salon (having received no message through the answering service) and fortunately met Jurado who had dropped int to pick up messages from the receptionist.

2. Rowton explained that he was interested in Jurado's style, particularly for a mural that might go well in a New York night club owned by a friend of his. Jurado was, of course, immediately interested and commented that he was most anxious to visit New York to see the Museums. In answer to Rowton's query, he stated that he did not have any relatives in New York and had never been outside Mexico. Rowton invited Jurado and his wife to dinner the following evening so that they could discuss the proposed mural. (Rowton planned, if pressed, to use the "La Chansonette" night-club restaurant owned by his ~~frien~~ Greek friend Rita Dimitri as the prospective client).

3. On 19 April at 1930 Rowton met Jurado at the Salon as planned. Fortunately Jurado had brought his wife Chichay along as Rowton had suggested. Rowton invited them to dinner at the Restaurante &

14-00000

"El 77" at Calle Londres 77. Neither had eaten there previously and appeared delighted at the opportunity to enjoy a good dinner.

4. In the course of conversation, Jurado stated that his wife Chichay was born in Cuba and that they had a three-year old daughter. Niether he nor Chichay made any referance to her employment at the Consulate and Rowton did not feel it wise to press too hard on that subject. Rowton again asked whether Jurado had any relatives in New York in the event it might be advisable for him to travel there in connection with the mural, but neither he nor his wife responded in the affirmative.

5. Later in the evening, Jurado and his wife strolled along ~~that~~ Calle Niza and Reforma to the Hotel Hilton with Rowton. This gave Rowton an opportunity to sound them out on politics with specific reference to Cuba. Rowton pretended to be of Greek-Irish parentage and more or less neutral in his own political views with respect to Cuba. Chichay Jurado stated that she felt Cuba was doing well and that the relovution was the only answer to the corruption that had existed previously. Carlos Jurado agreed, commenting that the "Northamerican" position with regard to Cuba was unfortunately erroneous and short-sighted. Rowton placed much of the blame on the former Batista regime but lamented the fact that in the meantime the Cuban people ware suffering from the mistakes of the politicians.

6. While walking along Reforma, Carlos Jurado commented that his wife's father was Chinese but did not indicate where he was then residing. Chichay Jurado stated that she had learned some Cantonese as a child, but did not consider herself proficient in Chinese.

7. Before leaving him for the evening, Carlos Jurado invited Rowton to visit some of the better murals in Mexico City on Saturday, 23 April, and promisedd to telephone Rowton to set the time and

place of the meeting. He informed Howton that he himself could be contacted on 48 22 66, a telephone that was located near his studio in the Colonia Florida. He asked Howton to obtain as soon as possible the measurements of the proposed mural and ~~a~~ photographs of of the owner so that he could make a sample painting.

2. "Sergio [illegible]", described therein as the Chief of the Salvadoran delegation, was identified from his photo by the [illegible] and [illegible]-2 as Jorge ARIAS Gomez, a member of the Central Committee of the PCES. According to [illegible]-2, ARIAS is probably the #4 man in the PCES hierarchy - behind Raul CASTELLANOS Figueroa, Jorge Shafick HANDAL, and Salvador Cayetano CARPIO. It is rather strange that the PCES sent ARIAS on this [illegible], [illegible] JMWAVE-2 and [illegible]-2 reported that, while in Cuba in 1961-62, ARIAS had an affair with a girl that resulted in her pregnancy, and the Cubans sent a strong complaint to the PCES concerning his conduct.

3. A LIVACATE main intercept ([illegible]-22291) indicated that ARIAS was expected in Moscow in January. He apparently has not yet returned to El Salvador, and thus he may also be representing the PCES at the 23rd CPUSSR Congress. Any available photos of Salvadorans at that affair would be appreciated.

[illegible]/[illegible]/[illegible]/Dr. Armando SOTO Rodriguez - Report of Cuban Guerrilla Training near [illegible] Dam

Action Required: See paragraphs 3 and 4

1. Attached is a copy of an unsolicited employment letter to [illegible] from Dr. Armando SOTO Rodriguez, self-described as an ex-military physician. The letter bears the return address [illegible] [illegible], Villahermosa, Tabasco, Mexico and a Villahermosa postmark dated 21 (?) February 1966. In the letter, which was written in fairly good English, SOTO said among other things that the Cuban Consulate in Merida has established a group of Cubans in [illegible], [illegible], where the [illegible] Dam is being finished, who are training Mexicans in guerrilla tactics.

2. Headquarters has no traces identifiable with Armando SOTO Rodriguez or [illegible] also mentioned in the letter. The National Geographic map of Mexico and Central America dated 1953, 1:3.5 million, shows the town of [illegible] at [illegible], [illegible], on the [illegible] River about fifty miles from the Guatemalan border.

3. [illegible] on Cuban guerrilla activity at [illegible]. Since a sensitive source (LITACK) did report occasional interest by the Cuban Consulate in the Tabasco area, and since the area [illegible] by source does lend itself to cross-border activities, it would be appreciated if Mexico City Station would endeavor to check out this report. [illegible]-1 especially might be able to furnish some information in this connection. A former Merida Base staffer now stationed at Headquarters recalls that Ventura "El Tigre" [illegible], a wealthy Mexican cattleman, has extensive holdings centering around Emilio Zapata, about 25 miles from [illegible], and might be knowledgeable of activities in the area. Access to [illegible] would probably be gained through [illegible]-1 and Raimundo [illegible] who services [illegible]-1's and [illegible]'s airplanes in Merida. [illegible] has previously extended invitations to visit his ranch at [illegible] and might do so again if suitably approached. It is recalled that Lawrence F. [illegible] has traveled or planned travel near the general area. Perhaps [illegible] could set up a trip to this area. Another possibility for background and channels might be through [illegible] who has recently been heard to say that he is visiting the Isthmus of Tehuantepec regularly. (This was overheard from an intercepted ham radio conversation). Three maps of the area are attached as of possible assistance.

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with AMBANG-1

1. I met with AMBANG-1 on 27 July 1963 in Miami. The following is a resume of the business transacted at that meeting.

a. Request for High Explosives

AMBANG-1 stated that in view of my outline of strategic targets inside Cuba during our last meeting which took place in Washington on 21 June 1963, he had decided to attempt a sabotage operation against the Havana power plant. He informed me that he has a man employed in the power plant in Havana who is capable of launching this operation. In this connection AMBANG-1 asked if we could make available twenty pounds of high explosives as well as six to eight thermite grenades. AMBANG-1 asked if it were possible to have the twenty pounds broken into smaller lots. In our further discussion of this subject, it became apparent that A-1 would be willing to receive the materiel either in San Juan or inside Cuba, but that he definitely preferred the latter if this were possible. Like in most other instances during our conversation, I advised AMBANG-1 that I would need to discuss this matter with my superiors but that I could tentatively assure him of our ability and willingness to furnish the high explosives in San Juan and possibly inside Cuba. At this point I asked AMBANG-1 if he could foresee the need for materiel of this type inside Cuba. I told him that I asked this question because if his group were prepared now or in the near future for meaningful sabotage action inside Cuba it was conceivable that we could begin the caching of needed materiel inside Cuba. AMBANG-1 assured me that they

14-00000

were in a position to sabotage the electrical plant in Havana. (I did not ask, neither did he specify which plant.) He did not promise immediate action, adding that he wanted to assure himself of the details of the planned operation and the safety-odds of the man involved. A-1 then indicated that he would certainly be in a position to accomplish this mission and others in the future and would be most grateful for any materiel we could put in place. I left the matter with him with the understanding that if it were possible we would proceed with caching the high explosives in the general area of Havana. He assured me of their capability to service and retrieve the cache.

b. Request for Contact in Guantanamo

AMBANG-1 asked me if it would be possible for us to arrange some means for Rogelio Cisneros to visit Guatanamo and talk to his brother who is an employee of the Naval Base and another agent of theirs likewise employed there. The reason A-1 gave for the request was that they wished to inform Ramon Cisneros Diaz of the JURE plans to begin the implementation of their plan of resistance and overthrow of the Castro Regime. I advised A-1 that whereas I would look into this matter as I could tentatively tell him that the chances of accomplishing this were remote.

c. AMBANG-1 Political Plans

AMBANG-1 informed me that he was planning at this time to be in New York on or about 10 August and that following this trip he intended to go to Santo Domingo and Caracas. In Santo Domingo he hoped to set up a small base for operations such as a small house on a farm near the shore which could be used for boat travel to Cuba. Once he had made such arrangements he intended to talk to President Júan Bosch telling him of the plan and asking his acquiescence if not support. AMBANG-1 intends to tell Bosch that he will not embarrass him and will go about his business in a secure and professional manner adding that if he should embarrass Bosch, the latter could disclaim him and A-1 would desist from any further activity there.

So far as AMBANG-1's trip to Caracas is concerned, that will be principally devoted to orienting the JURE representation

14-00000

in that city. In addition, AMBANG-1 will attempt to see and talk to Venezuelan Government officials including President Betancourt.

Some time after this trip AMBANG-1 intends to visit Central America principally Costa Rica and if he can procure a visa, Mexico. The purpose of all his travel is the raising of funds, the general tightening of his organization and discussions necessary to coordinate their efforts.

d. Isolation of Cuba.

AMBANG-1 made it exceedingly clear that the lifeline to his assets inside Cuba had been severely restricted when PAA flights were suspended. Nothing could suit AMBANG-1 more than to have these flights resumed. AMBANG-1's obviously great interest in the resumption of these flights was the most eloquent statement yet of his belief that he has a network, or that he can revive a network within Cuba. At least at this stage of JURE operations, AMBANG-1 does not appear to consider the infiltration of manpower as necessary.

AMBANG-1 stated that the use of flights from Spain and Mexico to Cuba was difficult and costly whereas the Miami-Havana run had been most useful in maintaining contact within Cuba. It was AMBANG-1's opinion that the resumption of PAA flights would be an operational boom to JURE and that whereas he could see Castro making some political capital out of the flights, he believed that some appropriate statement such as "there is no political significance but only a humanitarian and compassionate reason for the reestablishment of this link," would be sufficient to negate any political advantage by Castro.

e. AMBANG-1 Phasing Out of his Employment

AMBANG-1 gave me to believe that he is closing shop and giving up his position with the Corporacion de Renovacion Urbana y Viviendas where he is employed as an engineer in charge of building pre-cast concrete houses. AMBANG-1 stated that during the past week Governor Munoz Marin gave final authority for the erection of a plant to produce these houses in Puerto Rica. AMBANG-1 is

14-00000

torn with the thought of leaving this project which he believes will be most successful, and which would assure his livelihood, but he knows that he must devote himself to the fight against Castro. It is obvious to me that AMBANG-1 will within the next two months phase out of this employment to devote full time to the liberation of Cuba.

f. A JURE Radio Link

AMBANG-1 asked me if I would be able to assist him in the establishment of a San Juan-Caracas-Miami radio link. He explained that the JURE has spent a great deal of money on telephonic communications between these points and were most anxious to set up a means of radio communication in order to economize. I guess that AMBANG-1 could tell from my reaction that I was not too sympathetic to his request for he withdrew it almost as soon as he had made it. He went on to say that this was a problem which they could overcome and I presume that he will seek to establish such radio communications without our assistance.

g. Aerial Maps of Cuba

AMBANG-1 informed me that the JURE membership had brought out of Cuba an entire series of maps showing key roads, bridges, industrial plants, et al, which they had copied by the Aero Service Corporation in Philadelphia, Pennsylvania. AMBANG-1 stated that they had received most of these photos from the Aero Service Corporation but that the 101 were still missing. He gave me the numbers of those missing and asked if we could procure them. I have since informed AMBANG-1 that it would perhaps be best it he could, or his organization, do this instead but that we would pay the travel of one of his men, should this prove necessary. Attached, hereto, is a copy of the missing photos in question.

h. JURE Organization and Strength

AMBANG-1 informed me that the membership of the JURE in San Juan was now at about 500 members and that each of these individuals makes a weekly contributionto the organization.

14-00000

In addition there are large JURE organizations in Caracas, Venezuela and Dallas, Texas. There are according to AMBANG-1 a total of thirty delegations in Latin America, the U. S. A. and Europe. He cited as an example the delegation in San Francisco which had recently purchased a typewriter through the collection of green stamps. He added that Rogelio Cisneros had travelled to San Francisco some time ago to communicate with that group and to tighten its organizational activities.

i. AMBANG-1 Asks About ARTIME and the Activities in Central America

AMBANG-1 raised the question of Manuel ARTIME's activities in Central America and particularly in Nicaragua. He stated that any association with Somoza would not help in creating the mistique and political coloration necessary to inspire revolution and resistance from the non-Communists elements in Cuba. Whereas, I had expected AMBANG-1 to go into a long harangue as to the positive damage that ARTIME's actions with Somoza could cause, he left the matter at about this point. I agreed that the Somozas did not have a liberal political reputation throughout Latin America, but added that whatever Cubans could do from that or any vantage point against Communism in Cuba would in my estimation be helpful, -- while I am sure AMBANG-1 did not agree with me, he did not say so. In respect to ARTIME and Miro Cardona, whose name entered into the conversation later, AMBANG-1 took a fairly objective view. He stated that Miro had arrived in San Juan and that he wished him the best as he figured he had suffered enough. Insofar as ARTIME was concerned I gathered that AMBANG-1 might feel that the association with Somoza would not do ARTIME any good in a post-Castro Cuba. As AMBANG-1 is convinced that a government after Castro must be of a progressive liberal stripe, ARTIME was not doing himself any good by identifying himself with the Somozas.

j. A List of Cuban Diplomats

As AMBANG-1 had asked for a list of Cuban Diplomats abroad while we were in Paris, I advised him that such a list had been prepared and we would make it available to him. In this connection he asked if we could include the addresses of each of the Cuban installations. Speaking of diplomats, AMBANG-1 wanted to

14-00000

know if Ambassador Gustavo Arcos had returned from Prague. I informed him that I did not know. AMBANG-1 was most interested to learn that Franqui's wife and children had actually come out of Cuba, and indicated that he would intensify his efforts to maintain contact with Cuban Diplomat Cabrera Infante in Brussels as a means toward the eventual recruitment of Franqui.

k. AMBANG-1 Relation with Jorge Volsky

In conjunction with questions regarding propaganda sent to Cuba, and the JURE's general plans in this field, I asked A-1 about his relation with Jorge Volsky. A-1 stated that he considered Volsky to be an extremely able, serious newspaperman. He added that whereas he saw Volsky frequently on his trips to Miami, the latter did not work for him. A-1 stated that Volsky's work was a full-time job which left him little time to do anything else.

A-1 stated that JURE propaganda was produced by a twelve - man board.

A-1 added that the JURE expected to shortly introduce a statement on its position into Cuba.

l. AMBANG-1 Asks about Two Man Underwater Craft

A-1 asked if I knew anything about a two man type craft which travels through the water. I presume A-1 was talking about the "sea-sled." I advised him that I knew little about this type craft, but in my opinion its usefulness for the type activity he had in mind was limited. AMBANG-1 would use this craft for the final phase of an infiltration effort. A-1 stated that this craft was being used at the hotel beaches in San Juan as a type of sporting activity. I will advise him that he could pursue this matter himself as all knowledge on this subject is publicly available.

m. AMBANG-1 Trained in Simple Scorch System

A WAVE technician, Culver Ladd, under the name of Mr. Lane trained A-1 to use a simple scorch system of S/W. A-1

14-00000

was given some eighty pills with which he will be able to make the "ink" used in this system of S/W. A-1 was pleased with the system, especially its simplicity. He will use the system to communicate with his chief delegate in Paris and undoubtedly other persons in Cuba as well as in the other JURE delegations.

n. AMBANG-1 is Writing an Article for Cuadernos

At the request of German Arcienegas, the famed Colombian intellectual, A-1 is preparing an article which is to be published in Cuadernos. The article will deal with the problems facing Latin America and how they can be resolved. A-1 will be in select company as Arcienegas has asked a number of prominent Latin American intellectuals for their views.

o. Communication Between AMBANG-1 and Case Officer

AMBANG-1 gave me the following addresses at which he can be reached:

Also:

AMBANG-1 was given the following means of contacting me:

2. General Observations

I beleive AMBANG-1 is planning to return to Cuba. He indicated that he would give the matter serious thought to even go in, disguised, as a legal traveller if that road were generally open, i. e., if rather large numbers of travellers were going in via PAA flights. This line seemed a bit out of character for A-1, for it seems unrealistic and somewhat remindful of Macaulay's references to the state of mind that exiles develop. I also detected what we consider to be a somewhat unrealistic appraisal of the Cuban situation in A-1's estimate that Castro has considerably less than 40% of the Cuban people with him. A-1 may be losing more than a little touch with Cuban reality.

A-1 remains convinced that he is on the right track in working for the eventual overthrow of Castro. He is convinced, however, that two to three years is all the time left for actually destroying the Castro regime, believing that there will be a favorable turn in the Cuban economic situation by late 1965. A-1 is likewise convinced that Castro cannot add to the improvement of Cuba, to the contrary that so long as the principal decisions are made by Castro, the general trend will be confusion arising from a failure to concentrate on specific problems until they are corrected.

AMBANG-1 is likewise convinced that the JURE is building a political group and general outlook which will have an impact on Cuba for many years to come. He is especially concerned with the need to carefully consider each position of his group in order to create the lasting impression that JURE knows where it is going and that its leadership is composed of men who know how to "run" a country without the false starts, confusion and chaos identified with the Castro regime.

AMBANG-1 is likewise greatly concerned with the necessity of not creating an impression inside Cuba that the JURE will return to mete out "justice." It is essential, A-1 states, to convince the general populace that the overthrow of Castro will not result in a bloodbath, rather that the sole aim is to save the revolution that has been betrayed. He is anxious that the people inside Cuba see

14-00000

the JURE as a responsible, intelligent and dispassionate group which is capable of bringing to Cuba all that the revolution promised.

4 CUBA: COASTAL DEFENSE CRUISE MISSILES ~~NOW~~ (REPORTEDLY) ARE PART OF THE CUBAN ARTILLERY FORCES. ~~[illegible]~~ CUBAN INVOLVEMENT IN THE SOVIET-DOMINATED AIR DEFENSE SYSTEM IS ALSO INCREASING. A SOVIET SO-1-CLASS SUBCHASER HAS ARRIVED IN CUBAN WATERS AND TWO OTHERS ARE PROBABLY EN ROUTE.

5. USSR: KHRUSHCHEV'S LONG-RANGE PROGRAM FOR DEVELOPMENT OF THE SOVIET CHEMICAL INDUSTRY IS TO BE ACCOMPANIED BY RETRENCHMENT IN OTHER PARTS OF THE ECONOMY DURING THE NEXT TWO YEARS. HOUSING, CONSUMER SERVICES, AND SOME HEAVY INDUSTRIAL PRODUCTION ARE TO BE AFFECTED, AND IT SEEMS LIKELY THAT THERE WILL BE A SLOWING IN THE RATE AT WHICH MILITARY EXPENDITURES HAVE INCREASED SINCE 1960

6 ITALY: DOUBTS ABOUT THE MORO GOVERNMENT'S VIABILITY HAVE SUBSIDED SOMEWHAT AS A RESULT OF STRONG VOTE OF CONFIDENCE IT RECEIVED ON 17 DEC. [illegible] AUTHORITY HAS BEEN STRENGTHENED BY [illegible] REFUSAL TO MAKE ANY DEAL WITH LEFTWING [illegible] TO [illegible]

7. CUBA: THE CASTRO REGIME SEEMS INTENT ON CULTIVATING AFRICAN COUNTRIES AS WAY OF LESSENING ITS ISOLATION FROM THE FREE WORLD. AN EMBASSY IN TANGANYIKA INDICATES THIS. IN ADDITION, CUBA HAS, DURING THE PAST MONTH, EXPANDED CONTACTS WITH NINE COUNTRIES SOUTH OF THE SAHARA. THERE IS ALSO REASON TO SUSPECT AFRICANS GOING TO CUBA ON SCHOLARSHIPS ARE GETTING TRAINING IN GUERRILLA WARFARE TECHNIQUES.

8. UK: //BRITISH FOREIGN POLICY UNDER THE DOUGLAS-HOME GOVERNMENT INCREASINGLY FOCUSED ON KEEPING THE EAST-WEST DIALOGUE OPEN AND IMPROVING RELATIONS WITH WEST GERMANY. BOTH SIR ALEX AND FOREIGN SECRETARY BUTLER ESPECIALLY DETERMINED TO KEEP EXPLORING AREAS POSSIBLE AGREEMENT WITH MOSCOW -- A POLICY WHICH PAID OFF HANDSOMELY FOR CONSERVATIVES IN ELECTIONS OF 1955 AND 1959. MAIN OBJECTIVE -- BUTLER'S RECENT VISIT, BONN WAS TO SOUND OUT GERMAN REACTION TO SUCH BRITISH INITIATIVES.//

THE UK AND US IN INCREASINGLY VITRIOLIC TERMS. HIS PARTY IS PARALYZED BY INTERNAL DIVISIONS AND IS UNDECIDED WHETHER TO CONTEST THE PRE-INDEPENDENCE ELECTIONS SET FOR NEXT YEAR OR TRY TO BLOCK THEM BY RESORTING TO VIOLENCE. OPPOSITION PARTIES, MEANWHILE HAVE DONE LITTLE TO COOPERATE AGAINST JAGAN BEYOND REACHING A TENTATIVE AGREEMENT NOT TO ATTACK EACH OTHER PUBLICLY.

10. FRANCE: PARIS IS TRYING TO PROMOTE TRADE WITH COMMUNIST CHINA BY ENCOURAGING PRIVATE FIRMS TO DEVELOP NEW MARKETS THERE. THERE ARE BUILT IN LIMITATIONS TO THE EXTENT THAT FRENCH-CHINESE TRADE CAN GROW, COMPLEMENTARY PRODUCTS ARE FEW, AND CREDIT PROBLEMS CONTINUE TO LIMIT PURCHASES BY CHINESE WHO SEEM PRIMARILY INTERESTED IN OBTAINING FRENCH TECHNICAL SKILLS. PARIS INTEREST IN CHINESE TRADE AND EXPANDED CULTURAL CONTACTS WITH PEIPING HAVE STIMULATED SPECULATION THAT SOME SORT OF DIPLOMATIC RECOGNITION IS IN THE OFFING. THIS IS STOUTLY DENIED AT ALL LEVELS OF FRENCH GOVERNMENT.

11. FINLAND: FOR THE SECOND TIME IN FOUR MONTHS FINLAND IS GOING THROUGH A CABINET CRISIS BROUGHT ON BY DISAGREEMENT WITHIN THE RULING COALITION OVER DOMESTIC LEGISLATION. A NON-POLITICAL GOVERNMENT

THE ALTERNATIVE SOLUTIONS SEEM LIMITED TO AGRARIAN MINORITY GOVERNMENT, RECONSTITUTION OF AGRARIAN-DOMINATED COALITION OR AS A LAST RESORT, GENERAL ELECTIONS. WHATEVER THE OUTCOME, PRESIDENT KEKKONEN DESIRE TO IMPROVE RELATIONS. MOSCOW CAME OUT AGAIN DURING HIS TRIP TO THE USSR.

12. SOUTH KOREA: PRESIDENT PAK CHONG-HUI'S DOMINATION OF THE NATIONAL ASSEMBLY INAUGURATED ON 17 DEC UNDER SOUTH KOREA'S NEW CONSTITUTIONAL REGIME MAY TRANSFER POLITICAL INFIGHTING TO A NEW ARENA. THE CONTROVERSIAL FORMER SECURITY CHIEF KIM CHONG-PIL CONTROLS THE PARTY APPARATUS, AND HIS MANY ENEMIES ARE LIKELY TO TRY TO USE THE LEGISLATIVE PROCESSES TO TRY TO WREST POWER FROM HIM. PRESIDENT PAK STILL BACKS KIM, HOWEVER, AND THEY AND THEIR COHORTS WILL CONTINUE TO MAKE THE GOVERNMENT'S MAJOR DECISIONS. THE CABINET HEADED BY CHOE TU-SON APPEARS TO HAVE BEEN CHOSEN WITH A MIND TO BALANCING FACTIONAL AND SECTIONAL INTERESTS AND FOR AN ABILITY TO CARRY OUT, RATHER THAN FORMULATE POLICY. 13. TURKEY: THE THREE-WEEK OLD CABINET CRISIS APPEARS TO BE APPROACHING A CLIMAX FOLLOWING THE FAILURE OF BOTH MAJOR PARTIES TO BRING MINOR PARTIES INTO COALITION ARRANGEMENTS. ONLY A COALITION BETWEEN THESE TWO, PRIME MINISTER INONU'S REPUBLICAN PEOPLE'S PARTY AND THE JUSTICE PARTY, OR A "NATIONAL COALITION" OF ALL POLITICAL GROUPS, REMAINS TO BE TRIED. DESPITE THE DEEP DIFFERENCES, AN ASSOCIATION BETWEEN THE TWO MAY PROVE FEASIBLE, FOR THE POLITICIANS FEAR THAT EXTENDING THE CRISIS MUCH LONGER MIGHT PROVOKE MILITARY INTERVENTION. (CONF)

EMBASSY CONTACTS. THE EXILES HAVE SENT EMISSARIES ABROAD TO SEEK FUNDS AND ARMS. THEIR PLANS REPORTEDLY INCLUDE ASSASSINATION OF LEOPOLDVILLE LEADERS, AN "INVASION" OF THE CONGO, AND INSTIGATION OF A COUP BY THE CONGO ARMY. THE WEAKNESS OF THE LEOPOLDVILLE REGIME, ESPECIALLY THE QUESTIONABLE RELIABILITY OF GENERAL MOBUTU'S ARMY, CLEARLY ENHANCES THE CNL PROSPECTS. LAST MONTH MOBUTU AND SURETE CHIEF NENDAKA, THE REGIME'S TWO KEYSTONES, WERE WAYLAYED BY SOLDIERS AND NEARLY KILLED. STUDENT AGITATION MAY BECOME A FACTOR IN VIEW OF THE CLOSE CONNECTIONS TO STUDENT GROUPS OF TWO HIGH OFFICIALS RECENTLY OUSTED -- FOREIGN MINISTER MABIKA-KALANDA AND LONDON CHARGE THOMAS KANZA. For several years he served in responsible positions at Headquarters and was promoted to GS-15 in 1957. In 1959 he returned to Tokyo as Deputy for Operations and as DCOS until 1964. He was promoted to GS-16 in August 1964. From 1964-1966 he served at Honolulu Base. In 1965 he was appointed COB, Honolulu. From 1966-68 he served in the Office of Planning, Programming and Budgeting. In 1968 he was reassigned to the Missions and Programs Staff and in 1971 was appointed Chief, MPS and served there until January 1972 during which period he was promoted to GS-17. In 1972 he was appointed Chief of the then designated Nonofficial Cover Affairs Division (presently Nonofficial Cover Affairs Branch), from which assignment he is retiring.

Mr. Wheeler's outstanding characteristics are his integrity and total dedication. He is a natural leader, bright and original. He has a creative mind, is articulate and rational. He has excellent recall, is a gifted administrator and manager. He is a searching individual who is totally committed and has the high regard of most of the elements comprising the DDO. During his tenure he has received laudatory commendations for his efforts.

Mr. Wheeler has made a valuable contribution to the Agency during his extended career and it is fitting that upon retirement after such a distinguished career, he be awarded the Intelligence Medal of Merit.

MEMORANDUM FOR: Secretary, CSCS Board

SUBJECT: Recommendation for Promotion - Robert P. Wheeler

1. As one of the final acts in my CIA career I want to bring to your attention and add my strong concurrence and recommendation to two (2) recorded recommendations for the promotion of Robert P. Wheeler to the grade GS-17. I find it hard to imagine a more persuasive recommendation for this action than that forwarded by my predecessor in June 1969 (Attached). I can imagine Mr. Mitchell's feeling when he prepared the second recommendation in February 1970 (Attached). And yet, I find in February 1971 there has still been no action. In the year that has passed this promotion has become even more deserved, for despite the natural disappointment accompanying such a continuing lack of recognition, there has been no diminution of enthusiasm, no lowering of standards, and the CS is clearly better managed because of his continuing efforts. Were these two previous recommendations not so clear cut and descriptive, I would conclude that those in control simply do not know what this officer does and has done. Knowing what he does and how he does it should not continue to be unrewarded and, hence, I add my strongest recommendation for early and favorable action.

2. This officer has performed in a most outstanding manner, as testified in his fitness reports by my predecessor, and certainly during my tenure as Chief, MPS for the past 12 months.

MEMORANDUM FOR: Secretary, Clandestine Service Career Service Board

SUBJECT: Recommendation for the Promotion of Mr. Robert P. Wheeler to GS-17

1. It is recommended that Mr. Robert P. Wheeler be promoted to GS-17.

2. Mr. Wheeler obtained a B.A. degree in Political Science from the University of California, Berkeley, in 1942 and a M.A. in International Relations from George Washington University, Washington, D.C., in 1946. He entered the U.S. Navy in 1942 and after a concerted course in Japanese served the Navy until 1946 as an Intelligence Specialist, Japanese Language Officer, and the War Department, still as an Intelligence Specialist in Tokyo, from 1946 to 1952. In September 1952 he joined the Agency for duty in Tokyo; returned to Headquarters in June 1956 where he served until 1959; left for service in Japan from June 1959 to October 1964; served under non-official cover in Honolulu from August 1964 to August 1966; served at Headquarters with the Office of Planning, Programming and Budgeting (OPPB) from August 1966 until January 1969, and with MPS from the latter date to the present.

3. During his career with the Agency he has been a field Operations Officer, Liaison Officer to overseas U.S. agencies and a foreign intelligence service, a supervisor, Deputy Chief of Station (Tokyo), Chief FI for a division (FE), Chief of Base (Honolulu), Program Analyst (OPPB), and Program Analyst and Group Chief (MPS).

4. In his present position as Chief of Programs Group in the Missions and Programs Staff, Mr. Wheeler is responsible for liaison between the CS and the OPPB on the PPB System and non-budgetary matters; installing the PPB System

SECRET

within the CS; advising and assisting CS components in the preparation of Operating Directives and the program portions of the annual responses to the Program Call; chairing the Program Review Panel; preparing and/or coordinating special studies and surveys on operational programs; coordinating and preparing the annual DDP report to the PFIAB, preparing the annual DDP briefing of the DCI on CS problems and progress; and, as required, advising CS components on the requirements of PPBS that need to be addressed in CS documents requiring DCI or Executive Director-Comptroller action.

5. In his previous assignment Mr. Wheeler was detailed to OPPB to give that office, in the preparation of Agency programs for submission to the Bureau of the Budget, a better understanding of clandestine collection and covert action, to help that office better review and integrate CS programs in Agency programs, and to give him a broad view of the PPB System and Agency management in both of which he had shown considerable interest. His performance in that office was rated "Strong," and it was on that performance and on his genuine enthusiasm and interest in management generally that his services were sought for MPS.

6. In the performance of his duties as Chief, MPS/PRG he made immediate use of his long experience in and knowledge of CS operations, the experience and knowledge gained in OPPB, his formal education in the PPB System, and a strong belief in and desire to put to work within the CS certain concepts of that system for general and specific management improvement. Given the idiosyncrasies of the CS, he recognized early that in order to make the PPB system work effectively knowledge of the "why" and "how" of that system must be possessed at every decision-making level. With limitless energy and enthusiasm he set about "preaching the gospel" from division chief to case officer. Whenever and wherever a formal group is assembled and management is a topic for discussion, the Office of Training can count on him to drop everything and hold forth on the subject, be it the Senior Management and Planning Course (whether for supergrades or below), Station Chief Conferences, the CS Senior Seminar (now in session) and the like. Acting as the DDP/TRO's right arm to encourage attendance at the Senior Management and Planning Course he has crusaded with division and staff chiefs for the attendance of certain of

SECRET

their key employees. To date upwards of 100 from the CS have attended that course with many more to follow. With some of those same senior officials he has argued the benefits ultimately to accrue to their components from the temporary assignment of a senior key official for a year or two to MPS and/or CPPD and eventual return to the mother component. One such arrangement, with duty in CPPD, has just been completed. His tactful, understanding, friendly, businesslike, professional and competent handling of the chairmanship of the PRP and the reviews of the Operating Directive and country activities conducted by that Panel leaves little to be desired. Regarding the PPB System, he reads everything, pro and con, that comes to his attention, and he has spent a fair sum out of his own pocket to build a library on the subject. He has persuaded potential converts to the system to read those books, magazines, periodicals and pamphlets to the end that most of that library is on constant loan. His insatiable appetite for news on current as well as historical domestic and foreign matters, his excellent sense of humor, and his genuine friendliness are invaluable assets in his present assignment inasmuch as they have given him such a wide range of acquaintances, in and out of the CS, as to open wide the door for discussion on MPS responsibilities that are anything but sexy. He is so highly regarded by his contacts in the divisions and staffs of the CS and in CPPD that his advice and guidance are constantly sought. He gives of his time and energy willingly, regardless of the grade of the individual or the magnitude of the problem. His enthusiasm is catching and he sets an excellent example for subordinates, equals and superiors as well.

7. In view of the above, Mr. Wheeler, a broadgauged, fast moving, competent, dedicated, sincere and friendly individual who has not yet reached his full potential, whose goal is to make the Clandestine Service the best managed directorate in CIA, and who will soon have served five years in grade, is strongly recommended for promotion to GS-17.

MEMORANDUM FOR: Secretary, Clandestine Service
Career Service Board

SUBJECT: Recommendation for the Promotion of Mr. Robert P. Wheeler to GS-17

1. It is recommended that Mr. Robert P. Wheeler be promoted to the grade GS-17.

2. By memorandum dated 5 June 1969 the undersigned recommended Mr. Wheeler for promotion. In that memorandum was set out the career of Mr. Wheeler from the date he completed college (1942) until June 1969, and was described his wartime (1942-1946), immediate post-war (1946-1952) and Agency (1952-to June 1969) experience, all in the field of intelligence. Since it is the opinion of the undersigned that the Board should have the benefit of all the facts stated in that memorandum and since there is no change in the contents thereof, I hereby incorporate by reference the memorandum of 5 June 1969, make it part hereof and attach it hereto as a significant part of the present memorandum.

3. The time passed since 5 June 1969 has served only to confirm my conviction in Mr. Wheeler's true value to the CS. He has continued the strong leadership of the Program Review Panel and his subordinates. His unbounded energy and incessant championing of the applicable principles of the PPB System have resulted in office chiefs or other most senior officials appearing before the last Program Review Panel apparently interested and better prepared than ever before. His obvious sincerity and friendly and intelligent approach to the job have convinced many of the need for the better management of their affairs. This is no mean accomplishment in a world where the normal human resents

SECRET

even constructive criticism. Mr. Wheeler is so dedicated to making the CS the best managed component in the Agency that he continues to spend his own earnings on books and periodicals on the subject of management and to encourage interested parties to read them and pass them on to others.

4. The undersigned is aware that for the past six (6) months a private interest has dangled an impressive carrot in front of Mr. Wheeler in an attempt to induce him to retire and represent overseas the interests of that private concern. This fact is not to be considered by the Board as a sword of Damocles. It is simply to bring to the Board's attention that if a promotion at this time should serve to dissuade Mr. Wheeler from accepting the proffered job, the Board would have been instrumental in retaining for the CS in the management field one of the most dedicated, friendly, readily accepted, knowledgeable, industrious and qualified officers in the Agency.

5. In view of paragraph 3 above, the contents of the attachment hereto, and his potential for further growth, Mr. Wheeler is strongly recommended for promotion to Grade GS-17.

1. In order to assist employees in planning for their eventual retirement, it is the practice of the Agency to notify each employee at a point in service five years prior to the date of scheduled retirement. I am, therefore, taking this opportunity to advise you that you are scheduled to retire in October 1975.

2. The prospect of retirement from the Agency deserves serious thought and careful planning so that you may make the transition to the next phase of life with purpose and confidence. To assist you in this regard, the Agency will make available to you various resources which are attuned to the needs of prospective retirees. In October 1970, the Agency will conduct a Retirement Information Seminar to which you will be invited. Your spouse, if you are married, may accompany you to this seminar. Following the seminar, you will be invited by the Retirement Counselor for your Directorate to an individual pre-retirement counseling session (or more than one, if you wish); this phase of retirement planning will be tailored solely to your own particular situation and circumstances and will be within the context of the retirement system under which you will retire. The individual counseling sessions are intended to give you a wide range of information on such matters as estimates of your annuity, survivor benefits, life and health insurance, Social Security taxes, relocation and movement of household effects and assistance in obtaining other employment, if appropriate. In addition to the sessions with your Retirement Counselor, you will be invited to avail yourself of selected literature on all aspects of retirement.

3. Some persons who wish to retire voluntarily prior to the scheduled date, or who wish to commence their planning as early as possible, prefer to work with their Retirement Counselor well before the time he would normally contact them. If you believe you would benefit from such an earlier start on your personal planning, you are invited to contact the Retirement Counselor responsible for your Directorate. He is assigned from your Directorate to the Retirement Affairs Division, 212 Magazine Building in Rosslyn, on telephone extension 3328.

4. Experience has amply demonstrated that careful planning facilitates the transition to retirement. I recommend, strongly, that you avail yourself of the services the Agency offers you in planning your own retirement.

MEMORANDUM FOR : Mr. Robert P. Wheeler

THROUGH : Administrative Officer, MPS

SUBJECT : Purchase of Service Credit

1. This is to advise you that your application to purchase service credit under the CIA Retirement and Disability System has been processed. The amount of $437.00 will be required to purchase credit for the period 18 June 1946 through 17 June 1947 when no deductions were withheld from your salary. Under the current provisions of the CIA Retirement System, payment of the above amount will increase your annuity by approximately 2 per cent of your high-three average salary at the time of retirement. The amount due includes interest to the present date.

2. It should be explained that under the CIA Retirement and Disability System, all periods of creditable Federal civilian service during which retirement deductions were not taken from salary must be purchased by making a deposit in order for the time to be counted in the computation of the retirement annuity. Under the Civil Service Retirement System, such periods of Federal service are always creditable in the computation of annuity, but if not purchased, the annuity is reduced by 10 per cent of the amount due. For example, if a deposit of $1,000 is required to purchase credit for those periods of service during which no deductions were withheld from salary, and it is not paid, the basic annuity would be reduced by $100 per year. If the deposit of $1,000 is paid, the retiree would have to wait 10 years to recover his own deposit before profiting from the payment.

ADMINISTRATIVE-INTERNAL USE ONLY

ADMINISTRATIVE-INTERNAL USE ONLY

3. The Agency has as an aim legislatively to secure the Civil Service option, i.e., credit for periods of non-deduction service without prior payment therefor, but with reduction of the basic annuity by 10 per cent of the amount due. Therefore, you may wish to consider deferring payment. You should be aware that the interest on the amount due will continue to accumulate at the rate of 3 per cent compounded annually if you decide to defer. For example, if it would take $1,000 to purchase credit today, the amount due one year later would be $1,030.

4. After consideration of the above options, if you wish to purchase credit for the period of non-deduction service noted in paragraph 1, please make your check payable to the Treasurer of the United States and forward it to the Chief, Retirement Operations Branch, 205 Magazine Building. If you prefer, you may make installment payments or arrange for bi-weekly payroll allotments of $25.00 or multiples thereof. A receipt showing a statement of your account will be sent to you acknowledging each payment.

MEMORANDUM FOR: Secretary, CS Career Service Board

SUBJECT: Recommendation for Promotion to GS-16, Mr. Robert P. Wheeler

1. It is recommended that Mr. Robert P. Wheeler be promoted to GS-16. He has been in grade since December 1957.

2. Mr. Wheeler is serving as Deputy Chief of Station, Tokyo. To this post he has brought his depth of knowledge of things Japanese, gained over many years of concentration on this subject. He has also brought his operational ability and his personal capability of operating among significant Japanese leaders. He has been of major value through a most difficult period of very substantial reduction of the station's staff and the termination of many of its functions. While Mr. Wheeler may have spent much of his time on things Japanese, he has also served as Chief, FI, for FE Division in which post he demonstrated his ability to operate on non-Japanese matters with force, intelligence and dispatch.

3. For these reasons it is recommended that Mr. Wheeler be promoted to GS-16.

MEMORANDUM FOR: Secretary, CS Career Service Board

SUBJECT: Recommendation for Promotion to GS-16 -- Mr. Robert P. Wheeler

1. Mr. Wheeler stands Number Four on the Division's list of recommended promotions to GS-16. Mr. Wheeler is 47 years old and has been in grade since December 1957. Most of Mr. Wheeler's Agency career has been devoted to the Japanese scene although he served one tour most commendably as Chief FI for the FE Division. He is now Deputy Chief of Station, Tokyo, and is an operations officer and executive of the highest quality. In addition to bearing a very large share of the administrative burden of a big station, Mr. Wheeler has acquired a collection of Japanese friends and contacts in important governmental and business circles unequaled, I believe, by any other member of the official American community in Tokyo. Although he has exploited these contacts most effectively for Agency and U.S. Governmental purposes, it is the plan of the FE Division to give freer rein to Mr. Wheeler's operations in this field by arranging, carefully and deliberately, unofficial cover for Mr. Wheeler which will permit him to devote a greater share of his time to the exploitation of this most important section of Japanese society. We believe that his very considerable talents as an administrator can be adequately replaced but that his standing among the Japanese and his capability for operational exploitation of his advantages are unique. I believe that Mr. Wheeler can well be considered to be the prototype of the high ranking staff officer who can forego bureaucratic advancement for a purely operational career under deep cover in one area.

2. On the basis of his proven ability and past performance as well as his seniority I believe Mr. Wheeler to be fully qualified for promotion to GS-16.

Desmond FitzGerald
Chief, Far East Division

MEMORANDUM FOR: Clandestine Services Career Service Board

SUBJECT: Wheeler, Robert P. -- Recommendation for Promotion from GS-14 to GS-15

1. Mr. Wheeler entered on duty with CIA on 28 September 1952 as a GS-14. He had, previous to that, served in a distinguished manner with the G-2 Section of the Army in Japan in the early days of the occupation. His name was submitted for promotion by the Chief of the Japan Station in November 1955. He entered on duty at Headquarters as Deputy Chief of the Japan Branch in September 1956. In April, 1957 he became Acting Branch Chief and has been serving in this position in a superior manner. He is 41 years of age and has been in grade with the Agency for 4½ years.

2. A review of Mr. Wheeler's Fitness Reports will adequately reflect his strength and weaknesses, with the possible exception of the most recent one dated 7 July 1956, in which, in the undersigned's opinion, the rating officer did not have adequate time to fairly rate Mr. Wheeler. Granting his occasional tendency to allow his emotions to color his work, he is, nevertheless, one of the hardest working and generally capable officers I have been associated with. He has great ability in dealing with people, he is an accurate and meticulous reporter, and he is adjusting rapidly to the requirements of his job in Headquarters and is turning in a most effective performance. In view of the length of time in grade, his age, and above all his performance, I strongly recommend Mr. Wheeler for promotion from GS-14 to GS-15. It is planned in the near future to appoint Mr. Wheeler Chief of the Foreign Intelligence Staff of the FE division, a most responsible GS-15 position.

SUBJECT GENERAL Administrative/Personnel
SPECIFIC [redacted]

Mr. Richard P. Wheeler

1. Attached is a rotation data sheet on [redacted].

2. As you will note [redacted] lists as his first choice return to Japan Base.

3. While it is realized that [redacted] has not had a regular tour at Headquarters, Japan Base concurs in [redacted]'s request, provided it does not hinder his career. This concurrence is based on the fact that Japan Base will be losing by next summer several of its key personnel who have contributed much to the operations of the Base. These include STEWARD, WAISTLING, possibly CAPASSO and others.

4. [redacted] has a unique knowledge of the Japanese scene, speaks the language and has a continuity of service that makes his service invaluable.

5. During the next couple of years as this base gradually reduces in size, and while the Japanese are still in a receptive mood it is felt that much can be accomplished through our liaison efforts. It is therefore felt that [redacted]'s experience can be to the maximum benefit to KUBARK by his return here for another tour.

6. In order to assist this Base in its planning, an early answer will be appreciated.

1. In pursuance of recommendation submitted in Ref, it is requested that Robert Puhuit be considered for promotion from the grade of GS-14 to GS-15. Subject has been in grade since 27 September 1952. He occupies a GS-15 slot.

2. Subject has been in his present position for approximately one year and has been under my supervision for 22 months.

3. Subject has made an unusual contribution to the work of the base through:

a. His outstanding leadership;
b. His almost unique knowledge of the area;
c. His ability to deal on a close personal basis with individuals on the highest levels; and
d. His quick and often brilliant assessment and solution of many of the important day-to-day problems of the base.

[illegible]

Robert P. Wheeler

1. The position currently held by incumbent is two-fold: a. Deputy for KUFIRE and b. Chief of Liaison. These two positions will be described separately.

2. Deputy KUFIRE, Japan Base

As the title implies, incumbent is Deputy Chief, Japan Base for KUFIRE activities, a position comparable to the Deputies for Administration and KUCOMM activities. As such, incumbent is the responsible officer for the KUFIRE activities of the Japan Base, responsible to the Chief and Deputy Chief of Base. These responsibilities include the originating, planning and supervision of the execution of all Japan Base KUFIRE activities under the broad supervision of the Chief of Base, guided and directed by KUBARK KUFIRE regulations such as the SOI and the TRD. Incumbent supervises the work of approximately twenty persons ranging in grade from GS-13 to GS-5 and including such persons as the KUFIRE operations officer, the special projects officer, the chiefs of the KUFIRE sections of the Base. It is incumbent's further responsibility, generally on the initiative of the Deputy for Administration, to handle certain personnel matters for KUFIRE personnel, matters such as efficiency reports, promotion actions, disciplinary actions, etc. Incumbent also represents the Base on all KUFIRE matters, being charged, for example, with most KUFIRE relations with higher echelons, such as the Senior Representative, [illegible], and laterally with KUFIRE elements of adjacent Bases. As one of five Deputies, incumbent assists in setting Base policy, determination of personnel assignments, determination of work assignments, determination of Base operational priorities (again under the guidance and direction of KUBARK Headquarters), and, generally with the Chief of Base but often on his own responsibility, represents the KUFIRE aspects of the Base and of KUBARK so far as Japan is concerned to ODACID, ODIBEX and ODUNIT.

3. Deputy for Liaison, Japan Base (or Chief, Japan Base Liaison)

In this capacity incumbent is charged with basic responsibility for all Japan Base liaison activities, with all Japanese agencies or entities and other ODYOKE Agencies represented in Japan. Here incumbent is responsible to the Chief of Base for the origination, planning, supervision and frequently the actual conduct of all Base liaison, under the broad guidance of FR 52-200. Under incumbent's direct supervision are approximately twenty persons, separate from those mentioned above, who range in grade from GS-14 to GS-5, including all Base personnel in any form of liaison activity though their basic assignment may well be in one of the operating sections of the Mission. Being the Senior Liaison person of the Base, incumbent is frequently called upon to conduct liaison activities with such persons, on the one hand, as the Deputy Prime Minister of the host country, the Chiefs of major Japanese Governmental departments, high ranking officials of various branches of the host country, and, on the other, with such persons as the Senior ODACID representative in the country

and various branch or section heads of the local ODACID establishment, senior military officers of all three services and various branch and section chiefs of the local military establishments. One segment of these activities involves LAURICLE matters of high importance. One of the primary direct responsibilities of incumbent is the origination of KUBARK liaison with these agencies and of equal import is the maintenances of good liaison relationships, stepping in where there is potential trouble, where policy decisions have to be made, where new departures in liaison are necessary (such as joint operational activities with other PBPRO or other ODYOKE agencies).

4. Inherent in both of the current assignments is the planning and review function which are both so necessary to effective and continued operations. This includes the initiation of PPOP's and review of those originated by personnel under the supervision of incumbent; included also is operational review and critical analysis of all KUTUBE operational and Base liaison activities.

5. In addition to the above functions and responsibilities, incumbent is also the case officer for one political KUTUBE operation.

6. Aside from the above general description of incumbent's duties and responsibilities the following seems pertinent: incumbent has been on duty in Japan, with minor interruptions, since September 1945 and in this period, seven years was spent with G-2 of the command (throughout its many changes). One result of this service has been an uninterrupted liaison relationship with many Japanese agencies and more importantly Japanese personalities, while, on the other hand, at the same time there has been a rather unique relationship with the Command and with personnel of the Command (many of the ODYOKE personnel with whom KUBARK is now in liaison are persons with whom incumbent has worked intimately at some period throughout the past ten years, making for a naturalness of relationship that has paid innumerable dividends). In addition incumbent has specialized in things Japanese for some fifteen years, being somewhat more than a neophyte in Japanese history, economics, language, and customs and traditions.

7. I certify that the above described duties are true and correct.

Name:	Robert P. Wheeler (060947)
Date of Birth:	10/04/15
Sex:	Male
Grade:	GS-17
SD:	D
Official Position Title	Ops Officer - Staff Chief
Current Station:	Headquarters
Type of Report:	Annual
Reporting Period:	1 April 1972 - 8 May 1973

During the past reporting period Mr. Wheeler has served his first full year as Chief of the newly-created Nonofficial Cover Affairs Division. He has worked hard and long to improve and simplify the procedures through which we recruit, train, and deploy our nonofficial cover personnel. He has identified accurately the bureaucratic roadblocks that stand in the way of our efficient use of nonofficial cover and if he has not succeeded in removing these barriers he has made some progress. His enthusiasm for the job and his belief that it can be done have been invaluable during a formative period, and his performance on the whole has been a strong one.

Date of birth:	10/04/15
Sex:	Male
Grade:	GS-17
SD:	D
Official position title:	Ops Officer - Staff Chief
Current station:	Headquarters
Type of report:	Annual
Reporting period:	21 March 1971 - 31 March 1972

During the first part of the reporting period, Mr. Wheeler served as Chief, Missions and Programs Staff, and on 17 January 1972 he assumed his new duties as Chief, Non-Official Cover Affairs Division. As Chief, MPS, Mr. Wheeler effectively supervised the important planning and budgetary functions of that office and under his leadership the Clandestine Service has considerably improved its programming presentations to the 7th floor and, due to the effective staff work and Mr. Wheeler's guidance, the area divisions have been largely relieved of the many questionnaires and interventions with which they were once plagued.

Mr. Wheeler took over his new duties as Chief, NOCAD with enthusiasm and his wide field experience and good relationships with the area divisions should in the future bring about a much more secure and imaginative employment of our non-official

MEMORANDUM FOR: Director of Personnel

SUBJECT: Fitness Report (Special) - Robert P. Wheeler

1. This memorandum is submitted in lieu of the Fitness Report form to cover the performance of Mr. Wheeler from 1 March 1970 through February 1971. It is submitted as the final report of the Rating Officer who is retiring at the end of February 1971.

2. Mr. Wheeler's outstanding characteristics are his integrity and total dedication to the continuing upgrading of management within the CS at all levels. By background, interest and training; by service in OPPB; by full-time participation in the Federal Executive Institute; and by his abiding determination to instill others with a similar will for perfection within the CS, he has made a valuable contribution to the Missions and Programs Staff (MPS) and to the Clandestine Services.

3. As chief of the Program Review Panel he has chaired the hearings of the various divisions with a great degree of sensitivity and knowledge, and has upgraded the quality and substance of those hearings. He has been especially helpful in those instances where divisions have proposed new approaches, as well as in the development of new and effective management techniques designed to simplify control and to coordinate the activities of headquarters elements and field stations.

4. Mr. Wheeler is a natural leader, bright and original. His is a creative mind, and innovative. He is articulate, rational, and thinks and talks sequentially. He has demonstrated clearly his ability to instill enthusiasm and continuing effort on the part of his subordinate officers who, taking their cue from him, are thoughtful, energetic and hard working. His officers demonstrate very high morale and great enjoyment and satisfaction in their work.

5. Mr. Wheeler also has the gift of being able to absorb rapidly and commit to paper accurately and quickly, a characteristic and asset of his which has much to commend it.

6. He has been a superb deputy, acting in this capacity in my absence. He has excellent recall, is a gifted administrator, and has introduced a number of procedural changes that have increased MPS effectiveness. He has been effective in dealing with OPPB and in participation in the briefings of Office of Management and Budget (OMB) personnel. He is very cost conscious and has made several suggestions resulting in the saving of hundreds of thousands of dollars. Mr. Wheeler has always enthusiastically accepted assignments to panels designed to upgrade the quality of various trouble areas, the latest being the searching look into the nonofficial cover situation within the CS.

7. Mr. Wheeler is a searching individual who is totally committed to the Plans Directorate and has the high regard of most of the elements comprising the Clandestine Services.

8. As I have previously recommended, I believe Mr. Wheeler would make an outstanding Chief of the Missions and Programs Staff.

1. This memorandum is submitted in lieu of the Fitness Report form to cover the performance of Mr. Wheeler from 1 April 1969 to February 1970. It is submitted as a Special Fitness Report to serve as the final report of the Rating Officer who is retiring at the end of February 1970.

2. As Chief of the Programs Group (PRG) of the Missions and Programs Staff, Mr. Wheeler is responsible for, inter alia, liaison, except on budgetary matters, between the CS and OPPB; installing the Planning, Programming and Budgeting System (PPBS) within the CS; advising and assisting CS components in the preparation of Operating Directives and the program portions of the annual Operating Program response; chairing the Program Review Panel; preparing and/or coordinating special studies and surveys on operational programs; preparing DDP responses to requests of the Executive Director-Comptroller on CS programs, etc.; and, as required, advising CS components on those requirements of the PPBS that need to be addressed in CS documents requiring DCI or Executive Director-Comptroller action.

3. In carrying out the above-stated functions Mr. Wheeler has continued his superb performance in the field of management. His unusual dedication and sensible approach to and great enthusiasm for the tenets of PPBS have contributed immensely to the system's installation in the Clandestine Service. His energy, logical reasoning and sincerity have infected his numerous contacts within the CS and are goals which his officer-subordinates are striving to attain. He is so strong in his determination that good management will prevail in all components of the CS that he

has never passed up an opportunity informally to discuss PPBS, to lecture at formal courses and to assist the DDP/TRO in his exhortations for management training. He has been a strong leader as Chairman of the Program Review Panel and supervisor of his subordinates. He has been outstanding in his ability rapidly to gather facts and produce a document in response to program and management queries levied on MPS. His wide CS experience, affability, sincerity, intelligence and dedication to the missions of the Agency, all of which have continued to be in evidence during the reporting period, make Mr. Wheeler, in the opinion of the Rating Officer, one of the CS' most valuable officers.

MEMORANDUM FOR: Director of Personnel

SUBJECT: Fitness Report (Annual) - Robert P. Wheeler

1. In compliance with HR 20-20, this memorandum is submitted in lieu of Fitness Report Form 45 covering the performance of Mr. Wheeler from January 1968 to 31 March 1969.

2. In late 1967 it was determined that Mr. Wheeler would be reassigned in June 1968 from the Office of Planning, Programming and Budgeting (OPPB) to the Missions and Programs Staff (MPS). Under an arrangement with the Director of PPB, Mr. Wheeler was lent to MPS on 1 January 1968 for the purpose of preparing himself to assume the functions of Chief of the Programs Group (PRG) in MPS. Accordingly, what follows covers the period of the loan, from 1 January to 11 June 1968, and the period as Chief, PRG, from 12 June 1968 to 31 March 1969.

3. From 1 January to 11 June 1968. During the period of loan to MPS, Mr. Wheeler understudied the then Chief of PRG, acquainted himself with all Group files and responsibilities, attended the Advanced Management (Planning) Seminar and performed numerous ad hoc tasks assigned him by C/MPS. He prepared himself for the new assignment and performed the ad hoc tasks assigned with such dispatch, enthusiasm and intelligence as to augur well for the future. No minor task was too menial; every major task was readily accepted as a challenge. In short, his preparation for the new position soon to be assumed left little to be desired on the part of the Rating Officer.

4. From 12 June 1968 to 31 March 1969. As Chief of PRG, Mr. Wheeler is responsible for, inter alia, liaison on non-budgetary matters between the CS and OPPB; installing the Planning, Programming and Budgeting System (PPBS) within the CS; advising and assisting CS components in the preparation of Operating Directives and the program

portions of the annual Operating Program responses; chairing the Program Review Panel; preparing and/or coordinating special studies and surveys on operational programs; and, as required, advising CS components on the requirements of PPBS that need to be addressed in CS documents requiring DCI or Executive Director-Comptroller action.

5. In carrying out the functions enumerated in paragraph 4, above, Mr. Wheeler has displayed drive, initiative, enthusiasm and understanding. He has pushed within the CS on those concepts of PPBS that are considered applicable to an intelligence organization and has argued with OPPB against forcing the CS to apply those concepts which are not considered to be applicable. He has worked diligently, alone and with the assistance of the DDP/TRO, to spread throughout the CS an understanding of the why and how of PPBS. He has prepared himself well for and has exercised sound judgment and tact in the handling of the chairmanship of the Program Review Panel, on the actions of which he has brought to bear his experiences in OPPB. He has given unstintingly of his time to lecturing at Agency management courses when requested. Although he understands the need for flexibility in the CS, he has to be slowed down at times so anxious is he to make the CS the best managed directorate in the Agency. His sincere interest in good management has made him and the two senior officers he supervises cost conscious. This affable, conscientious, dedicated, highly experienced, intelligent employee, who already has given evidence of a strong performance, is a pleasure to collaborate with and a valuable asset to MPS and the CS.

SUBJECT: Mr. Robert P. Wheeler, GS-16, O/PPB, Employee Serial No. 060947, D Career Service

REFERENCE: HR 20-20c(2)

1. In accordance with reference, this memorandum is submitted in lieu of a Fitness Report (Form 45). This is an annual report but in view of Mr. Wheeler's transfer to the Missions and Programs Staff, DD/P, in January 1968, it covers only the period April 1967 through December 1967.

2. Mr. Wheeler's assignment as Program Analyst involved: (a) reviewing and evaluating Agency activities, principally covert action programs; (b) participating in special in-depth studies of selected Agency activities; (c) preparing the Covert Action Program Memorandum for the Director's approval and submission to the Bureau of the Budget; (d) keeping abreast of Agency plans, programs, and progress toward defined objectives; (e) providing general staff assistance to the Director/PPB in implementing the Agency planning, programming, and budgeting system; and (f) preparing special presentations and correspondence for the Office of the Director.

3. During the year, Mr. Wheeler participated in a survey by the Inspector General of Agency proprietary organizations. He contributed significantly to the study. In addition, he was the Office monitor for at least two studies for the Bureau of the Budget.

4. Mr. Wheeler was the principal analyst assigned to the review of the Agency's Covert Action Program. He reviewed Directorate program plans and proposals, identified issues to be raised with the Director, and prepared a Program Memorandum for the Director's approval which presented Agency Covert Action plans and programs for the next five years.

5. Mr. Wheeler's long operational experience, extensive contacts throughout the Agency, and exceptional writing ability have contributed to the realistic appraisal of programs and plans and to their effective presentation to the Director and to the Bureau of the Budget. Mr. Wheeler is effective in dealing with other elements of the Agency and has contributed useful suggestions for improving operations and analysis. In summary, Mr. Wheeler made a significant contribution while in the Office. In view of the similarity in functions between the two organizations, I would expect this contribution to be carried forward to his new assignment.

6. I rate Mr. Wheeler's over-all performance during the period as Strong.

7. Mr. Wheeler had no supervisory responsibilities.

SUBJECT : Mr. Robert P. Wheeler, GS-16, O/PPB, Employee Serial No. 060947, D Career Service

REFERENCE: HR 20-20c(2)

1. In accordance with reference, this memorandum is submitted in lieu of a Fitness Report (Form 45). This is an annual report and covers the period 1 August 1966 through 31 March 1967.

2. Mr. Wheeler's assignment as Program Analyst involves: (a) reviewing and evaluating Agency activities or programs, principally in the areas of clandestine collection and covert action; (b) participating in special in-depth studies of selected Agency activities; (c) preparing Program Memoranda for the Director's approval and submission to the Bureau of the Budget; (d) keeping abreast of Agency plans, programs, and progress toward defined objectives; (e) providing general staff assistance to the Director/PPB in implementing the Agency PPB system; and (f) preparing special presentations and correspondence for the Office of the Director.

3. Mr. Wheeler has many years of experience in clandestine operations and administration, both at Headquarters and in the field. This experience has proven to be of great value to this Office in assessing Agency activities. Mr. Wheeler has been quick to see the usefulness of the new planning, programming, and budgeting concept as a tool for assisting management at all levels in the Agency. He has enthusiastically supported the development of a system adapted to Agency needs and has made significant contributions toward this end.

4. Currently, Mr. Wheeler is participating in three studies of Agency activities: an Inspector General survey of Agency proprietary organizations and two studies which were requested by the Bureau of the Budget--Agency use of communications media for political-psychological programs and Agency air capabilities at two selected facilities. In addition, Mr. Wheeler is in the process of preparing a Program Memorandum for the Director's approval which presents Agency Covert Action plans and programs for the next five years.

5. Mr. Wheeler is effective in dealing with other elements of the Agency; he writes exceptionally well, has many useful ideas, and is most cooperative. His vast first-hand knowledge of operational problems permits realistic appraisal of operating plans and proposals. In summary, Mr. Wheeler has made a definite contribution during his eight months in this Office; and we expect this contribution to continue in importance.

6. I rate Mr. Wheeler's over-all performance during the period as <u>Strong</u>.

7. Mr. Wheeler has no supervisory responsibilities.

To get a broad introduction to the concepts of PPBS and to learn what some other non-military elements of the Executive Branch are doing with the PPBS.

5. EVALUATION OF PROGRAM (Include: a. Strengths and weaknesses of program. b. Identify any outstanding speakers and their specific topics or area of instructional competence.)

I thought that from a broad, general standpoint the orientation was worthwhile but that far more BOB participation would have enhanced the program greatly. There was too much of "we think this is what BOB means" and too little of BOB saying "this is what we mean". I found the movie presentation of Dr. E. S. Quade's speech terrible because of inept projection, faulty audio equipment, and out-of-place music. Dr. Quade had a message and fortunately the CSC planners must have known their film was inadequate, for we were provided with the written text. Outstanding possibly because he stood out so far in comparison to the others was Mr. Peter Szanton from BOB. Dr. Adams from the University of Maryland was quite good and Mr. Greenhouse of VA was one of the few others who really seemed to know what he was talking about beyond immediate low to medium level parochial application.

1. During the past year it has clearly emerged that the Honolulu area offers very limited opportunities for CS operational action. The main target of a Honolulu base, as originally conceived by FE Division, was the East-West Center with its large number of Asian students. Although, during the 1964-65 academic year several prospective candidates for the WUENVOY program were assessed and one recruited, political developments in Southeast Asia prevented the arrival of any students at the Center from the priority Southeast Asian countries: Burma, Cambodia, Indonesia.

2. It is against this perspective that Subject's performance during the past year should be evaluated. He approached his job with enthusiasm and vigor but soon found that there were no tangible operational activities he could devote himself or his supporting agents to. He has been frank to state officially and unofficially the absence of any targets to which an operational base could direct itself and has therefore been relatively unoccupied during this period except for an occasional item of local coordination or follow-up on a headquarters task. Subject has had under his direct supervision a long-term Staff Agent at the University of Hawaii and two Staff Agents assigned to the

University as students for the current academic year. He has handled them well and has done his best to maintain their morale in spite of the fact that there were only a few specific targets on whom they could systematically work.

3. Subject is a mature, experienced and energetic officer with both operational and scholarly interests in Far Eastern, especially Japanese, affairs. His talents are obviously being wasted in Honolulu and arrangements have already been made to have him reassigned. The base itself will be phased down in the summer of 1966 with two of the three Staff Agents reassigned, the long-term Staff Agent kept on at the University, and a more junior officer replacing Subject as COB.

4. Subject has displayed an economical approach to the use both of funds and personnel.

5. In view of the limitations, outside his control, on operational activities in Honolulu, Subject's performance has been more than satisfactory and is rated as proficient.

During the ensuing three months, he has devoted himself primarily to housing, cover, establishment of liaisons, and the orientation of his two outside people. Although he has begun to work on his operational program (directed at the recruitment of WUENVOY candidates), he has not been at work long enough to provide a basis for any evaluation of his operational performance.

DOB: 4 October 1915

GS-15
Deputy Chief of Station
Tokyo
Annual Report For the Period 1 April 1963 - 31 March 1964

In preparing this memorandum in lieu of submitting Fitness Report Form 45, I can only set forth my yearly reiteration that Subject is a senior, well-experienced, well-motivated, high caliber KUBARK officer who has been in his present grade, GS-15, since 1957. His high standard of contribution to the Station as its Deputy Chief of Station continues unfailingly. Tokyo Station operations encompass a broad spectrum of internal and external targets emphasizing denied area operations. To keep on top of this activity it needs a man of energy backed up by sound operational knowledge and Subject has carried this job capably and with a will. I would certainly grade him "S" in performance evaluation.

Tokyo Station is widely dispersed and I have urged Subject on several occasions to get out to the various operational elements in an attempt to get closer to and stimulate the working case officers. After one or two starts he has not kept this up on a continuing basis, remaining at his Embassy desk and invariably working through the individual branch chiefs. I am convinced more effort on his part in this field could have resulted in more yield to the Station from his long area and operations experience.

Subject actively participates in the operational review and budget preparation of the Station and has shown a definite cost consciousness.

Subject's long tenure in Japan and experience with things Japanese are well-known and the pro's and con's of the value of an officer remaining in one area for the major portion of his time with KUBARK (possibly to the detriment of his career) have been discussed to a sufficient degree as to rule out further reference in this memorandum. Subject is scheduled to leave the Japan Station and enter an assignment where his operational talents will be of great value.

In any considerations concerning Subject being conducted by any personnel board or by any official of the Agency interested in KUBARK personnel, the significant points are Subject is a deeply motivated, highly capable officer who has been in his current grade too long.

Certification:
By Employee: This memorandum was read by Subject and discussed with him in draft. He left the area on TDY and so cannot sign it.

MEMORANDUM IN LIEU OF FITNESS REPORT FOR PERIOD:

Robert P. Wheeler

A review of the file reflects that has been constantly rated as a well-motivated, superior officer always willing to spend the "extra effort" by a variety of supervisors. During the rating period there has been no diminution in the caliber of professionalism or in the time and effort this man has contributed to the work of the Tokyo Station. He is a distinct asset. Over and above his drive and professionalism, brings to the Station a full background concerning intelligence activities having been associated with such activities in Japan for the last seventeen years, either with the military or as a member of the Agency. All of this time he has been in Japan except for a period of almost three years in Washington.

has a proficiency in the Japanese language and due to his long tenure in Japan has contacts at a variety of levels.

In sum, the Agency has in a superior officer with long background and continuity in Japan, who can and is making a highly significant contribution to the Agency's objectives in Japan.

The above has stressed solely 's ability to contribute to KUBARK objectives in Japan. However, there is no doubt in the rater's mind that could perform in a superior manner no matter to what geographical area he was assigned.

SECTION E **NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE**

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

This is the first Fitness Report made by Rating Officer on Subject since the latter assumed duties as Deputy for Operations, Tokyo Station. He has worked out extremely well in this role. He is intelligent, energetic, hard-working and faultlessly loyal. He pays attention to detail while remaining mindful of larger considerations. He is effective as a supervisor and commands the willing allegiance of his subordinates. He has excellent judgment in both administrative and operational matters. Because of his extensive background in Japan, his knowledge of things and people Japanese and his fair-to-good command of the language, he is particularly well suited for his present position. However, he would be an asset to any station or element of Headquarters in a high supervisory position.

This report has been prepared in accordance with F E Division standards which recognize the principle of rating the individual against the group. Thus an 'average' rating reflects an entirely satisfactory performance.

Subject is a well-seasoned, imaginative operations officer, who is extremely practical in his approach to operational situations. He is especially fine in his dealings with people whether superiors or subordinates. He did an excellent job as a member of the FE Division Staff in improving and expediting the FI and CI activities of the Division. Subject has an excellent background in all things Japanese and is extremely adept at building rapport with his Japanese counterparts.

He has the capacity to handle large volumes of work which many times leads him afield into activities that are not within his purview. His personality however allows him to do this without alienating others.

This report has been prepared in accordance with FE Division standards which recognize the principle of rating the individual against the group. Thus an "average" rating reflects an entirely satisfactory performance.

SECTION C. JOB PERFORMANCE EVALUATION

1. RATING ON GENERAL PERFORMANCE OF DUTIES

DIRECTIONS: Consider ONLY the productivity and effectiveness with which the individual being rated has performed his duties during the rating period. Compare him ONLY with others doing similar work at a similar level of responsibility. Factors other than productivity will be taken into account later in Section D.

INSERT RATING NUMBER: 4/5

1 - DOES NOT PERFORM DUTIES ADEQUATELY. HE IS INCOMPETENT.
2 - BARELY ADEQUATE IN PERFORMANCE. ALTHOUGH HE HAS HAD SPECIFIC GUIDANCE OR TRAINING, HE OFTEN FAILS TO CARRY OUT RESPONSIBILITIES.
3 - PERFORMS MOST OF HIS DUTIES ACCEPTABLY; OCCASIONALLY REVEALS SOME AREA OF WEAKNESS.
4 - PERFORMS DUTIES IN A COMPETENT, EFFECTIVE MANNER.
5 - A FINE PERFORMANCE. CARRIES OUT MANY OF HIS RESPONSIBILITIES EXCEPTIONALLY WELL.
6 - PERFORMS HIS DUTIES IN SUCH AN OUTSTANDING MANNER THAT HE IS EQUALLED BY FEW OTHER PERSONS KNOWN TO THE SUPERVISOR.

COMMENTS: With additional experience on the job, his performance might be such as to warrant a 5 rating.

C. RATINGS ON PERFORMANCE OF SPECIFIC DUTIES

DIRECTIONS:

a. State in the spaces below up to six of the more important SPECIFIC duties performed during this rating period. Place the most important first. Do not include minor or unimportant duties.
b. Rate performance on each specific duty considering ONLY effectiveness in performance of this specific duty.
c. For supervisors, ability to supervise will always be rated as a specific duty (do not rate as supervisors those who supervise a secretary only).
d. Compare in your mind, when possible, the individual being rated with others performing the same duty at a similar level of responsibility.
e. Two individuals with the same job title may be performing different duties. If so, rate them on different duties.
f. Be specific. Examples of the kind of duties that might be rated are:

ORAL BRIEFING	HAS AND USES AREA KNOWLEDGE	CONDUCTS INTERROGATIONS
GIVING LECTURES	DEVELOPS NEW PROGRAMS	PREPARES SUMMARIES
CONDUCTING SEMINARS	ANALYZES INDUSTRIAL REPORTS	TRANSLATES GERMAN
WRITING TECHNICAL REPORTS	MANAGES FILES	DEBRIEFING SOURCES
CONDUCTING EXTERNAL LIAISON	OPERATES RADIO	KEEPS BOOKS
TYPING	COORDINATES WITH OTHER OFFICES	DRIVES TRUCK
TAKING DICTATION	WRITES REGULATIONS	MAINTAINS AIR CONDITIONING
SUPERVISING	PREPARES CORRESPONDENCE	EVALUATES SIGNIFICANCE OF DATA

g. For some jobs, duties may be broken down even further if supervisor considers it advisable, e.g., combined key and phone operation, in the case of a radio operator.

DESCRIPTIVE RATING NUMBER

1 - INCOMPETENT IN THE PERFORMANCE OF THIS DUTY
2 - BARELY ADEQUATE IN THE PERFORMANCE OF THIS DUTY
3 - PERFORMS THIS DUTY ACCEPTABLY
4 - PERFORMS THIS DUTY IN A COMPETENT MANNER
5 - PERFORMS THIS DUTY IN SUCH A FINE MANNER THAT HE IS A DISTINCT ASSET ON HIS JOB
6 - PERFORMS THIS DUTY IN AN OUTSTANDING MANNER FOUND IN VERY FEW INDIVIDUALS HOLDING SIMILAR JOBS
7 - EXCELS ANYONE I KNOW IN THE PERFORMANCE OF THIS DUTY

SPECIFIC DUTY NO. 3: Conducts liaison with other Agency elements and outside agencies.	6	SPECIFIC DUTY NO. 6	

3. NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

DIRECTIONS: Stress strengths and weaknesses, particularly those which affect development on present job.

His greatest strength is a warm and engaging personality, an unabashed friendliness that secures him an immediate willingness to cooperate from the people with whom he deals. He is an extremely hard worker, an accurate and meticulous reporter, has energy and enthusiasm and is generally sound in his judgment. On occasions he demonstrates a lack of depth in his assessment of a situation which leads him to jump too quickly to conclusions based on intuition and emotion. As the facts assert themselves, however, he is ready to revise his opinions. As his knowledge of the Agency and operations continue to grow, however, this tendency should diminish.

SECTION D. SUITABILITY FOR CURRENT JOB IN ORGANIZATION

DIRECTIONS: Take into account here everything you know about the individual....productivity, conduct in the job, pertinent personal characteristics or habits, special defects or talents....and how he fits in with your team. Compare him with others doing similar work of about the same level.

5 - A FINE EMPLOYEE - HAS SOME OUTSTANDING STRENGTHS
6 - AN UNUSUALLY STRONG PERSON IN TERMS OF THE REQUIREMENTS OF THE ORGANIZATION
7 - EXCELLED BY ONLY A FEW IN SUITABILITY FOR WORK IN THE ORGANIZATION

IS THIS INDIVIDUAL BETTER SUITED FOR WORK IN SOME OTHER POSITION IN THE ORGANIZATION? [X] YES [ ] NO. IF YES, EXPLAIN FULLY:

Although he is perfectly capable of conducting his current job with distinction, he would shine in any position involving liaison with the U.S. military in which his long experience in dealing with military men and his personality could be brought to bear.

When he is unsure of himself in new problems, he tends to trade on his intellect and his emotional feeling for a situation or a person resulting in a vacillation of attitude and an inconsistency that limits his effectiveness. Where he has had past experience he generally makes sound decisions.

THROUGH: Staff Training Officer

SUBJECT: Completion of Operational Management Course for FE Personnel

1. Mr. Robert P. Wheeler, FE/FI, has completed a Special Management Course (Operational Management Seminar) held 7-18 January, 1957.

2. The course covered 38 hours of lectures and group discussions, together with a limited amount of reading. The course outlined the responsibilities of management at the Branch Chief level and selected problems of Headquarters management dealing with clandestine activities. The individual named completed all course assignments but received no grade, since no evaluation was made of the student's performance in this special course, or of his ability to perform a particular job assignment.

MEMORANDUM FOR THE RECORD

SUBJECT: Fitness Report on Robert P. WHEELER

1. The attached Fitness Report should be read with the following facts in mind. The Rating Officer arrived in the Japan Station on 21 January 1956. Mr. Wheeler left Japan on or about 19 March 1956 and was in the United States on TDY until 8 May 1956. From 8 May until he left Japan PCS on 7 June 1956, Mr. Wheeler was unassigned in the Japan Station. While the Rating Officer was Chief of Operations, Japan Station, Mr. Wheeler was in his assigned position simultaneously for less than one month and it is my understanding Mr. Wheeler did not report to Mr. Heckscher, but directly to the Chief of Station.

2. I question, therefore, whether Mr. Wheeler was under the Rating Officer's direct supervision for a sufficient period of time to insure that the attached report is a completely equable one. Inasmuch as the Chief of Station reviewed this report and made no comment, I am in no position to take issue with it, but suggest that it be viewed in the context of other Fitness Reports on Mr. Wheeler.

FIELD FITNESS REPORT

The Fitness Report is an important factor in organization personnel management. It seeks to provide:
1. The organization selection board with information of value when considering the application of an individual for membership in the career staff; and

TO THE FIELD SUPERVISOR: Read the entire form before attempting to complete any item. As the supervisor who assigns, directs and reviews the work of the individual, you have primary responsibility for evaluating his strengths, weaknesses, and on-the-job effectiveness as revealed by his day-to-day activities. If this individual has been under your supervision for less than 30 days, you will collaborate, if practicable, with his previous supervisors to make sure the report is accurate and complete. Primary responsibility rests with the current supervisor. It is assumed that, throughout the period this individual has been under your supervision, you have discharged your supervisory responsibilities by frequent discussions of his work, so that in a general way he knows where he stands.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left, then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. Each scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

SECTION V

A. WHAT ARE HIS OUTSTANDING STRENGTHS?

Subject has the outstanding ability to do a remarkable number of jobs remarkably well. He performs brilliantly and rapidly, if sometimes superficially, and completes a prodigious amount of work, meeting deadlines, and at the same time, unless deeply disturbed, maintaining a humorous and kindly attitude toward his associates that makes him almost always exceptionally pleasant to deal with. He is extremely well suited for almost any phase of intelligence work.

B. WHAT ARE HIS OUTSTANDING WEAKNESSES? Subject tends at times to become elated or depressed to the extent that he sometimes loses his ability to make a carefully balanced judgement. When, as happens very rarely, he runs up against what he believes to be stupidity or serious incompetence, his strongly emotional reaction sometimes hampers a necessary working relationship. He is occasionally a little too easily swayed, like a weather-vane, by the opinions of his superiors. Some of these characteristics are, however, at times actually advantageous in his work, and are far overbalanced by his outstanding strengths.

C. INDICATE IF YOU THINK THAT ANY SINGLE STRENGTH OR WEAKNESS OUTWEIGHS ALL OTHER CONSIDERATIONS:

High capacity for competant and rapid accomplishment in almost any intelligence field, particularly as based on his long residence and interest in Japan.

D. DO YOU FEEL THAT HE REQUIRES CLOSE SUPERVISION? [ ] NO [XX] YES. IF YES, WHY?

E. WHAT TRAINING DO YOU RECOMMEND FOR THIS INDIVIDUAL?

F&P course; refresher course in KUPIRE techniques.

F. OTHER COMMENTS (Indicate here general traits, specific habits or characteristics not covered elsewhere in the report but which have a bearing on effective utilization of this person):

Subject makes an invaluable contribution through his knowledge of Japan, and through the continuity resulting from his willingness to remain for an indefinite period in the area.

Supplement to Staff Agent Personnel Action

For [redacted], Effective 25 October 1964

Mr. [redacted]

Dear Mr. [redacted],

In view of your contemplated cover assignment, you have been designated a Staff Agent. The purpose of this Supplement is to call your attention to existing policies which are particularly material to you while you are so designated and to set forth certain obligations incident to your status as an appointed employee.

1. Payroll Administration. As indicated in your Staff Agent Personnel Action, your present salary and grade are $20,245.00 per annum and GS-16[3], respectively. As an appointed employee of the Government you are entitled to receive and retain only the salary, allowances and other benefits applicable to that status. However, procedural variations will be followed to preserve the security of your position.

(a) The gross emoluments that you receive from your cover activities will be retained by you as an offset against the gross emoluments due you from this organization. If cover emoluments ever exceed those due you from this organization, the overage is to be remitted to this organization on a monthly basis, unless a different period is specified.

(b) Federal income taxes will be withheld, reported and paid in conformance with Agency procedures designed to protect against the unauthorized revelation of your true relationship to the Government. You will be briefed thereon prior to your departure.

(c) This organization will deduct from the gross payments due you an amount equivalent to six and one-half percent (6 1/2%) of your gross salary for contribution to the Civil Service Retirement Fund. This amount will be deducted from the differential due you by this organization. If there is no differential or if it is insufficient, you will be required to make direct remittances to this organization in satisfaction of the required contributions.

(d) This organization will not reimburse you for mandatory Social Security deductions if such deductions are required by virtue of your cover employment. However, when for compelling cover, security or operational reasons this organization determines that you must ostensibly participate in a fringe benefit program of a cover facility you will be reimbursed therefor by this organization in an appropriate manner. In such event any benefit received by you, your heirs or any other party as a result of your ostensible participation therein while a Government employee is the property of the Government and will be disposed of at such time and in such a manner as this organization may require.

14-00000

SECRET

2. Furnished Quarters. If you and your dependents are furnished quarters by the Government while PCS Honolulu, Hawaii, you will be charged a reasonable rental therefor, as established under the Hawaii rental rate schedule of this organization.

3. Secrecy. You will be required to keep forever secret this Supplement and all information which you may obtain by reason hereof (unless released in writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations.

4. Place of Assignment. This Supplement is predicated upon an assignment in Honolulu, Hawaii, under nonofficial cover. Any deviation therefrom will require a new supplement or an amendment thereto.

PERSONAL FOR MCCONE FROM REISCHAUER

WE WILL BE REPORTING IN ANOTHER FORM OUR ANALYSIS OF THE CASE OF THE TWO SOVIET MUSICIANS. I JUST WANT TO TELL YOU, HOWEVER, THAT WE WOULD NOT RPT NOT HAVE BEEN ABLE TO GET THE RESULTS WE DID IF IT HAD NOT BEEN FOR PETE WHEELER. HE WAS ON THE JOB WITHIN MINUTES AFTER THE MEN WALKED IN, GOT HIS RUSSIAN SPEAKING PEOPLE WORKING QUICKLY, AND HELPED TO HANDLE THE WHOLE AFFAIR WITH EFFICIENCY AND DISPATCH. HIS EXPERIENCE IN JAPAN AND THE CONFIDENCE WHICH THE JAPANESE AUTHORITIES SHOWED IN WORKING WITH HIM WERE A DECISIVE FACTOR IN THE DEFINITE CHANGE WHICH TOOK PLACE OVER THE WEEKEND IN THE JAPANESE ATTITUDE ON HOW TO HANDLE CASES LIKE THIS.

HIS CONTRIBUTION HAS BEEN MAJOR AND THE RESULTS WILL BE LONG-LIVED. THIS IS ONLY ANOTHER EXAMPLE OF THE SERVICE WHEELER HAS PERFORMED HERE OVER THE YEARS. WE ARE SORRY TO SEE HIM LEAVE AND WILL MISS HIM VERY MUCH.

Supplement to Staff Employee Personnel

Action for Integration of Robert F. Wheeler

Effective 8 May 1959

The purpose of this memorandum is to call your attention to existing policies which are particularly material to you while you are integrated and to set forth certain rights and obligations which are incident to your status as an appointed employee. It is hereby agreed and understood that:

1. As an employee of this organization, at the present grade and salary of GS-15 $12,770 per annum, you will accept cover employment with another instrumentality of the Government (hereinafter referred to as "your cover facility") effective as of 8 May 1959. You will, insofar as consistent with your basic responsibility to this organization, abide by all the rules, regulations, practices and policies of your cover facility, in order to appear as a conventional member of that establishment. Your appointment to your cover facility is being effected at FSR-3 and salary of $11,660 per annum. You are prohibited, except as specifically authorized herein, from retaining emoluments paid by your cover facility.

2. It is understood and agreed that the minimum period of your overseas tour of duty is governed by and coincident with the prescribed tour of duty of your cover organization. Currently, your prescribed tour consists of a period of 24 Months from the date of your arrival at your overseas post of duty. Your assignment may be terminated earlier for the convenience of this organization and the length of your tour of duty, as currently specified, may be unilaterally changed by this organization in order to conform with subsequent changes in the prescribed tour of your cover facility. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed the minimum period of service prescribed above from the date of arrival at your overseas post of duty, you will not be entitled to return travel or transportation for yourself or your dependents to the United States at Government expense. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed one (1) year of service from the date of your arrival at your overseas post of duty, you will be required to reimburse the Government for all of its expenses for your travel and transportation, and that of your dependents, from the continental United States to such overseas post of duty.

SECRET

3. Travel to your post of duty overseas and your return travel to the United States, as well as travel performed overseas which is consistent with your cover designation, will normally be at the direction of your cover facility. Such travel will be accomplished in conformance with applicable regulations of your cover facility except when you are directed for operational reasons to perform travel in accordance with the regulations of this organization.

4. Salary and (except as provided in paragraph three (3) above) allowances paid by your cover facility shall be retained by you to the extent that they are less than or equal to the salary and allowance payments due on the basis of your grade level with this organization. If such cover payments are less than the amount due, the difference will be credited to your payroll account with this organization. If such cover payments exceed the amount due, the overage will be remitted to this organization at designated intervals, presently (months if applicable). Computations hereunder will be made on the basis of the aggregate gross due and received provided, however, that in computing remittances for overage Federal and, if applicable, District of Columbia income taxes withheld by your cover facility against the overage may be deducted. To assure timely accuracy in your payroll account with this organization you are expected to immediately report cover facility payroll changes.

5. Your status as an employee of this organization will continue in full force and effect during your period of duty with your cover facility and you will continue to be entitled to all rights, benefits and emoluments of such status. Certain variations in procedure will be required, however, to preserve the security of your cover position.

a. Upon integration into your cover facility, you will continue to be covered by the provisions of the Civil Service Retirement Act, as amended, and at your personal expense you will be subject to payroll deductions for retirement purposes (now six and one-half percent) on the basis of your cover salary or your salary from this organization, whichever is the greater.

b. If you receive taxable income from both your cover facility and this organization, necessary adjustments for Federal, and if applicable, District of Columbia income tax purposes will be made in conformance with instructions received from this organization.

c. Consistent with your cover activity, you will continue to be responsible for compliance with the rules and regulations of this organization.

d. You are not assured upon the completion of your period of duty with your cover facility of any status with your cover based on your services performed with that organization at the request of this organization.

SECRET

14-00000

e. A portion of your annual and all of your sick leave which has accrued to your credit at the time of your integration shall be transferred to your cover facility. The remainder of your annual leave will be held by this organization in escrow pending the completion of your integration. If the sum of your accumulated annual leave with your cover facility and this organization exceeds the maximum accumulation entitlement afforded you under the regulations of this organization, the excess will be forfeited. If possible, such forfeiture will be accomplished by reducing the leave credit in your escrow account with this organization. While integrated, you will be permitted annual leave, sick leave, home leave, and leave without pay in accordance with the regulations of your cover facility in lieu of the leave benefits of this organization. Upon completion of your integration, your accrued annual and sick leave will be transferred to your credit with this organization. If security conditions require that your cover facility make a lump-sum payment for accrued annual leave, you will be required to pay the gross amount thereof to this organization including income taxes withheld by your cover facility.

6. You will be required to keep forever secret this agreement and all other information which you may obtain by reason hereof, unless you are released in writing by this organization from this obligation. Violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations. The termination of your employment with this organization will not release you from the obligation of any security oath you may be required to take.

ATTACHMENT TO FIELD REASSIGNMENT QUESTIONNAIRE:

Re Paragraph C - Preference for Next Assignment:

1. I would like to state that while a tour at Headquarters should be my preference I believe that for me to leave my current assignment at this time for even one year would not be in the best interests of either KUBARK or ODYOKE. Therefore, I request home leave, with approximately one month at Headquarters for requested training and refresher work and one month of leave, returning to current assignment for at least an additional two-year tour with the proviso that after the first year the situation be re-examined with the ultimate view of possibly at that point considering a two-year tour at Headquarters.

2. In my years in work on Japan, approximately ten of which have been spent consecutively in Japan, I feel that I have been able to provide a certain degree of intelligence continuity which could be spoiled by a two-year break. Realizing that career-wise I should spend at least one tour at Headquarters in the future, I believe that, despite possible reflections against my career, that two year period should be delayed until (a) KUBARK is better established in Japan and (b) the Japanese governmental and economic situations are on more stable grounds. I believe that I can play a major role in both those situations, not because I have any special talent to offer but simply because I have the continuity which KUBARK as such lacks in Japan.

3. I believe that by experience, training and inclination I can better serve KUBARK in this country in the type of work in which I am now engaged than by any other assignment currently known to me.

NARRATIVE EVALUATION REPORT

Name: [redacted] GS-14   Period Covered: 1 June 1953 to 1 June 1954

Occasion for report: Annual X ; reassignment of reporting officer ____ ; proposed reassignment of employee reported on ____ ; covering initial 90 days of employment ____ .

Employee is to be rated upon following factors:

1. Knowledge of the job being performed.
2. Judgment in arriving at logical and workable solutions.
3. Dependability, not only in being on the job, but in accomplishment of assigned tasks within reasonable deadlines.
4. Stability under pressure and ability to adjust to changing conditions and circumstances.
5. Imagination, initiative, and originality.
6. Security consciousness.
7. Tact and diplomacy in dealing with others.

IN FAIRNESS TO EMPLOYEES, COMPLETED NARRATIVE EVALUATIONS SHOULD BE DISCUSSED WITH EMPLOYEE CONCERNED

1. Employee is well qualified in substantive fields concerning Japan and the long background of FEC intelligence activity in this area. This knowledge serves him exceedingly well in the performance of assigned duties. What knowledge he lacks concerning KUBARK policies or procedures is fast being supplied by practical field experience.

2. His judgment at arriving at logical solutions is good under normal conditions, and he generally comes up with solutions which are workable and realistic.

3. He is completely dependable and is particularly sensitive to deadlines, which he makes almost a fetish of meeting. In every sense of the word, he is a man of action in terms of treating with the recurring problems of the station.

4. Employee is somewhat excitable and emotional and, thus, at times of unusual pressure, he may require a steadying hand. This is not a serious fault and is one concerning which the employee is aware. He adjusts well to changing conditions and situations.

5. His imagination, initiative, and originality have shown time and again in his dealings with Army personalities in FEC with whom he has maintained excellent relations on behalf of this Station.

CONFIDENTIAL RYBAT

6. Security consciousness is excellent.

7. Tact and diplomacy in dealing with others is superior.

(If Reviewing Officer or Chief of Station does not concur with this report, exceptions will be stated in space provided below)

CONFIDENTIAL

1. While the Reviewing Officer concurs generally with statements made in this report, it is felt that the over-all impression does not give Subject as much credit as he deserves. In the opinion of the Reviewing Officer, Subject's faults are somewhat over-emphasized. Subject's qualities as exhibited during past months have proven to be outstanding, particularly in his excellent judgement in arriving at logical and workable solutions and in his stability under operational exigencies in which Subject has performed exceedingly well under heavy pressures of both time and responsibility.

2. Working in an area where, in the past, there has been an unfortunate number of misunderstandings between KUFIRE and KUCOAN components, and where there have been the usual difficult personality conflicts, Subject has exhibited not only superior tact and diplomacy, but has also been able to smooth out many difficulties, and modify aggressively offensive actions. He has supplied a needed cooperative spirit and sense of humor to prevent, in many cases, serious antagonisms and unnecessary vituperation so detrimental to a smooth working organization. Subject's contribution to bringing about a friendly, cooperative relationship within the mission and with outside agencies including U.S. military organizations cannot be praised too highly.

DISPATCH NO. PJJA-1279

TO : Chief, FE
Through: Senior Representative, Tokyo
FROM : Chief, JCU

DATE: 17 AUG 1953

SUBJECT: GENERAL- Administrative - Personnel
SPECIFIC- [redacted], Commendation of
Mr. Robert P. WHEELER

1. The purpose of this dispatch is to make a matter of record the excellence of performance of duties demonstrated by [redacted] over the period of his first ten months of assignment to JCU.

2. During that time [redacted] has shown himself to be a valuable addition to KUBARK as a whole and a great asset to this particular station. As JCU Chief of Staff, he has performed innumerable tasks in the operational, intelligence and support fields with effectiveness and dispatch. His aggressiveness, imagination and initiative in spite of recurring frustration have been an inspiration to all members of JCU. His diligence and selflessness have set an example throughout the ranks. From the first day of his arrival in JCU, [redacted] has dedicated his every effort to improving the efficiency and broadening the capability of the station.

3. [redacted] should be especially commended for his unceasing efforts in connection with the provision of new office space for this organization. Working tactfully but aggressively through the Army hierarchy here in Tokyo, he was able to accomplish many concessions of direct benefit to JCU which would have been most difficult to obtain through official channels.

4. Special mention should also be made of the excellent progress [redacted] has made in the fostering of truly cooperative and productive relationships with the various intelligence elements of the Far East Command. Capitalizing on a wide range of friends and former associates and combining a large portion of common sense and patience, [redacted] may be credited with the development of highly profitable JCU relations with military organizations in the area.

5. [redacted] has shown no task to be too large or too small to deserve his range of energy and talent. He has been a vital factor in the accomplishments of JCU to date.

INSTRUCTIONS TO APPOINTING OFFICER

The appointing officer before whom the foregoing certificate is made shall determine to his own satisfaction that this appointment would be in conformance with the Civil Service Act, applicable Civil Service Rules and Regulations and acts of Congress pertaining to appointment.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and other pertinent papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members of family provision does not apply to temporary appointments. Doubtful cases are to be referred to the appropriate office of the Civil Service Commission for decision.

[illegible] Present or Last Address: [illegible]

[illegible] I have never mentioned this marriage [illegible] was [illegible] annulment in the Superior Court of the State of California, San Francisco City and County, 10 May 19[illegible].
[illegible] This marriage was not known to anyone but the principals and the officials who performed the marriage and the annulment. Neither set of parents and few if any friends have ever known of it. Any investigation at this late date would only be the source of needless embarrassment to all concerned. Miss Taylor, as far as I know, has long since married and I have had no contact with her since Feb 19[illegible].
If there are further questions, it would be appreciated if only I am approached. There is nothing to hide or to be ashamed of, but there is a lot of unnecessary embarrassment that can so easily be avoided.

1. On 7 July 1961 WIROGUE was advanced the sum of U. S.$100.00 for living expenses in Brazzaville while awaiting onward transportation to PBPRIME. (DIR-48429 requested WIROGUE return to PBPRIME). This is his only outstanding advance with Leopoldville Station. Receipt attached hereto.

2. DIR-49325 authorized Station to withhold money received from sale of personal car against outstanding advances. However, before his departure WIROGUE accounted for 11,500 BCF over what he owed the Station. The sum of 42,500 BCF from the sale of his automobile plus 11,500 BCF converted at 50/$1.00 (LEOP-1599 and DIR-49325) gave WIROGUE a credit of $1,081.60. In January 1961 WIROGUE was ordered to Thysville by the Station and was authorized $0.10 per mile for use of his personal car, therefore, 312.5 miles times $0.10 equals $31.25 leaving WIROGUE a credit of U. S. $1,112.85. (See attachment).

3. WIROGUE was paid his June salary of $500 on 26 June and also his housing for July ($250.00). (Station was notified on 1 July, DIR-48429 that WIROGUE was to return to PBPRIME). However, July rental was used in the final settlement of the lease for the usual damages claimed by local landlords and in lieu of 30 days termination notice. Receipt forwarded under Voucher: 1153.

4. Accountability in the amount of U. S. $100.00 is herewith transferred to Headquarters plus a credit of $1,112.85. As WIROGUE was specifically told he would have to account for the above $100.00 for living/traveling expenses Station did not subtract that amount from his credit.

MEMORANDUM FOR: James S. Woods

FROM: John N. McMahon
Deputy Director for Operations

SUBJECT: Commendation for Exceptional Performance

1. The Directorate of Operations Records Review Task Force has finished its work in Warrenton. I want you to know that I realize that a large measure of the success of this effort was due to the exceptional performance of the Records Management Officers who worked long and hard during the six-month period, patiently guiding the 435 Directorate personnel who served on the component teams. Many of you performed additional duties, voluntarily and cheerfully, extending beyond the ten-hour work day, which kept the task force functioning smoothly.

2. This fine team effort and your personal contribution to it is in the best tradition of the Directorate of Operations. I commend you for a job well done.

Thanks Jim — John McMahon

MEMORANDUM FOR: FE Career Management Committee

SUBJECT: Recommendation for Promotion for Mr. James S. Woods from GS-09 to GS-10

1. FE Vietnam Operations concurs in the field recommendation for the promotion of Mr. James S. Woods from GS-09 to GS-10. Following is the recommendation from the Chief, Operational Services Branch, Vietnam Station.

"Subject has been with the Organization since April 1952 and has served at Vietnam Station as Chief, RI since January 1967. Subject was last promoted in 1958.

"As Chief, RI at Vietnam Station, Subject is responsible for the supervision of eleven personnel engaged in highly diversified activities, all subject to tight scheduling and deadlines. Examples of some of the diversified activities for which Subject is responsible are courier service throughout Vietnam, cable secretariat functions and intelligence reports reproduction and distribution, in addition to the classic registry functions normally performed by a station registry.

"Subject has energetically applied himself to improving procedures within his Section and to the cross-training of employees under his supervision to provide flexibility in his operations. His efforts in these areas bore welcome fruit during the recent disturbances when his Section was placed on twenty-four (24) hour duty for several weeks. During this period, while operating with a reduced staff and an ever-increasing workload, Subject kept all services operationally effective and on a timely basis with the exception of the in-country courier runs which were interrupted for a few days by circumstances beyond his control.

"Subject is a dedicated, conscientious and loyal employee. He is cooperative, exercises initiative in accomplishing the tasks at hand and responds favorably to constructive criticism. Personnel in his section perform their duties in a friendly, courteous and efficient manner. Their attitude, which is an expression of the direction received, has been brought to the attention of the writer on numerous occasions by various Station personnel.

"Subject is an acknowledged expert in his chosen field. He constantly seeks out new methods, equipment and knowledge pertaining to his profession and is furthering himself academically through attendance at the local University extension. He has the background and drive to provide potential for assumption of more senior positions in his field. In view of Subject's strong performance, extensive overseas experience in a variety of situations and length of time in his present grade he is strongly recommended for promotion to the GS-10 level."

2. If promoted, Subject will occupy the position of IO General, GS-11, Slot # 4984.

His efforts in these areas bore welcome fruit during the recent disturbances when his Section was placed on twenty-four (24) hour duty for several weeks. During this period, while operating with a reduced staff and an ever increasing workload, Subject kept all services operationally effective and on a timely basis with the exception of the in-country courier runs which were interrupted for a few days by circumstances beyond his control.

4. Subject is a dedicated, conscientious and loyal employee. He is cooperative, exercises initiative in accomplishing the tasks at hand and responds favorably to constructive criticism. Personnel in his Section perform their duties in a friendly, courteous and efficient manner. Their attitude, which is an expression of the direction received, has been brought to the attention of the writer on numerous occasions by various Station personnel.

MEMORANDUM FOR: James S. Woods

VIA : Chief, FE

1. The problem of effective management of the operational records of the Clandestine Services is one of our most important responsibilities. In this connection, you have been selected by your Division, and authorized by the Clandestine Services Records Committee, to act as Records Officer for your component. Your selection is based on your professional qualifications to carry out an assignment requiring experience, judgment, and a knowledge of the objectives of the Clandestine Services. A copy of this memorandum will be placed in your official personnel folder to record your appointment as Records Officer.

2. You are to act on behalf of your Division or Staff element in authorizing the destruction of material of no value to the Clandestine Services in accordance with criteria established for this purpose. SUBJECT: GENERAL- Administrative/Personnel
SPECIFIC- Recommendation for Promotion - James S. WOODS

1. It is recommended that James S. WOODS be promoted from GS-5 to GS-7. Subject entered on duty with the Korea Mission 26 July 1954.

2. WOODS presently occupies proposed Slot No. 21 which has been recommended as a GS-9 slot. Subject has been in grade as a GS-5 since 6 June 1953 and has performed the duties of his present assignment since 10 August 1954.

3. Subject has had approximately two years of experience in the maintenance of agent records. This experience has enabled him not only to assume his present responsibilities with a minimum of supervision, but also to initiate a completely new and improved system for the maintenance of the agent records of the Korea Mission. Due partially to the efficiency of the system that he has initiated and partially to the enthusiasm with which he approaches his work, FOSHAG has assumed the work load previously handled by two individuals and at the same time has managed to keep his backlog to a minimum.

4. WOODS is conscientious, hard-working and more than willing to work long hours of overtime without additional compensation in order to maintain his section on a current basis. Subject individual devoted unusually long hours to reestablish himself during the recent move of this Mission to Japan. On the basis of work performance and motivation, subject is recommended as justly deserving of promotion to GS-7.

5. I certify that WOODS is performing the duties outlined in the job description attached hereto.

(3) See that the results of KOMI file checks received from Headquarters and CHIKI are properly carded and forwarded to the case officer concerned.

(4) Keep all agent records up-to-date with regard to cryptonyms, POC's, OC's and other additional information received.

(5) Keep files on all terminated agents and see that the proper records are filled out and forwarded when they are terminated.

b. To maintain the RI card index, assuring that all cards received in RI are properly filed and have the correct names and telecodes.

5. Supervision and Guidance Received:

I receive no direct supervision or guidance in duties relating to the maintenance of agent records. I receive over-all policy guidance from the Chief of RI and some guidance from branch chiefs and case officers.

c. Judgment: I must decide what action should be taken on all KOMI file checks, regarding what information is to be sent to Headquarters and CHDMI.

I must maintain close personal contact with all case officers and branch chiefs in order that I may maintain up-to-date agent records.

8. Other:

Dear Sir:

I received your letter dated January 5, stating that I was to inform you of any changes in my present status.

I am now a grade GS 2 with an one year increase. I am now being considered for a grade GS 3 in the Treasury Dept. I assure you, this does not lesson my zeal to get in the C.I.A.

I would like to know if your Agency would transfer or consider me for appointment at a grade GS 3.

EVALUATION AND RECOMMENDATIONS (BE COMPLETE AND JUSTIFY DECISIONS, NOTE ANY UNFAVORABLE CIRCUMSTANCES.)

A CLEAN CUT, BRIGHT EYED, EAGER YOUNGSTER, VERY AMBITIOUS BUT HAS HAD LIMITED EXPERIENCE. HE WOULD LIKE TO GET INTO ACCOUNTING, BUT HE HAS HAD ONLY BASIC ACCOUNTING AND HAS NEVER HAD A JOB IN ACCOUNTING TO TEST HIM. HE IS WILLING TO TAKE A CLERK JOB IF HE WILL GET A ~~CLEARANCE~~ CHANCE AT ACCOUNTING. WILL GO O/S. FEELS HE IS BLOCKED IN HIS JOB IN TREASURY DEPT. SINCE HE WILL COME AS A GS-2, I WOULD TAKE A CHANCE ON ~~HO~~ HIM IF HIS TESTS SHOW ANYTHING ENCOURAGING. HE EXPECTS TO ENTER STRAYERS COLLEGE OF ACCOUNTING (NIGHT) IN FEBRUARY. DOES NOT DESIRE POOL. SUGGEST MISS MC KENNEY LOOK HIM OVER. FORMS ATTACHED. HAS BEEN SCHEDULED FOR GS-4 CLERK-ACCT. TEST ON 20 DECEMBER.

Mr. Woods continued to perform in outstanding fashion as Chief of the CCS Registry during an extremely busy period. The figures cited in the last Fitness Report as to the workload of the CCS Registry continued to be representative of the volume and variety of Mr. Woods' responsibilities. He supervised the work of six subordinates with a successful combination of patience and firm professionalism. He continued to be the source of sound, constructive suggestions for coping with the paper "explosion" occasioned by the investigations of CIA and the Freedom of Information and Privacy Acts.

Mr. Woods is a highly valuable, reliable, unobtrusively effective records manager. In moving on to new responsibilities in an area division he leaves behind a solid record of achievement and the admiration of those with whom he has served in CCS.

Mr. Woods is a quiet, highly effective manager of a major repository of records within the DDO. The workload of his Section is staggering: over 8,000 documents filed each month, over 500 index cards prepared each month; close to 300 Freedom of Information or Privacy Act requests processed each month, etc. Mr. Woods organizes his Section well; he handles a group of six women with skill and understanding and he heads, as a result, a harmoniously working team.

Mr. Woods approaches problems with a positive attitude and brings his considerable experience and imagination to bear with appropriate initiative and follow-through. His response to the exceptionally heavy workload of the Staff over the past year of Congressional investigations and cover exposes was vital to the Staff's and the DDO's requirements for current and historical records. He volunteers ideas designed to improve the Staff's records; he works weekends and after hours to keep ahead of a growing avalanche of paper and requests for information. He is, in sum, a highly competent, knowledgable, yet flexible records manager upon whom the Staff relies heavily.

COMMENTS OF REVIEWING OFFICIAL

I have no difficulty in agreeing with the letter ratings and the narrative evaluation in the above report. Mr. Woods established the high level of his professional competence very soon after his assignment in CCS and has maintained this standard without interruption. I again must emphasize his abilities as supervisor in one of the toughest supervisory assignments known to me. With a Registry Chief like Mr. Woods, it is easy to come to the conclusion that running a registry of the complexity and volume as that of CCS is a cinch - at least he makes it appear that way.

During the 6 months under review Mr. Woods has continued to fulfill his responsibilities in the same excellent manner which has been documented in his last two fitness reports and which led to his promotion to GS-12. Mr. Woods surefootedness as a records officer and manager of people, together with ability to take necessary initiatives where actions are required and his maturity and sound judgement, make him an ideal chief of this very active and complex registry and records management office. I dread to think that eventual rotation will deprive me of the services of this extraordinarily competent and effective officer.

Since his last Fitness Report, in June 1974, Mr. Woods has continued his extremely fine performance as a conscientious, hardworking and thoughtful records manager and registry supervisor. The CCS registry workload remains at about the same level as previously reported, and Mr. Woods regularly works an hour or so of uninterrupted overtime every working day personally reorganizing procedures, cleaning out, consolidating, and retiring files. His enthusiastic determination in reducing the numbers of out-of-date and no longer useful files is most exemplary. Knowing the numbers of primary and supplemental files involved in this exercise, and as a retiring supervisor, I can only wish him "good luck"!

Mr. Woods also continues eager to learn and use new methods and techniques. During this reporting period, in July 1974, he took the Agency course "Introduction to Micrographics Seminar #2."

Finally it gives me pleasure to note here that, effective ~~11~~ 24 November 1974, Mr. Woods will be given a well deserved promotion from GS 11/6 to GS 12/3.

COMMENTS OF REVIEWING OFFICIAL

Both Mr. Yates' letter ratings and narrative comments accurately reflect the quality of Mr. Woods' performance during the reporting period. He is a thoroughgoing professional records officer who uses his extensive experience and his good judgement to take initiatives toward improving the Registry service and the management of records. Hand in hand with his high substantive competence goes his excellent ability as a supervisor. I can say nothing more laudable in this regard than that I have not had to deal with Registry personnel problems during the last year. He knows the job that needs to be done and so do his people. With this kind of leadership, the work gets accomplished with a high state of morale.

After a short overlap with his predecessor, Mr. Woods assumed his responsibilities as Chief of Registry, CCS, on 3 October 1973 - roughly nine months ago. In this position he is responsible, overall, for CCS registry and records management activities, including the supervision of seven other individuals. As could be expected from even a casual reading of his past fitness reports, Mr. Woods quickly took hold, and has been performing his new responsibilities in an exemplary manner. Despite the volume and variety of files with which he was required to become familiar, early on he systematically began cleaning out, consolidating, and retiring files as appropriate, reorganizing and updating the indexing system for individual and project files, and redistributing employee workloads. He also reorganized the placement of file machinery, desks, and service counter to achieve greater employee comfort and efficiency in the utilization of personnel. Although his task as Staff Security Officer is a secondary function, he also reorganized, simplified and re-wrote the security check and duty officer roster procedures.

Indicative of the work which he supervises are selected Registry statistics for May 1974: 7015 documents filed, 8200 files pulled (and re-filed) for Staff officers' use, 6642 cables processed and distributed, 9900 facility and name searches, 2353 documents logged, 833 index cards made and filed, and 200 new files opened. During his nine months with CCS, Mr. Woods not only has had to learn the CCS "system" himself,

This officer has continued to perform with a high degree of effectiveness and accomplishment. He has concentrated on improving our records holding standards and on purging irrelevant and out dated files. In May 1972 he began a monthly series of progress reports for the Chief of Station outlining the month's accomplishments. Copies of these reports through January 1973 were sent to Hqs in OIRT-18014 and 18015, dated 9 Feb 73. These reports clearly show this officer's focus on records management activities, his ingenuity and agressiveness in launching programs of review of files and his tireless efforts in reducing Station holdings to a practical and useable minimum. His records inventory as of September 1972, reporting a total reduction in excess of 85 feet, speaks for itself. His next report also promises to show dramatic reductions.

This officer shows a sense of professional responsibility and determination in the oft neglected function of records management, deeper and more intense than any other witnessed by the rating officer in his career. He performs his other duties as Chief, Registry with an equally high degree of effectiveness. Subject officer may have been inadvertently hiding his talents under the proverbial bushel basket by having remained in the field for so long. It is the rater's hope that Hqs now has focussed on him and has discovered his potential for greater responsibilities. The records in this Station are tremendously improved for his having had a tour in Rome. We are certainly glad he came.

COMMENTS OF REVIEWING OFFICIAL

This officer has been remarkably effective during his tour in Rome. While we are very sorry to lose him, there is no question that his formidable talents should be used on a much broader range of records management and related problems than could be done in this Station. His next assignment in Headquarters appears to give him that additional scope. We are glad that he served in Rome and that during this tour here he received a well-deserved promotion. Rome Station's records have improved considerably as a result of this officer's tour here. I am in full agreement with the above comments and ratings.

This officer's performance over the past year has been outstanding. He is a skilled professional records manager, an indefatigable worker and a highly imaginative and efficient supervisor. Since his last Fitness Report he has directed a TDY team of records officers in a concentrated program of records reduction. He devised the program and supervised its execution with most effective results. This officer is a driver and a doer. He constantly strives to improve the Station's records management posture and follows up with procedures designed to maintain the gains achieved by his efforts. It is highly gratifying and stimulating to work with him. He sees the broad dimensions of the task at hand and focuses constantly on improving the system. This quality convinces the rater that he is capable of greater responsibilities in a position of broader scope. I recommend that Headquarters begin to plan for the utilization of this officer on the completion of his tour of duty in Rome. He should be placed in a Headquarters position in which his skills and broad experience can be fully used and in which he can achieve the professional growth of which he is both capable and deserving.

I concur in the comments of the rating officer and believe the overall outstanding rating is well deserved. Subject is a first-rate Records Management officer - deeply interested in his work, conscientious in the extreme and always looking for an innovative approach that will upgrade the functioning of Registry and better serve Station needs. Without losing sight of the unending pressure to reduce and periodically reorder the Station's holdings, this officer avoids assuming attitudes that are cast in cement. He works with the Branches and individual officers in solving problems rationally. He is unfailingly pleasant and courteous and is well-liked by all. The Station is fortunate to have him.

I have worked with this officer just 2½ months, but this has been long enough to satisfy me that he is above average in registry work. He is a very knowledgeable registry technician, but most important, he is aggressive and imaginative in devising new procedures, or revising old ones to improve the quality of registry service to this Station. He is affable in dealing with his peers and confident and persuasive in dealing with the senior management of this Station. Shortly after his arrival he took over the analysing and distribution of the cables, and prepared a Station procedure for this purpose. Immediately following that, he devised a new procedure for handling correspondence and installed it. He had reviewed the multitudinous files at this Station and has plans to trim them back to more reasonable and appropriate dimensions. In every respect, this officer has taken charge of the function he is here to perform, and has devoted a great deal of time, thought and effort to improve it. We are indeed satisfied with his performance.

Mr. Woods first made a survey of the Augean stable that the Italian Branch files had become over many years of shifts in personnel and changes of direction. He then reviewed, downgraded, and retired approximately 350 Top Secret documents with appropriate Project and Subject files and copies destroyed. At the completion of this there was not one Top Secret document on the Branch. He devised, gained approval from FI/D, and carried out a new procedure for the downgrading of TYLOTE material from Top Secret to Secret so that it could be retired. He retired approximately 60 Project, 25 Subject, and fifty 201 files. He surveyed the Communist Party of Italy files and discovered that there were a total of 93 of which 19 were already closed. He closed 47 of the remainder and left 25 open and arranged for RID/ARD to retire all the material in the open files prior to 1 January 1971. He closed and retired Pian files dating back to the early 1950's. All in all, out of 76 feet of safe space filled with CS material, he retired 36 feet of files leaving a catalogue of where everything is or has been sent. A remarkable record (and done with a minimum of fuss and Branch dislocation)!

What he did in such a short time speaks eloquently of how he went about his duties for which see the accompanying memorandum of recommendation for promotion. Reporting officer has known him over fourteen years and has the unvarying impression of him as a quietly competent, diligent, reliable, self-reliant individual.

COMMENTS OF REVIEWING OFFICIAL: I concur in the above evaluation. Subject turned in a most impressive performance during his brief time on the Italian Branch. Largely as a result of his enthusiasm and initiative, the Branch was able to achieve what had never been accomplished before: a complete overhaul, cleaning, purging, and restructuring of its filing system. To his credit, Subject has a keen appreciation for operational requirements and all of this work was done without sacrificing the future utilization of information acquired in the past; on the contrary, the efficient use of this material has been so enhanced that it will surely be reflected in our future operations. Mr. Woods has a unique contribution to make in Rome or any other place he is assigned. The Station is fortunate to have him....his presence is sorely needed to do the same thing in Rome that he has just accomplished

In the four months he has been under my supervision, Subject has demonstrated that he merits in full measure the high opinion of him held by his previous supervisor. Conscientious, careful, fully knowledgeable of Registry procedures he has gone about his day-to-day tasks in an exceptionally proficient way without the need for constant supervision. He is prompt in his response to requests and has an excellent sense of "get the job done". He is an intelligent and concerned supervisor who has been meticulous in keeping his supervisors briefed on personnel and other problems as they have arisen in the Station Registry. He appears fully capable of assuming larger responsibilities in the records field. The rating officer regrets that Subject's family situation precludes his staying for another tour.

With about nineteen months experience managing the station registry already under his belt, his usefulness here increases. He continues to demonstrate the same quietly effective leadership and talent for sound organization in his own shop as were noted on the last fitness report.

While maintaining a high standard in the more routine day-to-day services and processes a registry is normally expected to supply, he has also been the catalyst for a thorough, carefully phased and continuing review and, where appropriate, purge of registry and other file holdings. Administering this ambitious reduction program requires sound judgment and experience in handling the detail in our existing records. Subject has these qualities and has achieved impressive results. To complete this task, he has asked to extend his tour here for one year until November 1971 and Headquarters has approved this.

He is invariably completely responsive to guidance from the DCOS, his immediate supervisor, and conscientiously seeks to achieve the work goals which are identified during our occasional accomplishment and performance consultations. The spirit of cooperation with which he deals with other station personnel is equally commendable.

No criticism can be made of his security and cover deportment.

He arrived ten months ago at this post with considerable experience in Registry work at Headquarters and at other field stations and with a thorough understanding of how a Station Registry should be organized and run. He immediately put this understanding to good use. While maintaining the overall efficiency of Registry programs already in effect when he took over, he enthusiastically began a carefully-planned and continuing effort to further reduce less than essential Registry paper holdings with results which are already impressive. His suggestions on new procedures designed to conserve space and man-power are usually imaginative and practical.

He himself is a remarkably well-organized, conscientious and cooperative person.

He has had to undertake his improvements while accommodating to the loss of one Registry slot which fell victim to a Foreign Service reductions program. Primarily due to his managerial talents, the Registry has been made to carry on almost as well with three regulars as with the previous four. Although his people are increasingly hard-worked, their morale is high. He himself appears to be a glutton for work but his Registry is obviously a happy shop.

This is Subject's final Fitness Report as Chief, Registry at Vietnam Station. He has worked long and hard but can look with pride at the many accomplishments that he has effected during his tenure. He will depart leaving a sound and well-functioning organization. His planning has been effective and his cross-training and development of the personnel under his supervision have been fully productive.

During this period, his unit has experienced heavy increases in work-load and assumed new or additional functions with no reduction in the service provided to Station components.

Subject has been responsible for many work saving innovations, procedural changes and a thorough updating and revamping of the highly important registry reference records.

The personnel under his supervision display enthusiasm and dedication in their work. Their pleasant manner is a reflection of Subject's management ability.

Subject is responsible for the supervision and operation of one of the more diversified and complex field registry operations in the Organization. He is thoroughly knowledgeable and experienced in registry practices. Subject is a dedicated and hard working officer who will apply himself diligently to individual registry activities. Such diligent application occasionally causes him to overlook his overall supervisory role, the supervision and management of eleven personnel and the responsibility for providing a wide variety of services, locally and in-country. In the press of his activities, he does not always employ a high degree of tact in dealing with his subordinates. In this context it should be noted that he is performing proficiently in a position well above his present grade level.

During the past several months, the Section has undergone several changes and assumed additional functions under his guidance.

Subject is cost conscious in the use of supplies and equipment in his Section.

Subject is attending evening courses leading toward his degree to further himself professionally.

FOSHAG has continued to perform at a "Strong" level. He is a fine supervisor and thereby gets maximum performance from a staff which is too small to handle a work load which has constantly increased over the past year. He is cost conscious in funds material and also strives to stream-line and improve the functioning of the Registry and its related functions.

FOSHAG has twice been recommended for promotion. He definitely deserves it and should be assigned next to a position above his present rating.

During the four months Woods has been under my supervision he has demonstrated very real supervisory ability and a talent for getting maximum performance from a small staff which handles an increasingly large volume of work. He has also shown his ability to cut the costs of his operation.

Woods not only runs a most efficient Registry but is also constantly seeking ways to improve and stream-line its operation. He is a man who takes such interest in his job that his ideas and plans for improvement are carefully worked out and sound.

Though I have observed his work for only four months, I believe his over-all performance is "Strong" and close to "Outstanding." He has been recommended for promotion. He deserves it.

As Chief of the Station Registry this employee continues to perform at an exceptionally proficient level with little supervision from his supervisor. His supervisor is being reassigned and is scheduled to be replaced by another officer who will necessarily need several months to become knowledgeable of Registry activities. However there is no concern that the flow of paper and the maintenance of accurate records will be affected due to the turnover of supervisors. This employee continues to use his native ingenuity and high standards of achievement to ensure that his office continues to be a well run and efficient unit. He continues to ensure that no government funds are wasted, even to the extent of arranging for the construction of certain modifications to the Registry office by Registry employees at little cost to the Government. This employee has been performing at a level above his present GS-09 grade. As recommended in November 1964, it is reconfirmed that this employee should be promoted to the next higher grade at the earliest possible opportunity.

This employee continues to be Chief of the Station Registry. During the past year his level of performance can be properly evaluated as exceptionally proficient. He continues to welcome hard work, is not bothered by constantly changing deadlines and is able to fill in for any absent member of his unit, and keep up his own work as well. He is quite conscious of the value of Government personnel and materiel, and does everything in his power to conserve these resources. He continues to come up with new ideas on how to perform his functions in a more efficient and effective manner. This results in benefits to the entire Station. It is regretable that the position this employee fills does not allow for promotion since he has been performing at a level above his present grade for several years.

Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

As Chief of the Tokyo Station Registry, this employee has performed at a level of exceptional proficiency for the past year. He welcomes hard work, is able to fill in for any absent member of his unit and keep up his own work as well. He continues to bring up ideas for the improvement of his unit. These have been particularly welcome during the past year in view of the impending move of the Registry to a new location at Fuchu Air Station. The slight tendency to be arbitrary mentioned in the last fitness report has been eliminated during this reporting period. In view of this employees strong performance over the past year, he is being recommended for promotion to GS-10.

COMMENTS OF REVIEWING OFFICIAL

I concur in this rating and add that this employee has not let the very serious personal problems thrust upon him during this period interfere in any way with his consistently dependable performance. In this key role, in any station of this size, dependability, reliability, and confidence are "musts" and while there are quite naturally small aggravating incidents of mis-routing or mis-direction of documents, I have been struck by the lack of them here, because ratee has the "must" qualities. His performance certainly warrants favorable consideration of the projected promotion action.

SECTION B PERFORMANCE EVALUATION

W - Weak: Performance ranges from wholly inadequate to slightly less than satisfactory. A rating in this category requires positive remedial action. The nature of the action could range from counseling, to further training, to placing on probation, to reassignment or to separation. Describe action taken or proposed in Section C.

A - Adequate: Performance meets all requirements. It is entirely satisfactory and is characterized neither by deficiency nor excellence.

P - Proficient: Performance is more than satisfactory. Desired results are being produced in a proficient manner.

S - Strong: Performance is characterized by exceptional proficiency.

O - Outstanding: Performance is so exceptional in relation to requirements of the work and in comparison to the performance of others doing similar work as to warrant special recognition.

SPECIFIC DUTIES

List up to six of the most important specific duties performed during the rating period. Insert rating letter which best describes the manner in which employee performs EACH specific duty. Consider ONLY effectiveness in performance of that duty. All employees with supervisory responsibilities MUST be rated on their ability to supervise (indicate number of employees supervised).

State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

As the Chief of the Tokyo Registry this employee has performed well. He has abundant energy and constantly comes up with ideas for the improvement of the efficiency of his unit. He welcomes hard work and is able to fill in and take over any job in his unit and keep up with his own duties as well. As a supervisor, he has a slight tendency to be arbitrary when convinced he is right. This may be due to the fact that the Registry frequently operates under conditions of pressure due to the recent reorganization, reduction, and relocation of the Station. The Station has been required to get the job done with fewer people and under more difficult working conditions.

Ratee has been in charge of station registry since 24 Apr 61. This has been a period of dramatic change in the station and especially in our paper management. He has responded well to these changes and shows a degree of adaptability that bodes well. His handling of our recent "holdings" inventory, his unceasing efforts to reduce unnecessary holdings, and his knowledge of his business (RI) have made him a valued addition to our shrinking team. In this short rating period there has been little opportunity for me to observe his supervisory abilities, but the lack of any problem on this count coming to my attention means to me that he is doing well. Another six months should tell us more on this score.

Subject is an excellent records officer. His interest in the subject and his perseverance in carrying out tasks connected with it have not only produced results in his own work, but have kindled enthusiasm and interest within the Division in developments in Agency records management. He has been able to improve records within the Division with a great deal of success, and at the same time avoided the usual aversion to records responsibility which too much emphasis on records creates in the case officer. His ability to get along well with others is important in his liaison function.

Mr. Woods' work on the vital materials program in the last year has resulted in a much more realistic program for the Division. The creation and ~~retention~~ up-to-date retention of vital materials has for some time been a problem for which little solution could be found. It appears that the present program will result in vital materials which will be current and usable if needed.

Subject is at present assigned to a part-time detail in MMU. This should help to broaden his knowledge of new approaches in the records field. A/EXO/DDP has expressed his complete satisfaction with the very effective work Mr. Woods is doing on this detail.

Mr. Woods' work during the last year was the basis for a commendation of the Division's records program by COP.

Subject is an excellent records officer. He is enthusiastic about his specialty and works hard at it, putting a great deal of energy into his work.

He is quick and understands records thoroughly. Because of this, he is at times inclined to jump ahead of others in records discussions and should attempt to slow down his approach to the subject to meet the level of persons who do not have the same records background.

Subject could fill any position in the records management field, and should advance quickly. He is interested in developing his capabilities and is at present enrolled in the Writing Workshop with this in mind.

This report has been prepared in accordance with FE Division standards which recognize the ... of ... ting the individual against the group. Thus an "average" rating reflects an entirely satisfactory performance.

SECTION C. JOB PERFORMANCE EVALUATION

1. RATING ON GENERAL PERFORMANCE OF DUTIES

DIRECTIONS: Consider ONLY the productivity and effectiveness with which the individual being rated has performed his duties during the rating period. Compare him ONLY with others doing similar work at a similar level of responsibility. Factors other than productivity will be taken into account later in Section D.

INSERT RATING NUMBER: 5

1 - DOES NOT PERFORM DUTIES ADEQUATELY; HE IS INCOMPETENT.
2 - BARELY ADEQUATE IN PERFORMANCE. ALTHOUGH HE HAS HAD SPECIFIC GUIDANCE OR TRAINING, HE OFTEN FAILS TO CARRY OUT RESPONSIBILITIES.
3 - PERFORMS MOST OF HIS DUTIES ACCEPTABLY; OCCASIONALLY REVEALS SOME AREA OF WEAKNESS.
4 - PERFORMS DUTIES IN A COMPETENT, EFFECTIVE MANNER.
5 - A FINE PERFORMANCE. CARRIES OUT MANY OF HIS RESPONSIBILITIES EXCEPTIONALLY WELL.
6 - PERFORMS HIS DUTIES IN SUCH AN OUTSTANDING MANNER THAT HE IS EQUALLED BY FEW OTHER PERSONS KNOWN TO THE SUPERVISOR.

COMMENTS: This rating covers the period 21 August - 4 September 1958, while subject was in Melbourne surveying Station files and installing new RI standardized filing system.

C. RATINGS IN PERFORMANCE OF SPECIFIC DUTIES

DIRECTIONS:
a. State in the spaces below up to six of the more important SPECIFIC duties performed during this rating period. Place the most important first. Do not include minor or unimportant duties.
b. Rate performance on each specific duty considering ONLY effectiveness in performance of that specific duty.
c. For supervisors, ability to supervise will always be rated as a specific duty (do not rate supervisors those who supervise a secretary only).
d. Compare in your mind, when possible, the individual being rated with others performing the same work at a similar level of responsibility.
e. Two individuals with the same job title may be performing different duties. If so, rate them on different duties.
f. Be specific. Examples of the kind of duties that might be rated are:

ORAL BRIEFING	HAS AND USES AREA KNOWLEDGE	CONDUCTS INTERROGATIONS
GIVING LECTURES	DEVELOPS NEW PROGRAMS	PREPARES SUMMARIES
CONDUCTING SEMINARS	ANALYZES INDUSTRIAL REPORTS	TRANSLATES GERMAN

4. COMMENTS CONCERNING POTENTIAL

From subject's performance here it appears that his potential in the records management field may be limited only by his lack of formal higher education, and I feel that even in this respect he could overcome this deficiency with some training. His forcefulness and boundless energy would unquestionably inspire any subordinates to higher performance. He has an intense interest in records work and an ability to grasp complex problems and make quick decisions.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

SECTION III: SPECIFIC CHARACTERISTICS OF THE COURSE

The class is conducted for 10 to 15 students. It meets for nine three-hour morning sessions over a period of four weeks. There are three sessions during the first week and two thereafter for three weeks. The course is run on the "learn by practice" system. A number of writing tests are given in class, and they are evaluated against national and Agency norms. The trainees also prepare written exercises and have an opportunity to rewrite some of them during later sessions. Students may use the form and substance of their own office's written product. Special attention is paid to logical organization, diction, sentence structure and other mechanics of writing. The trainees receive detailed comments on their papers and are encouraged to discuss special writing problems with the staff.

SECTION IV: HOW THE STUDENTS ARE EVALUATED

Staff members observe the student's writing ability, any change demonstrated, and application to the course material. The evaluation represents their agreed comments based on the student's total performance.

MEMORANDUM FOR: Chairman, Clandestine Service Personnel Staff

SUBJECT: James S. WOODS - Recommendation for Promotion

1. Subject has been in grade GS-10 since June 1968. Based on his outstanding performance as Chief of Registry in the Rome Station since June 30, 1971, he strongly merits promotion to grade GS-11 at this time. When Subject took over the responsibility for Registry a year ago, he found a system glutted with paper and bound up by a policy which discouraged getting rid of it. He found many procedures in force which were out of date, if not obsolete, and proposed streamlined procedures, which were adopted, to replace them. He asked for and was given the responsibility to analyze and distribute the cables, which had previously been a function of the Chief of Station's secretary. He recommended the discontinuance of the abstract system, which proposal had been adopted by most elements of the Station. He recommended a reduction in the retention period for cable and dispatch chronos. With the help of a TDY team here for the first half of CY 1972, he devised and instituted a program of purging the files. This program has resulted in the disposition of most of the departed Soviet files, a severe trimming of the true name files, and the review, reduction and up-dating of the project and operational files. All of this work was accompanied by appropriate name checks, entries on the index cards and selection of pertinent documents for transmittal to Headquarters. In summary, Subject performed a thorough "house-cleaning" of Station records in the full meaning of that phrase. This program is by no means finished. In fact, Subject has plans for continuing efforts along these lines which may exceed his tenure at this Station since he intends to return to Headquarters not later than May 1974. The on-going program includes a review and reorganization of the subject files, the encrypted 201's and the disposition (hopefully) of about 50 feet of micro-film. A corollary to these projects will be a significant reduction in the index cards, which at present lead to the micro-film and to other superfluous material we either have or will destroy.

2. The equally important aspect of records management, namely the introduction of procedures to lessen the likelihood

if not prevent the reoccurrence of this pile-up of paper is not lost on this officer. He constantly thinks in terms of procedures and controls to accomplish this end.

3. Subject is dedicated, highly motivated, conscientious, and hard working. He reports to work each day an hour before the Station opens in order to distribute the cables by opening of business. He never hesitates to respond positively to any request for help. Indeed, he solicits work which he believes can be done more easily or more simply in his unit. In all respects, Subject is a trained, professional records management officer who is thoughtful as well as enthusiastic about his work.

4. It is strongly recommended that Subject be promoted to grade GS-11.

MEMORANDUM FOR: Chief, European Division

FROM : Chief of Station, London

SUBJECT : Promotion Recommendation - James S. Woods

Subject, who has been in grade as a GS-10 just two years, has been Chief of the Registry of the London Station for eighteen months. Subject, fresh from a Saigon assignment, brought with him a broad and varied background of field experience (Far East) and several Headquarters' assignments. He has been in one or another aspect of records management work since he started with us as a very junior clerk in 1952.

Subject's fitness reports, since he has been in London, testify to the high regard in which he is held by the Station and the excellent results he has managed to achieve. When he arrived at the Station, the start had been made on a file reduction program but an enormous amount of organized work remained to be done. Subject set about it with great enthusiasm and a high degree of professional organization. As a result, the Registry inventory today is the leanest and the most efficient the Station has seen for many a long day, if ever before. To a great extent this can be laid at Subject's own door and he personally did much of the work. At the same time, Subject surveyed and reorganized the overall workload of the Registry and was finally able to recommend to the Station management a reduction of one Registry clerk. The smaller staff has certainly required a more intensive work effort on the part of Registry personnel, which has been attained without any loss of morale; in fact, quite the reverse.

Subject, therefore, emerges as a records management officer who has thoroughly learned his business and a hard-driving, sympathetic and successful supervisor. In the opinion of the Station management, Subject is already quite capable of taking over broader and more senior responsibilities in the records management field. In this respect, however, we do not believe he will be wasting his time in London by spending, as he currently plans to do, an additional year here on the completion of his tour in November. The London Registry, reflecting the multi-faceted work of the Station, is sufficiently complex an operation to warrant

Subject's continued attention.

In view of his really excellent performance and high promise, it is strongly recommended that Subject be promoted to GS-11.

MEMORANDUM FOR: Deputy Director for Plans

ATTENTION: DDP/OP

SUBJECT: Request for Quality Step Increase for Mr. James S. Woods, GS-09

1. On the basis of the information presented below, it is recommended that a Quality Step Increase be approved for Mr. James S. Woods.

2. Mr. Woods entered on duty with the Agency in April 1952 as a GS-03 Records and File Clerk assigned to RID. Since that time Mr. Woods has served as a Records Analyst at Headquarters, in Korea and Atsugi, Manila, and since 1961 in the Central Registry Section of the Tokyo Station. Mr. Woods is 37 years old and has been in grade as a GS-09 since 1958.

3. Mr. Woods' exceptional performance is described by the Tokyo Station as follows:

"A. Mr. Woods is now on his second tour as Chief of the Tokyo Station Registry. This unit is located at Fuchu Air Station and handles all correspondence for all Station elements. In view of the fact that the Station is located in five different geographic locations, a great deal of responsibility is given to Mr. Woods to ensure that action responsibility on incoming cables is rapidly and properly assigned, dispatches are correctly routed and processed, correspondence from other local military agencies is correctly analyzed and routed, the twice-a-day courier system is functioning effectively, and the Station flexowriter is rapidly churning out priority dispatch traffic.

"B. The Registry is presently composed of six employees in addition to Mr. Woods, who is Chief of this unit. Mr. Woods does an exemplary job in supervising these employees with the result that the Station Registry is a smooth and well-functioning unit.

"C. In addition to his normal duties, Mr. Woods is constantly thinking of ways to increase the efficiency of the Station Registry, and to be of greater assistance to the Station as a whole. Several of his ideas have been adopted by the Station with a resulting increase in effectiveness. His positive approach to all problems and his cheerfulness and willingness to perform any task have benefited both the Station and the Agency.

"D. In view of Mr. Woods' demonstrated ability to provide leadership to the Station Registry unit, his positive approach to the solution of the many problems which daily beset this unit, it is strongly recommended that he be promoted from GS-09 to GS-10 at the earliest opportunity."

4. Mr. Woods has continued to perform in an over-all "Strong" manner as indicated in his recent fitness report. He recently planned and effectively implemented the move of the Cable Secretariat from one location to another. In a dispatch, dated 22 November 1965, the present Chief of Station, Tokyo, stated, "There is little I can add to my predecessor's recommendation, dated 9 November 1964, for promotion of Mr. Woods. He is performing his duties as Chief of the Tokyo Station Registry with efficiency and dispatch. He is a strong supervisor who constantly strives to achieve the maximum economy in the use of his personnel and materials."

5. Consideration has been given to the granting of an Honor and Merit Award to Mr. Woods, but in this particular case it appears that a Quality Step Increase is more appropriate.

Korea Station wishes to express its appreciation to JAMES S. WOODS for his most diligent performance of duty during his recent TDY here, his highly cooperative attitude and above all, his extreme eagerness to get a job done well and expeditiously.

It was largely with his help that Korea Station was able to screen and process the voluminous material which needed to be handled in order to establish a coordinated and integrated record and file maintenance system.

All Korea Station personnel connected with the work of the TDY Team members were impressed and gratified by the eagerness with which they assisted with details and helped with problems that were outside the responsibilities of their assigned task. Their pleasant manner, apt suggestions, their excellent cooperation and untiring efforts to complete more than the initially estimated workload, all created a most favorable impression which reflects much credit not only on the team members themselves but on the Records Integration Branch as well.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

MEMORANDUM FOR THE RECORD

SUBJECT: Summary of S/W Training and Issuance of Materials.

AGENT : AMLASH/1

PLACE : Paris, France

DATE : 17-22 August 1962

TRAINER: Richard M. Fallucci, TFW C/O.

1. AMLASH/1 was instructed in S/W techniques by the undersigned in a Paris Station safehouse on 17 and 18 August, and was given an S/W review in the final briefing session held in the hotel room of Wallace A. Growery (Madrid Station C/O) on 22 August. Instruction was given in the use of carbon writing system No. 15136 and in the use of liquid developer system No. 56638 . The "scorch" method of development was also demonstrated to A/1 as an alternate system. A total of five hours was devoted to this instruction.

2. A/1, who was recruited a short time prior to coming to Paris, was introduced to the idea of using S/W by the undersigned during discussions held in Copenhagen. Although for security considerations, he was skeptical at first about using such a means of communication, he was without undue effort convinced that any productive relationship depended upon his being able to communicate with his C/O on a regular basis through the medium of S/W letters sent through normal mail channels. It was apparent from his early questions that he was unfamiliar with the principles of S/W and clandestine communications in general. After further talks in Paris with Growery on 16 August, A/1 was fully prepared to accept the concept of S/W communications, and arrangements were made for this instruction to begin the following day.

3. The first training session on 17 August lasted a little more than two hours, and was devoted to an explanation of the S/W system of communication, including careful instruction in the preparation of a letter containing S/W. A/1 also prepared an S/W letter of his own under the supervision of the undersigned. He seemed to grasp readily the principles of the preparation of an S/W

message and experienced only a little difficulty at first in remembering all the steps in sequence necessary for the preparation of an S/W message. He was generally attentive to the instruction given. However, in keeping with his temperment, he was a little impatient during the preparation of the S/W message itself upon the cover letter. At the end of this session, he demonstrated that he remembered the basic steps in a satisfactory manner, particularly considering that it was his first day in S/W instruction.

4. The second period of instruction took place in the same safehouse, lasting about two hours. This session was devoted to a review of the S/W procedures and the preparation by A/1 of another practice S/W letter. Following this, A/1 was instructed in the development of S/W messages, using the liquid developer No. 56638 The scorch system of development was also demonstrated. A/1 was impressed by the simplicity of the liquid developer and the immediate reaction which it produced. The undersigned developed one message; then A/1 was allowed to prepare the developer from its dry pill form and to develop a second practice S/W message for himself. Following the period devoted to S/W development, a general review of S/W communications was held, the basic points apparently being well-fixed in A/1's mind.

5. During the final formal meeting with A/1 on 22 August with Growery and the undersigned participating, the latter gave A/1 a general review of all the S/W procedures which were to be used in his contact with KUBARK. He also was provided with the following items:

- A. Two sheets of S/W carbon paper (No. 15136)
- B. Forty-seven pills of developer (No. 56638)
- C. One tablet of writing paper provided by TSD and known to be compatible with the carbon sheets.
- D. 3 No. 2 pencils of French manufacture.
- E. One ball-point pen with water-resistant ink.
- F. Two accomodation addresses: one in Madrid for regular contact; one in New York City for rapid emergency contact (see attached S/W data sheet).
- G. Appropriate indicators (see S/W data sheet)

It is noted that A/1 did not have a secure accomodation address in PBRUMEN to give us at this time. He was told, however, that it was imperative that he provide one for us by S/W letter within two weeks of his return to PBRUMEN. This he stated he would do.

6. During the last S/W review, A/1 was shown a photograph of one of his practice messages which he had prepared. He was quite interested in seeing this, which served to illustrate a number of the training points which had been covered during previous instruction.

SECRET

Generally, A/1 was an interested pupil and it is believed that he will be able to carry out the instructions in a proper manner. He is quite security conscious, a factor which it is believed, will add to his attempts to seek perfection in his S/W correspondence and in the secure storage of his S/W materials when not in use. It is also known that A/1 practiced his S/W techniques in his hotel room after leaving the 22 August meeting. This is known because he had an additional question to ask us at a brief meeting on 23 August.

7. It should also be noted that the TSD technician who developed A/1's practice letters recommends that for best results, all letters from A/1 be subjected to ammonia fuming before immersion in the developer.

1. With regard to the contents of reference dispatch, which were communicated to the Subject, VAIVADA has no objections and is agreeable to conversion to the career agent category as described therein.

2. VAIVADA requests, however, that the plans already proposed for acquisition of U.S. citizenship by his wife be carried through. He, and the Station, believe that this step will provide him with greater security in non-official cover assignments. In addition, such action will minimize the red tape he must cut each time he has to obtain new visas for himself and family.

RE: CUBAN REVOLUTIONARY COUNCIL
INTERNAL SECURITY - CUBA

The April 9, 1963, issue of the "Miami News" carried an article entitled, "Exiles Say Miro To Quit". This article stated that informed exile sources claim that Dr. JOSE MIRO CARDONA would resign his post as head of the Cuban Revolutionary Council. The article said exile sources gave two possibilities for his resignation. One faction believed that MIRO's recent trip to Washington from which he returned Sunday (April 7) was to pin down the United States Government to a statement of positive policy regarding Cuba. Another school of thought was that the Council head was retiring from his post in protest of Government curbing of hit-and-run raids on the Communist island of Cuba.

The article went on to state that Dr. MIRO's leadership in the Council, aimed at uniting all Cuban exiles, has been burdened by problems since his appointment in March 1961.

On April 10, 1963, MM T-1, a former Cuban business executive, who is employed by the Cuban Revolutionary Council and who is a close personal friend of Dr. MIRO CARDONA, who has furnished some reliable information in the past, advised that an all-night session of the Council was held beginning April 9, and ending at about 6:00 A.M., on April 10, during which time MIRO CARDONA presented his resignation but the Council refused to accept his resignation and MIRO CARDONA was persuaded to remain as President of the Council.

MM T-1 said that MIRO's resignation consisted of a 25-page statement which was in effect an indictment against the administration of President JOHN F. KENNEDY of the United States. In rejecting his resignation, the Council backed up

MIRO but in the interest of both the United States and the Cuban exiles, decided upon a public statement which reads as follows:

"CUBAN REVOLUTIONARY COUNCIL

"The Cuban Revolutionary Council, having studied the report of its President, Dr. Jose Miro Cardona, concerning present relations with the United States Government, agrees:

"1. Not to accept the resignation of Dr. Jose Miro Cardona, and declare its full support for the basic plans contained in his resignation.

"2. To affirm that there is a serious crisis, brought about by the present policy of the government of this country.

"3. To express the Council's hope of overcoming the present crisis and calling upon all of America, including the United States, for moral and material support in their fight to regain their sovereignty and independence, and the strict fulfilment of American treaties and agreements, as well as the joint resolution of the U. S. Congress, calling for effective action against Soviet intervention in America.

"4. To affirm that the Council has always insisted, and still insists, upon the necessity of Cuban participation in the process of liberating Cuba. The only procedure which the Council would accept would be coordination of forces, on a plane of complete respect for national dignity. Cuba will never renounce her legitimate right to be in the first line of combat.

"5. To reaffirm their unshakeable decision to continue the fight against the Soviet-Castro regime, under any circumstances whatsoever.

14-00000

"6. In these difficult times, the Cuban Revolutionary Council urges all Cubans to close ranks to achieve the national unity needed to hasten our march towards Freedom.

MM T-1 explained that when Dr, MIRO CARDONA returned to Miami from a trip to Washington, D. C., on Sunday, where he contacted high government officials, he came away with the feeling that:

1) The United States has no plan to free Cuba of Communism.

2) If the United States ever does formulate any plans, it will do so without consideration for the Cuban exiles in the United States.

3) The United States policy is now one of peaceful co-existence with Communist Cuba.

MM T-1 said that in his opinion, the Cuban exiles are frustrated, confused, losing faith in the United States and there is a growing feeling of abandonment of them by the United States.

The April 10, 1963, issue of the "Miami Herald" carried a headline article entitled, "Miro Resigns as Exile Chief; Raps U. S. Policy". This article stated that MIRO CARDONA resigned because the United States refused to allocate fifty million dollars to train a Cuban invasion force, according

14-00000

to government sources. The article said that exile leaders close to MIRO said he resigned not only because of disagreement with United States policy, "but because he feels Washington does not have any concrete plans to deal with the dictator".

The April 11, 1963, issue of the "Miami Herald" carried an article entitled, "Cuban Exile Council Vows to Continue the Freedom Fight". In this article it was stated that the Cuban Revolutionary Council had vowed to continue its fight against Castro-Communism whether the United States likes it or not. The article said that Dr. MIRO CARDONA denied reports from U. S. Government sources that he offered his resignation to the Council because the United States refused to allocate fifty million dollars to train a Cuban invasion force. The article stated that an informed source said that MIRO decided to quit "because of the change in the U. S. - Cuban policy".

The April 16, 1963, issue of the "Miami Herald" carried an article entitled "JFK Accepts Demand, Fidel Says". This article by the UPI bearing a Havana dateline reported that FIDEL CASTRO told Cubans on Thursday (April 11) that the KENNEDY Administration has accepted one of his five demands for an end to tension in the Caribbean. This article stated that in a one hour and forty minute speech, CASTRO said that Washington in forbidding exiles to carry on further armed attacks on Cuba, has fulfilled one of "five points for peace" advanced by him and endorsed by the Soviet Union. The article then went on to state that FIDEL announced that there are still four conditions to be fulfilled and that acceptance of them is the only sensible thing the KENNEDY Administration can do. One of the five conditions, according to the article, is U. S. evacuation of the big Naval base at Guantanamo.

On the morning of April 15, 1963, Miami radio news broadcasts announced MIRO CARDONA would again offer his resignation to the Council on that same day.

CUBAN REVOLUTIONARY COUNCIL
INTERNAL SECURITY - CUBA

On April 15, 1963, MM T-1 advised that he was positive that MIRO CARDONA did not intend to again tender his resignation on Monday, April 15, 1963, but was contemplating taking that action on the following Thursday, April 18, 1963. MM T-1 said that the Council was meeting on Thursday to take a definite attitude or tough line of action and that it was entirely probable that all of the members of the Council might resign in protest to the present policy of the United States with regard to the Cuban situation. He said that the present feeling of the Council towards the United States is basically "to hell with it".

MM T-1 expressed the personal feeling that U. S. policy towards Cuba is presently in a vacuum and consequently everything is at a standstill. The Cuban exiles in the Miami area feel that the U. S. is abandoning their cause and has now adopted a course of peaceful co-existence with Communist Cuba.

On April 16, 1963, MM T-2, a Cuban exile who has furnished some reliable information in the past and who is associated with fellow Cubans who belong to several different organizations, advised that reaction among the Cuban exiles is "very bad against the United States". He explained that the Cuban exiles allege that President KENNEDY has made promises to help them in their fight against CASTRO but is now opposing them and consequently they feel that the U. S. is now committed to a policy of peaceful co-existence with Communist Cuba. The Cuban exiles are fearful as to the future, confused as to why the U. S. has changed its policy and the exiles feel that they have been abandoned in their fight.

SUBJECT: THE LEE HARVEY OSWALD CASE #351164

1. According to a newspaper column of "Allen and Scott" in the Chicago American of 6 December 1963, on the OSWALD Case, Abram CHAYES, Legal Officer of the State Department, was one of two persons immediately responsible for OSWALD's being permitted to return to the United States from the Soviet Union in June 1962. The other individual named was Llewellyn THOMPSON, the then Ambassador to Russia. Another said to have been involved in the handling of OSWALD's case was Samuel WISE, Counsel of the American Embassy in Moscow.

2. Abram CHAYES, #352234, who as of 16 February 1961 was described as "the new Counsel in State", was granted Security approval for liaison contact with J. Foster COLLINS (in the office of the Chief of the Covert Action Staff) on 6 March 1961. The request for CHAYES' clearance was a "Blanket" request to permit discussion with him of NSC 5412/2 matters on a need-to-know basis.

3. In September 1961 there was a White House namecheck request on CHAYES' wife Antonia (Toni) Leigh CHAYES, nee: HANDLER.

4. In March 1962, CHAYES was granted a renewal of his liaison contact clearance with C/CA on a continuing basis. This time his contact was Archibald ROOSEVELT, Jr.

5. On 10 February 1962, HUMAN EVENTS reported as follows with reference to CHAYES:

> "SOFT ON COMMUNISM: Representative Francis E. Walter (R.-Pa.), Chairman of the House Committee on Un-American Activities, has scored the new State Department regulations on passports, claiming they would allow Reds denied passports to "rifle freely the confidential files of the FBI, the CIA and other investigative agencies." The man behind the new regulations, which Walter claims violate the Internal Security Act of 1950, is reportedly State's chief legal officer, Abram Chayes. Chayes, a Kennedy appointee, is an ex-Harvard professor who was Chester Bowles' top legal adviser when Bowles was Governor of Connecticut. Walter has introduced legislation to remedy the new passport regulations."

6. Samuel WISE, "Counsel in the American Embassy in Moscow" who is referred to above, may well be Samuel Griffin WISE Jr., #74574, SD & SSD, who apparently was once a contract employee on [illegible] /The State Department reviewed WISE's file on 2 June 1954; and as of September 1962 a Samuel G. WISE was Second Secretary of the American Embassy in Moscow. At that time WISE advised in a cable to the State Department that it appeared that Bruce Frederick DAVIS, #352267, who defected from the United States Army in Germany on 18 August 1960, had not expatriated himself. DAVIS' case is very similar to that of OSWALD; and he, like OSWALD, lived in the Soviet Union for two years after his defection and prior to making application for return to the United States./

7. WISE was an applicant for CIA employment in early 1953 and was security approved subject to polygraph on 11 August 1953. He did not enter on duty and in September 1953 the office which had been interested in him was "no longer interested". On 13 November 1953, WISE was granted a CSA to permit his use as a contract employee on [illegible] in New York City. His CSA was cancelled on 24 March 1958.

8. WISE was named as a friend of William Orville MUNSELL, #61693-DL, during an investigation of the latter for possible CIA employment in 1952. WISE, according to MUNSELL's landlady and social acquaintance in Washington, D.C. during the period of about a year which ended in April 1952, was the only person she knew by name with whom MUNSELL was friendly. According to the informant, WISE was a student at Columbia University whose address was 423 Furnald Hall. MUNSELL was Security disapproved for CIA employment in June 1952 because of his close association on a professional and social basis, while attending Denver University from 1946 to 1951, with persons of questionable loyality. In November 1954, MUNSELL was of interest to project [illegible] with reference to assignment to Dhahran, Saudi Arabia; however, the interested office withdrew their request on him, after Security advised of the derogatory information regarding him.

9. WISE from 1951 to 1954 attended Scarsdale High School in Scarsdale, New York, which was attacked by a Citizen's Group, which alleged Communist influence in the school system. He had several questionable associates in addition to MUNSELL.

with a limited number of people. We believe the direction of the station is of high caliber, but not all the station effort is carefully directed at priority targets. Under current personnel ceilings, there is little hope of increasing the manpower available for this critical effort. Thus, both Headquarters and the station must carefully place emphasis on assignment of priorities and upon selective execution of the activities to meet those priorities.

It has high-level liaison operations, unilateral operations, joint operations with the host government, and Soviet, Satellite, Cuban, and indigenous Communist Party operations. It has local collaborative liaison with other U.S. agencies: the State Department, the Federal Bureau of Investigation, the Immigration and Naturalization Service and the military. To accomplish this wide range of tasks, the station is organized into the Soviet Branch, Cuban Branch, Satellite Branch, Covert Action Branch, Communist Party Branch, and an operational catch-all which is called the "Operational Support Branch." This latter branch is headed by a senior operations officer who has two assistants, but the branch in reality is an extension of the chief of station's personal clandestine capabilities, giving force and effect to that facet of the chief of station's personality as an operator. The deputy chief of station, in addition to his administrative duties, also personally handles the operations of three projects.

Cuban Operations

6. Mexico City is the only direct air link which Cuba has with the Western Hemisphere. It is the major transit point for all air travel to and from Cuba. Approximately 150 persons per week travel each way to and from Havana via Mexico City. This fact plays a prime role in shaping the station's operational activities. For example, over 70 per cent of the station's FI reporting on Cuban activities in the past year dealt with travel, both Cuban and non-Cuban, between Mexico City and Havana.

[Significant]

98

7. The station has no agents reporting from in place in Cuba. Two operations have had problems in loss of communications, but have some promise of future success. One agent, a Cuban refugee

13-00000

now working in Mexico City, had recruited three sub-agents before leaving Cuba but his channel of communications with them has been severed. Another station agent is in a good position in Cuba to obtain intelligence from foreign telephone communications. The station will attempt to re-establish contact with him through a legal traveler to Cuba. The station has a number of sources with access to Cuba in third country nationals who are debriefed each time they return to Mexico City from Cuba. Best of these is a Western European who was the source of some 15 disseminated intelligence reports last year. He travels to Cuba four or five times a year and is contacted by a station case officer after each visit. An operation, presently under development, is aimed at exploiting the presence of a religious order. A recruited agent will be in the high levels of the Mission. It is expected that the Mission will have secure communications facilities as is the case in other countries. Primary control, however, will be maintained by Mexico City Station through contact with the agent each time he travels to Mexico City from Havana.

98

9. A major objective of station operations is the recruitment of personnel in the Cuban Embassy. There are about 20 Cubans on the embassy staff of whom [six] are believed to be members of the Cuban Intelligence Service. As with operations directed against the Soviet Embassy, [heavy reliance] is placed upon surveillance through telephone, photo, physical, and audio operations as well as on access agents. The effort has been rewarded [with some success albeit limited. One official has been recruited, but his value is generally low due to lack of access to information of prime importance and to a reluctance to accept operational assignments. A Mexican woman employee in the embassy is also a station agent, but she has no access to classified documents and provides only meager information.] A recruitment pitch to another officer [was unsuccessful and he was subsequently recalled to Cuba.] Through station efforts a "hot mike" was successfully placed in a key office. Unfortunately, the target officer moved, and his old office is now being occupied by an officer of lesser potential, [who is the supervisor of the recruited officer.] This audio device is at the moment of little value except to provide an excellent check of the [agent's] activities.

24 24 24 08 08

10. As might be expected, Mexico City has a constant stream of refugees from Cuba, estimated at about 350 per month. Through an American contract agent the station runs the Cuban Refugee Reception and Orientation Center which screens refugees for possible

98

DM/8

operational leads and debriefs those with information of intelligence value. Heretofore this project has suffered from lack of adequate facilities and trained personnel. Only 29 positive intelligence reports were disseminated by Headquarters during the past year. It is planned to correct these deficiencies and expand capabilities to the end that the intelligence product will be improved and the operational leads increased. An experienced officer from the JMWAVE refugee center has been detailed to the station to assist in training the personnel there.

98

11. The station's Cuban case officers must devote a substantial effort to responding to requests for support from other stations, chiefly JMWAVE, with involvement in Cuban operations. Approximately 47 per cent of the station's cable traffic is concerned with Cuban operations. This volume alone is testimony to the relative effort which must be devoted to the support of Cuban operations originating in other CIA stations. The Cuban case officers in Mexico City feel that the requirements to keep abreast of day to day activities and to handle the volume of paper left insufficient time for planning and development of an effective station operational program.

24

12. Operations are being conducted against the Cuban Embassy, and the results, while limited, are as satisfactory as may be expected in view of the target. Given Mexico City's strategic location astride the only direct air link to Cuba, more success should be achieved in recruiting agents in place in Cuba. This target has been assigned as Priority 1 to many Latin American countries and, if it is to be achieved at all, it is logical to expect that it will be done in Mexico City. To the extent possible, the Cuban case officers should be freed from the excessive support to other stations so they can concentrate on this target. The Chief, WH Division, should direct other stations to carefully screen Cuban requirements on Mexico City, with a view toward reduction of such requirements.

It is recommended that: No. 67

The Chief, WH Division:

evidence that the ambassador would strongly object to Agency support for IISE propaganda activities. In addition, of a total annual budget of $16,000, $6,000 goes for the salary of a U.S. businessman cutout (LIHUFF-1) while $6,000 goes to the support of MURO and $4,000 to support other activities of the IISE. This is an inordinately high sum for the services of a cutout in proportion to the total cost of the proposed project. These points, taken together, constitute a valid basis for terminating operations in connection with LIHUFF.

<u>It is recommended that:</u> No. 70

The Chief, WH Division, disapprove the proposal of Chief of Station, Mexico, for Project LIHUFF and direct him to terminate operations in connection therewith.

98

18. The station has a highly successful project directed at the rural and peasant targets. The principal agent is a Catholic priest through whose efforts an extensive network of regional organizations have been established including youth groups, credit unions, agricultural co-ops and peasant unions. Some 26 regional centers of the Mexican Institute for Social Studies, a project mechanism, have been set up and 12,000 people were enrolled in special training courses during the year. This operation is now largely self-sufficient but the station should continue to give it support and direction. The project shows promise of expanding into Guatemala where the Archbishop of Guatemala has asked for assistance and training to set up a similar organization. In view of the present lack of Agency-sponsored peasant projects in Guatemala, every effort should be made to exploit this possibility.

<u>It is recommended that:</u> No. 71

The Chief, WH Division, expand Project LINOODLE to include assistance in establishing a similar covert action project targeted on peasant groups in Guatemala.

<u>Soviet Operations</u>

19. Mexico is one of the four Latin American countries which maintain diplomatic relations with the Soviet Union thereby permitting the establishment of diplomatic installations in these

DM/1

13-00000

countries. Because of the relative ineffectiveness of the Mexican police and security services, Soviet activities in Mexico are not subjected to the same scrutiny as they are in the U.S. by the FBI and in Canada by the Royal Canadian Mounted Police. Soviet personnel in Mexico thus have a freedom of movement which facilitates the conduct of clandestine operations targeted not only against the U.S. but also against other Latin American countries where there is no Soviet official presence. In addition, Mexico's long border with the U.S. has only minimum guards. Travel between the U.S. and Mexico is heavy and clandestine border crossing can be relatively simple. The Soviet Embassy in Mexico City, therefore, assumes more than the usual interest normally attached to similar Soviet installations as targets for U.S. intelligence.

20. Soviet operations conducted by the station are directed primarily at the personnel of the embassy. At the present time, there are fifty-one officers attached to the embassy of whom thirty-three have been identified as members of either the KGB or the GRU. It may be assumed that dependents and nonintelligence personnel, by performing various support functions, swell the total of those engaged in intelligence assignments. In its operations against the Soviets, the station is heavily dependent upon technical collection through telephone taps, photographic coverage of the embassy, physical surveillance, and hidden microphones. These operations produce masses of information daily on the activities of the Soviet personnel, such as telephone conversations with persons outside the embassy, complete photographic records of the coming and going of all persons--Soviet and non-Soviet--at the embassy, contacts of embassy personnel outside the embassy, etc. Because of the strict security indoctrination of Soviet overseas personnel, the bulk of this information is low-level and not disseminable as positive intelligence. Its chief value, aside from occasional items of intelligence interest or operational import, derives from its compilation in depth to reveal patterns of activities and contacts, indicative of intelligence missions or associations, and to disclose behaviorial characteristics of individual Soviets which might be symptomatic of a vulnerability to recruitment. By analyzing this material over a period of time, the station has identified Soviet officers in the KGB and GRU, and gained an insight into their modus operandi in executing intelligence assignments. This in itself is of value from a counterintelligence point of view even though exploitation against Soviets has been limited. Also, by collating the mass of collected data into personality reports on persons attached to the Embassy, the station hopes to be able to detect, foster, and eventually exploit any vulnerability to recruitment or detection--the

13-00000

number one priority of Soviet operations here as elsewhere in the world.

21. The station is seeking to supplement its collection through technical means with a program to acquire at least one access agent for each member of the Soviet Embassy staff. These access agents serve two purposes: first, they provide additional information on the activities and personalities of those with whom they are in contact; and second, they afford a channel for "getting at" a Soviet individual should it be found advantageous to bring some sort of recruitment pressure to bear on him. Consideration is now being given by the station to expanding the effort to recruit Mexican nationals who are known, through technical collection sources, to have been in touch with the Soviets on intelligence missions and to work through them to develop information on Soviet clandestine activities. Additional case officer strength will be needed if this approach is to be effective.

22. The station currently has six double-agent operations. Like most such cases they move slowly. The chief purpose in running these operations is to direct the agents into the U.S. where, in cooperation with the FBI, they might be used to identify Soviet illegals. Three of these double agents have all received intelligence assignments from the Soviets of an as yet undefined nature in the U.S. Another appears destined for some Soviet assignment in the Philippines. Since the Soviets have no official representation in the Philippines, it is hoped that this agent may be put in touch with illegals. Still another is considered a poor double agent operation by the station, but shows some promise of developing into a penetration of the Mexican Foreign Ministry. The sixth is rated very low as a station operation, and is being continued only at the specific request of the U.S. Army. The station's technical collection assets provide a useful means for checking these double agents in their contacts with the Soviets.

23. To evaluate properly the Soviet operations at Mexico City, which rely heavily on expensive technical collection devices would involve a basic assessment of the whole concept of Soviet operations, which is beyond the scope of this report. Despite the exploitation of material collected by technical means for over ten years at the station, the primary objective of recruiting a Soviet national has not been achieved. Although the station's knowledge of Soviet intelligence activities centered about the embassy in Mexico City has been greatly widened, it has led to little positive

24

action to counter these activities as they might affect U.S. interests. While all the U.S.S.R. diplomatic missions are targets of vital importance for U.S. intelligence, the Soviet Embassy in Mexico City has special significance because of its proximity to the U.S. The Mexico City Station has attacked this target with determination and imagination. The Chief, SR Division, and his principal officers have commended highly the Soviet operations in Mexico City Station. The failure thus far to achieve the major objectives is testimony more to the impregnability of the target than to a lack of resourcefulness in attacking it. Thus, we believe that until some new methods, offering greater promise of ultimate success are developed, the present mode of attack should be continued at the present level. 24 24 24

24. Probably the most significant contribution which the station's operations against the Soviets in Mexico City has made to the U.S. security has been peripheral to the Agency's mission there. The embassy has long been a magnet for disaffected Americans who want for one reason or another to establish contact with the Soviets. Through its technical coverage of the Soviet Embassy, the station has been able to spot and, through subsequent action, to thwart a number of such Americans, several of whom might have done untold damage to U.S. interests had they not been apprehended. In this respect, the station works closely with the FBI. The Warren Commission's report on the assassination of President Kennedy made reference to information collected by station assets in connection with Oswald's activities in Mexico City. 08 24 24

98

Satellite Operations

25. The Satellite Branch, which is staffed by EE Division personnel, has been diverting much of its recent time from its EE targets to a Communist-Chinese presence in Mexico City. Although there is no official government representation by the Peking regime, the New China News Agency (NCNA) has several people in Mexico City. At least three of these individuals have been identified as CHICOM intelligence officers. Project STPESO is an audio operation against three rooms of their offices, and their telephone lines are tapped under the LIFEAT Project. Some of their mail has been examined through the LIKAYAK Project. The raw results of these operations have been forwarded back to Headquarters. The Mexico City Station has no capability for the translation of the material. As of the time of the inspection, the station had heard nothing from Headquarters

13-00000

responsible to control from the female operations officer who has recently been transferred to LILINK control. It is possible that this operation will be transferred to a covert action project, where some improvement is expected.

98

41. The station has a unilateral physical surveillance team, five of whom have been on the team for more than three years. Only one case of trouble has shown up in this project. One agent had to be terminated because he talked too much and tried to blackmail his case officer. The use of the polygraph has been most effective in control of this team, which has been generally effective.

Technical Operations

42. The station is heavily committed in the technical field with a large audio operation run jointly with the Mexican Government (LIENVOY), as well as a unilateral audio operation (LIFEAT). The station has been imaginative in approaches to problems and willing to examine and experiment with the unusual. An example of this is the communications link between the station and the principal agent of LILINK, which will be discussed later. 24 24 24

43. The LIENVOY operation, previously mentioned in connection with Soviet operations, resulted from an approach six years ago from President Lopez Mateos. After considerable discussions, the operation was approved, providing the Mexican Government would include Soviet and Satellite targets, and such other communist targets as were obvious to the Mexican Government to be of concern to the United States. This project is manned by selected Mexican Army personnel, who are carefully screened and paid high incentive wages, reducing their vulnerability to bribery. Other privileges add to the high esprit de corps essential to such an operation. The unit is managed by a career agent who transmits the take regularly to the station by clandestine means. This project has been fruitful in intelligence reports and has been of value in operational leads and in CE/CI information. The project also has a visual surveillance and a photo-surveillance capability. It was this project which provided data on the actions of Lee Harvey Oswald in his famous visit to Mexico City. 24 29, 24 29 24 08 24

44. Obviously, the station cannot be content to have the Mexican Government knowledgeable of all its anti-communist operations. Therefore, the station has continued its unilateral audio

Organization for Administration

56. As in his direction of operations, the chief of station maintains a close personal hold upon the administrative life of his station. Such delegation as he makes does not include the granting of usual authority to a subordinate. For example, although the deputy has been delegated authority over the Registry, which will be discussed in detail later, in reality the chief continues daily activities which have a marked effect on the Registry. The station has a small, hard-working support section, handling financial and property matters, and the usual fine communications section.

57. Morale and health were generally good, although for a city as modern as Mexico there is an unusual amount of abdominal disorder known in Mexico City as "Montezuma's Revenge." The embassy furnishes adequate medicines, and medicines are available on the open market, although not always to be trusted. One incident was recently uncovered in which sulfur was capsuled and sold as an antibiotic. Medical facilities have recently been improved by the opening of a new hospital which meets United States standards. Physicians and surgeons are well trained and quite competent. Insofar as social life is concerned, morale in the station was excellent. Mexico City offers some of the finest social activities in the world, from honky-tonk to opera. There is local television, radio, and a great interest in music. There is a great deal of outdoor activity available--swimming, tennis, golf, exploration of ruins, and vast city parks. Some sports activities are comparatively expensive. Membership in country clubs is prohibitive except for persons on the diplomatic list.

58. One of the principal administrative problems facing the Chief of Station, Mexico City, is his Registry. The Registry handles the station files which are more complete than in any other station in the WH Division. There are more than 9,000 personality files and a vast accumulation of 3x5 card files (mostly biographic) which continue to increase at the rate of 23 linear inches per month. The station's present level of activity precludes any reduction in the card index file, but aperture cards

are assisting in some reduction of the personality files. The Registry also handles the pouching. This task is also the largest in the WH Division, particularly in lateral pouching. On one occasion, at Headquarters' request, Mexico City handled the lateral pouching to 35 stations and bases of one document.

24

59. The problems of the Registry are compounded by the lack of training provided personnel assigned to the Registry. Personnel problems in the Registry are many and diversified. First of all, with the limited number of personnel and the great burden of work, a large amount of overtime has been required. Secondly, it has been difficult to get people to accept an assignment to the Mexico City Registry because the tasks are dull, tedious, and infinitely demanding of the individuals' time. The morale in this section was poor. We made several recommendations to the chief of station pointing out to him a conscientious effort must be made by all members of the station to reduce the workload in the Registry. In this connection, we suggested that individual case officers accept the responsibility for periodic cleaning of files which they used, and of which they have the most intimate knowledge. We further recommended that maximum discrimination be used in determining material which should be filed and that wherever possible the sheer bulk of the filing be reduced. We further recommended that overtime be made voluntarily whenever possible, but that in any event personnel be provided with a full weekend off from time to time.

98

60. The chief of the Registry is the only senior person assigned to the Registry and has no deputy or other person competent to take his place during his temporary absence. The chief at the time of our inspection had taken very little time off, including weekends in the two years of his tour. We feel that one of the positions in the Registry should be re-evaluated for possible upgrading to includes the duties of deputy chief of Registry.

<u>It is recommended that:</u> No. 78

The Chief, WH Division, request the Director of Personnel to conduct a review of the function of Deputy Chief, Registry, Mexico City Station, to determine whether or not such a position should be established in an appropriate grade.

DM/2

13-00000

61. We found the Registry to be a controversial matter between Headquarters and the chief of station. The newly assigned deputy chief of station, who primarily had supervisory responsibility over the chief of Registry, was making a determined effort to reduce the workload in the Registry and to seek means of relying upon Headquarters' files rather than station files. We were told that on several occasions, Headquarters had reached the point of demanding that Mexico City reduce its Registry to a size comparable to other stations. Each time such a decision was reached, there would be a concurrent flap which would prove the value of Mexico City's ability to instantly retrieve information from their files. One of the most noteworthy of such flaps took place in November 1963, when Mexico City's files brought forth detailed information on Lee Harvey Oswald's visits to the Cuban and Soviet Embassies in Mexico City.

62. The nature of Mexico City's operations, particularly its technical operations LIENVOY and LIFEAT produce [voluminous files.] 24 Until some system is devised for this [information] 24 to be quickly 24 [digested and retrieved] in Headquarters, we believe that there is no alternative to the present system Mexico City is employing. However, we believe that a determined effort must be in Headquarters for [processing and retrieval of] 24 such information.

It is recommended that: No. 79

> The Chief, WH Division, in collaboration with the Chief, Records Integration Division, devise a system for reducing the volume of files held in Mexico City, while maintaining a capability for rapid retrieval from Headquarters of information essential to present and future operations in Mexico.

98

63. Mexico City is one of the great metropolises of the world and the booming economy of Mexico is reflected in its housing. It is difficult to find housing which compares exactly with United States housing because the Spanish tradition of servants' quarters, large space, and grand entertainment are a basic way of life. However, in such a great city, there is naturally a large selection of housing within this limitation. There are good apartments, but such apartments usually are more expensive than allowances will permit for single occupancy. Housing for officers and families is generally quite good, not plentiful, but with prudent selection, adequate housing can be found within reasonable range of the

Moscow has given rather standard treatment to the OAS meeting which heard the Venezuelan Government charge Castro with illegal arms shipments. On 4 December, TASS correspondent Leonid Shokin reported that "the weavers of plots against revolutionary Cuba are still at it...accusing it of delivery of arms to Venezuela for 'subversive purposes'." Shokin found "certain US circles are the most interested in this, as is evident from the fact that representatives of the US State Department declared at the meeting that the United States would 'firmly support' additional economic and diplomatic sanctions by the OAS against Cuba." He thought it unexceptional that "these provocative attempts were not supported by the largest Latin American countries" and warned that "such attempts to interfere in Cuban internal affairs are fraught with extremely harmful consequences for the cause of peace." (CIA/FBIS, Moscow, 4 December, UNCLASSIFIED)

CUBAN INTERNAL SITUATION:

Several weeks ago there were CAS reports that the storm-tossed peasants of Oriente looked on Hurricane Flora as the vengeance of God--a God, who in the tradition of the Old Testament's stern and sometimes vengeful Jehovah, had loosed his fury on a people first seduced and now impressed by an alien regime. Now a report from the US Naval Base at Guantanamo Bay provides yet another insight into the frame of mind of the Cuban populace. While the incidents pictured in this report do not necessarily reflect anything other than a combination of religious fervor and superstition, they are significant to the extent that they reflect the unrest--and, perhaps a growing feeling of hopelessness and despair--current among the Cubans.

In any case, there are prevalent locally tales of St. Barbara's appearing several times to prophesy a change in the regime or admonish errant youths to mend their ways. /Barbara, virgin daughter of the heathen Diosorus, was beheaded by her father near Heliopolis in 235 A.D. for embracing Christianity. A fearful thunderclap is alleged to have greeted her execution. Symbolized by a windmill-like tower with three windows, the type of fortress in which her father was wont to confine her while he was absent from home, Barbara is the patroness of artillerymen and miners.

7/N

CUBAN INTERNAL SITUATION - cont'd

/In the Church's calendar, her feast is marked on 4 December. Apart from her significance in the Christian ritual, Barbara figures prominently in a neo-pagan cult known as the Santeria. Devotees of Santeria regard themselves as Catholics and believe that the names of the Catholic saints are translations into Spanish of the Nigerian names of African gods. Catholicism is viewed as the Spanish tribal version of Santeria. The association between Catholicism and Santeria is based on a largely superficial similarity between Catholic saints and the pantheon of African spirit gods. Saint Barbara is thought to be Shango, the God of War./

According to one of these tales, a woman dressed in martyr's red stopped a bus outside Guantanamo City on 25 November, stepped inside and berated the Castro regime. The woman is alleged to have said that the Cuban people could not live forever in such misery and to have predicted that Castro would be taken from them sometime between 4 and 7 December. A militiaman passenger told her that she would be arrested when the bus arrived in the city. When it had, she'd disappeared. Continuing on to Caimanera, the bus stopped in the town square with the same woman sitting on one of the seats inside the vehicle. The militia again was summoned and again the woman was nowhere to be seen.

On 26 November the same woman allegedly appeared outside a school in Caimanera and admonished several children not to thrown stones at a nearby shack. The children fled into the school and the woman followed. Challenged by a teacher, the woman said she was Santa Barbara and vanished. The next day neither the teacher nor the children would return to the school, though it subsequently has been reopened. (COMNAVBASE GTMO, 01731/T1/JFK/3, 4 December, CONFIDENTIAL)

Fidel Castro was "frightened, if not terrified," by the possible consequences of President Kennedy's murder, according to the Portuguese ambassador in Havana. Cabling his government on 27 November, the Portuguese diplomat described what he called "a large movement of troops" late on the afternoon of the President's death--"they were sent to take up positions around Havana and the northern coast of the island." He found it surprising that Castro "jumped into the arena to denounce insinuations which were merely from news and nongovernmental agencies," but added that "it is the general opinion in diplomatic circles that the assassination will be the spring which will unleash passions and violent and blind hysteria of the American people against Cuba and Russia and provide the excuse which up to now was lacking.... There is talk again about the coincidence of rumors concerning a crisis at the end of the year...." Finally, the ambassador noted that "the assassination did not cause a great deal of consternation in counterrevolutionary circles in the interior." CUBAN ECONOMIC DEVELOPMENT:

Carlos Rafael Rodriguez, minister of INRA, has expressed serious dissatisfaction with Cuba's current agricultural situation and revealed that he disagrees with Castro's emphasis on "ultimate aims" in place of current "tactics." In a long talk with the British ambassador in early November, Rodriguez agreed "with surprising enthusiasm" that the two main problems facing Cuban agriculture were the lack of competent personnel to run the appropriated farms, and the lack of consumer goods which are necessary to stimulate production, especially by the remaining private farmers. Rodriguez had advised Castro that there were not sufficient agricultural experts to run the state farms which had been previously organized, and he had counseled against taking over medium-size farms (as the Second Agrarian Reform Law did) until sufficiently trained and experienced personnel were available; he commented on Soviet complaints about the low educational level of Cubans sent to the USSR for agricultural training. Rodriguez said that despite his advice, Castro had gone ahead with the Second Agrarian Reform Law for two "political" reasons: to push ahead with the progress of Cuba's Socialist economy, and to destroy the support for counterrevolutionaries which Castro believed existed among the "rural bourgeois." Rodriguez thought it ironical that US pressure on Cuba (presumably he meant aid to counterrevolutionaries) had forced Cuba to seize lands faster than it would otherwise have done. He also stated his belief that the seizure of medium-size farms would lead to a drop for several years in many branches of Cuban agriculture, particularly in market gardening and dairy farming.

Rodriguez also agreed with the British ambassador that the second problem facing Cuban agriculture was the lack of consumer goods which were necessary to stimulate production. However, Rodriguez said that Cuba was in a vicious circle: farmers did not have incentive to produce because there were few consumer goods available, yet such goods could not be obtained until farm production had been raised. Rodriguez' main concern seemed to be the scarcity of many consumer goods; in fact, he admitted that he was willing to undertake temporary expediencies which might help raise production, even though they might be "doctrinally unwelcome." Rodriguez referred the ambassador to Lenin's New Economic Policy, and made no attempt to disguise his disagreement with Castro's insistence on "ultimate aims" instead of current "tactics." In a probe of the place by air, land, and sea, nothing more than some footprints were observed."
